Kaufman

[11] Des. 271,903 [45] ** Dec. 20, 1983

[54] SURGICAL BONE BURRING BIT RACK

- [76] Inventor: Jack W. Kaufman, 357 Frankel Blvd., Merrick, N.Y. 11566
- [**] Term: 14 Years
- [21] Appl. No.: 241,123
- [22] Filed: Mar. 6, 1981

[57] CLAIM

The ornamental design for a surgical bone burring bit rack, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a surgical bone burring bit rack showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a front elevation thereof;
FIG. 4 is a rear elevation thereof;

FIG. 5 is a side elevation thereof; FIG. 6 is a bottom plan view thereof; FIG. 7 is a top front perspective view of a modified embodiment of the rack illustrated in FIG. 1; FIG. 8 is a top plan view thereof; FIG. 9 is a front elevation thereof; FIG. 10 is a rear elevation thereof; FIG. 11 is a side elevation thereof; and FIG. 12 is a bottom plan view thereof. The broken lines representing the burring bits are shown for illustrative purposes only. A feature of my new design is that the bone burr drill block protects bone burr drill bits mounted therein (as shown in phantom in FIGS. 1, 3, 5, 7, 9 and 11), and the finger grips of the alternate design enable easy handling and gripping by a doctor; and the apertures permit a more complete sterilization.
