[57] **CLAIM**

The ornamental design for a radio control unit, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a radio control unit showing our new design;  
FIG. 2 is a top plan view;  
FIG. 3 is a left side elevational view;  
FIG. 4 is a sectional view taken along line 4-4 in FIG. 1; and  
FIG. 5 is a front, top and right side perspective view. The broken line structure forms no part of the claimed design and is included for illustrative purposes only.
