[57] CLAIM

The ornamental design for a fuel dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a fuel dispenser showing our new design; the rear being substantially plain and unornamented;
 FIG. 2 is a top plan view thereof, portions of the hose being shown in broken lines for ease of illustration;
 FIG. 3 is a left side elevational view thereof;
 FIG. 4 is a right side elevational view thereof;
 FIG. 5 is a front elevational view of another embodiment of our new design of FIGS. 1-4 wherein the rear view is a mirror image thereto but with the nozzle holster on the opposite side of the panel;
 FIG. 6 is a top plan view thereof, portions of the hose being shown in broken lines for ease of illustration;
 FIG. 7 is a right side elevational view thereof, the left side being substantially a mirror image thereto.
