[57] CLAIM

The ornamental design for the skid steer loader, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a skid steer loader showing our new design.

FIG. 2 is a top plan view thereof, with the circular pattern on the grill being partially shown on the grill for ease of illustration, it being understood that said pattern covers the area defined by the broken rectangular outline.

FIG. 3 is a left side elevational view thereof.

FIG. 4 is a rear end view thereof, with the circular pattern on the grill being partially shown on the grill for ease of illustration, it being understood that said pattern covers the area defined by the broken rectangular outline.
