[57] CLAIM

The ornamental design for a true gimbaled miner's
lamp, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the true gimbaled
miner's lamp, showing my new design;
FIG. 2 is a top plan view of the lamp;
FIG. 3 is a perspective view from the right front side of
the lamp.

A perspective view from the front left of the lamp
would be a mirror image of FIG. 3. The bottom of the
lamp is flat, as is the back of the wall bracket.
