[57] CLAIM

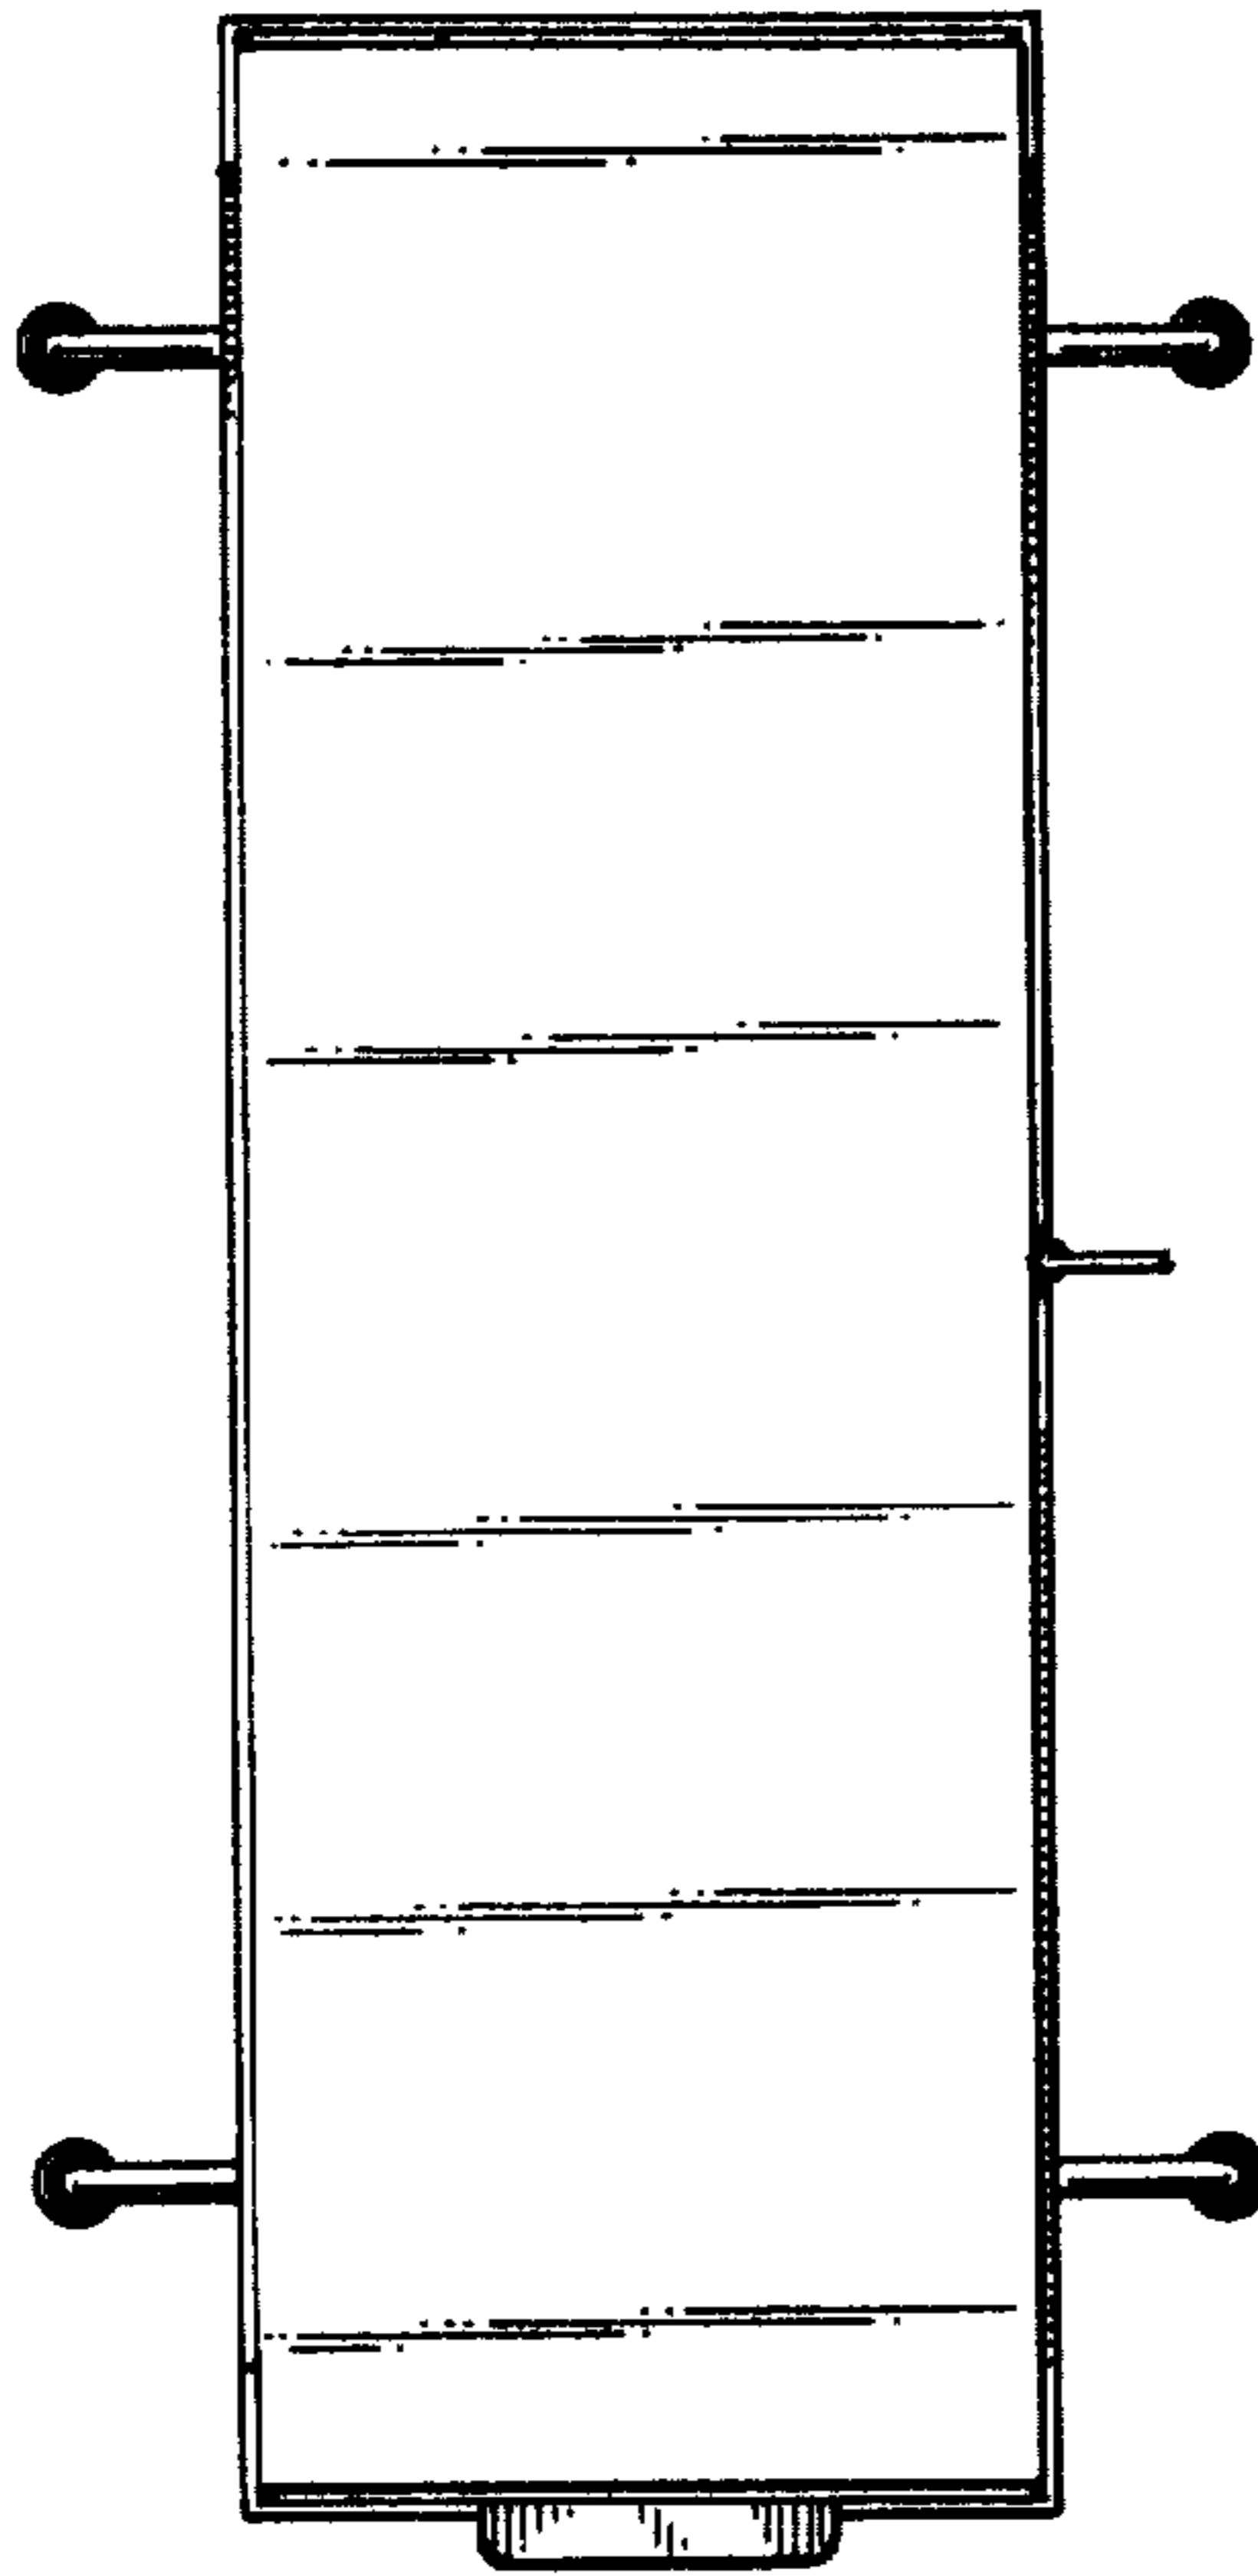

The ornamental design for an exposure unit for lithographic plates, substantially as shown and described.

DESCRIPTION

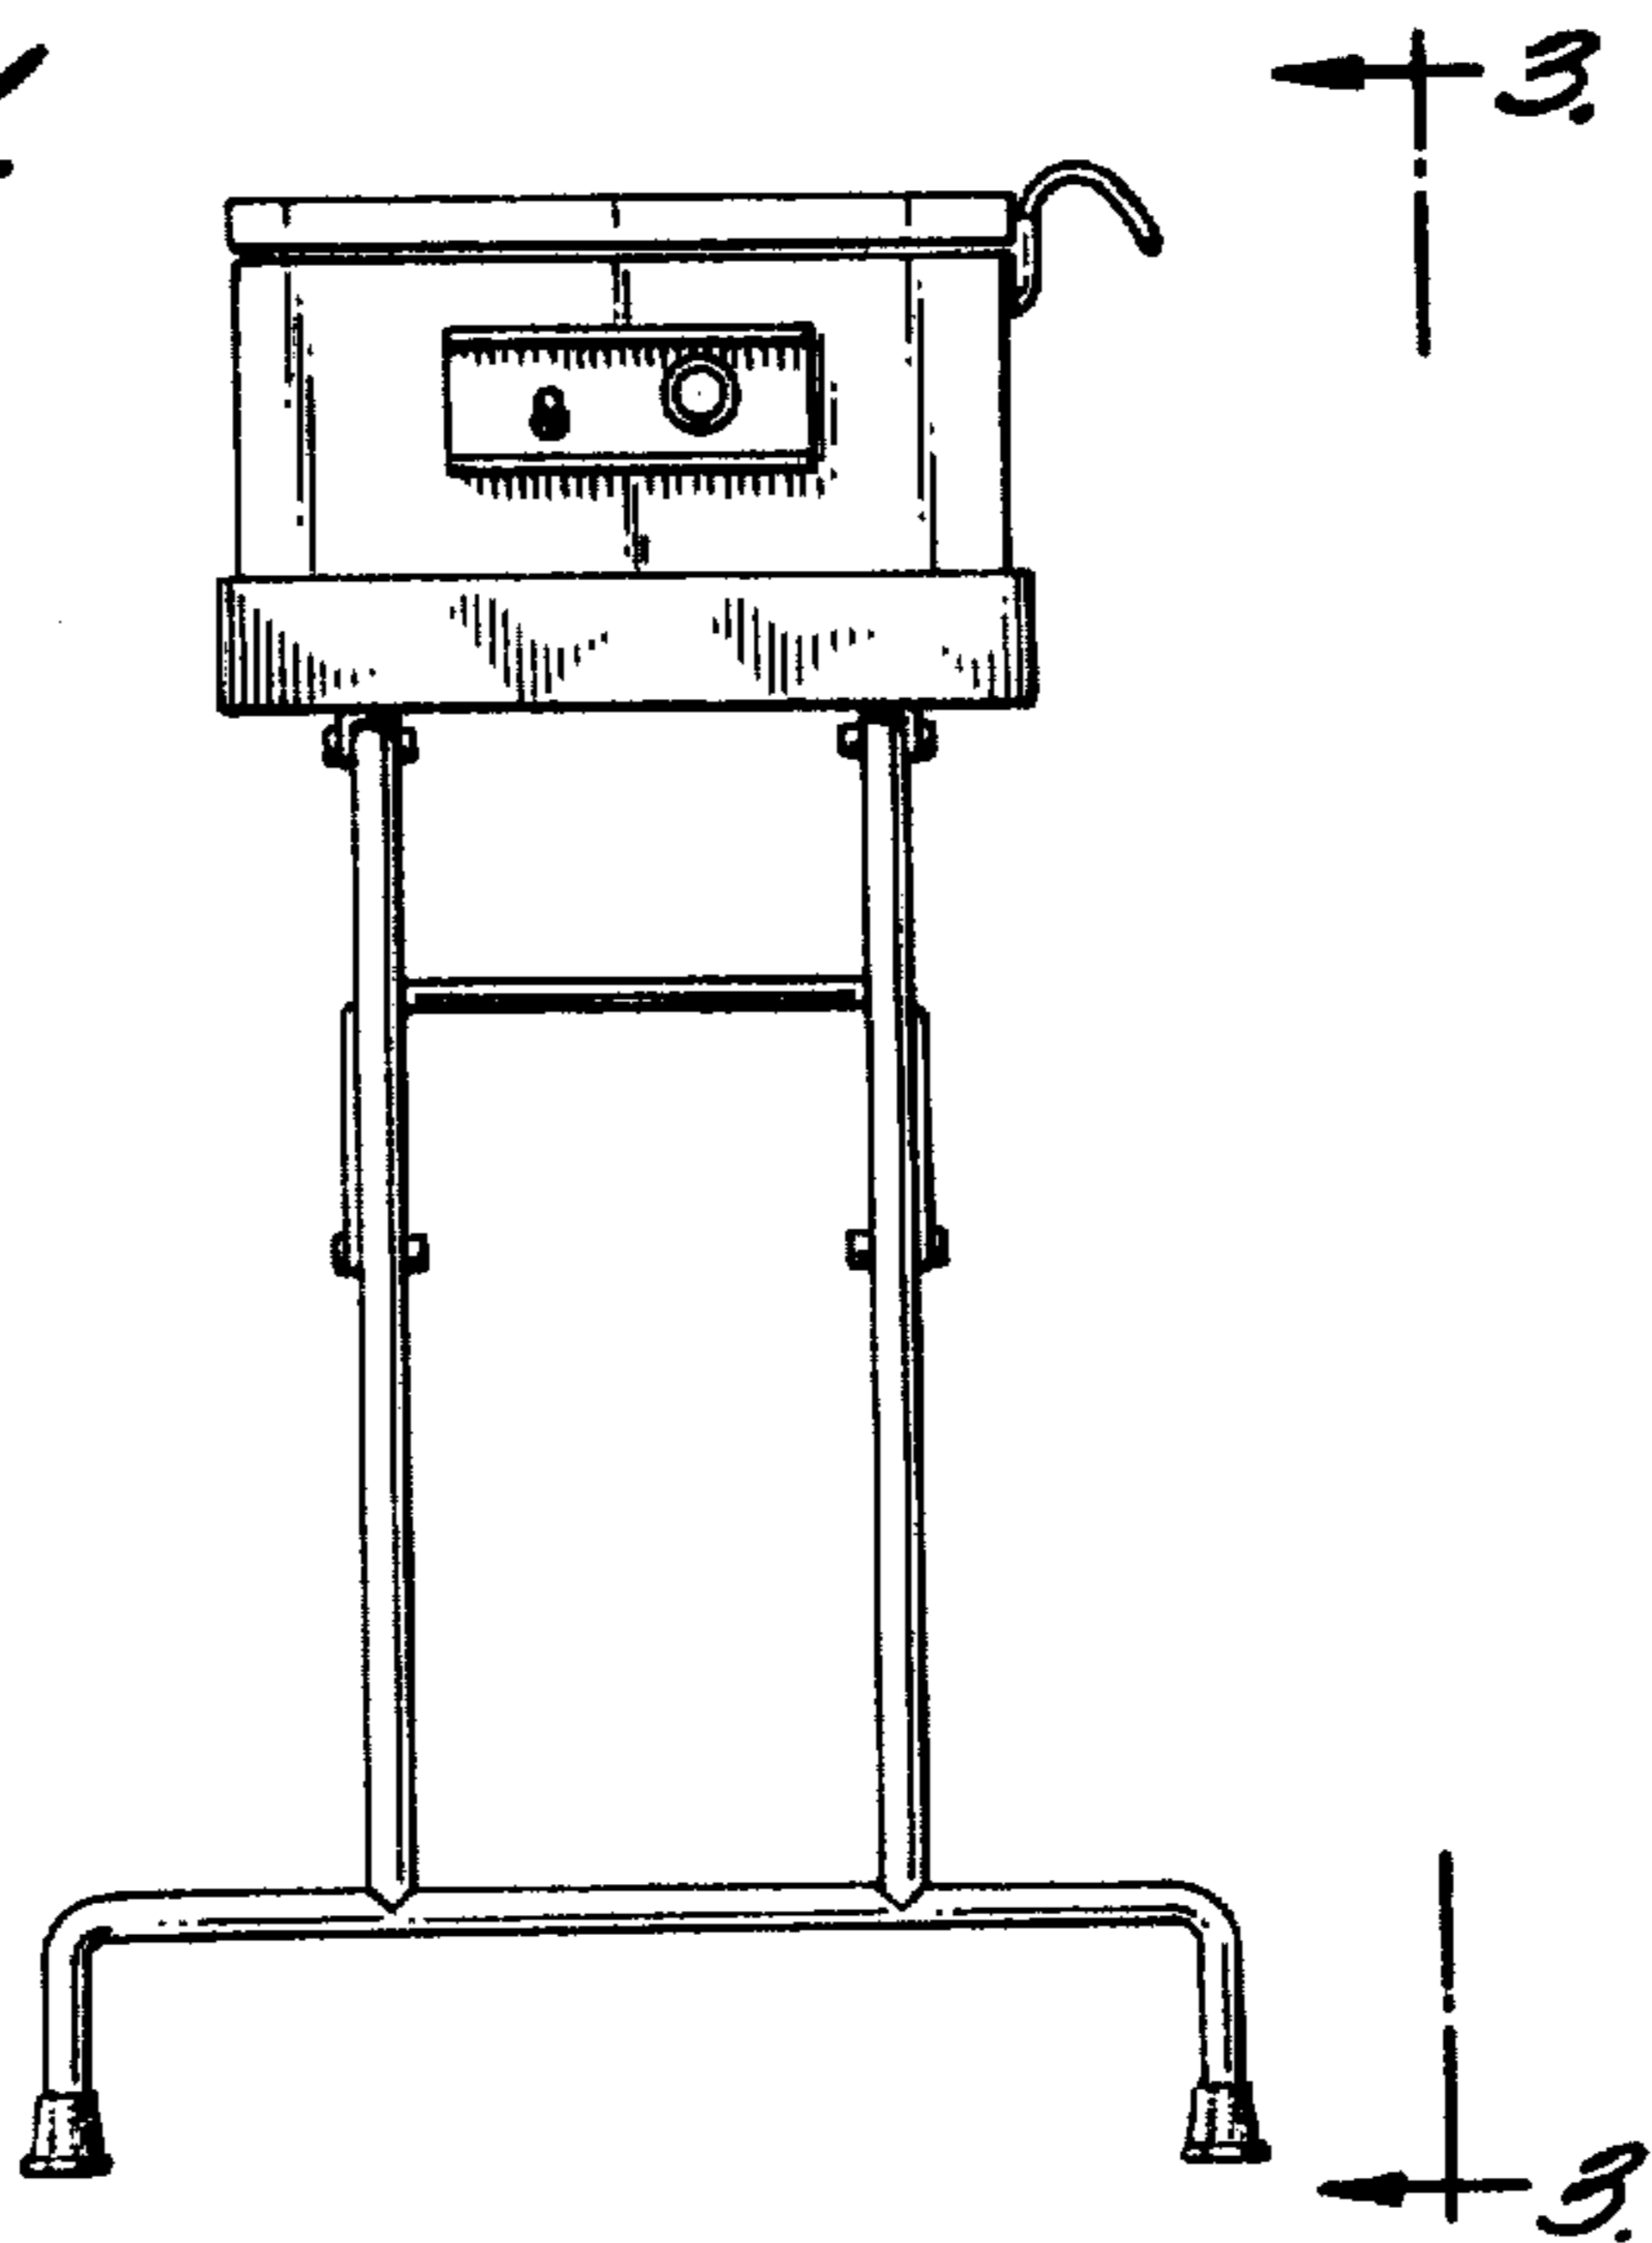

FIG. 1 is a front elevational view of an exposure unit for lithographic plates showing my new design, the rear being a mirror image but without the control panel;  
 FIG. 2 is a top plan view thereof;  
 FIG. 3 is a right side elevational view thereof, the left side being a mirror image but without the electrical cord;  
 FIG. 4 is a bottom plan view thereof.
