- [57] **CLAIM**
The ornamental design for a condensate collection and removal device for pressurized air supply such as used for operating vehicular air brakes, substantially as shown.

DESCRIPTION

FIG. 1 is a perspective view of the condensate collection and removal device for pressurized air supply such as used for operating vehicular air brakes according to our new design;
FIG. 2 is a left side view in elevation thereof;
FIG. 3 is a front view in elevation thereof;
FIG. 4 is a right side view in elevation thereof;
FIG. 5 is a top plan view thereof;
FIG. 6 is a bottom plan view thereof.
