[57] CLAIM

The ornamental design for a combined data input terminal and acoustic coupler, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a combined data input terminal and acoustic coupler showing our new design; the rear being a mirror image;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

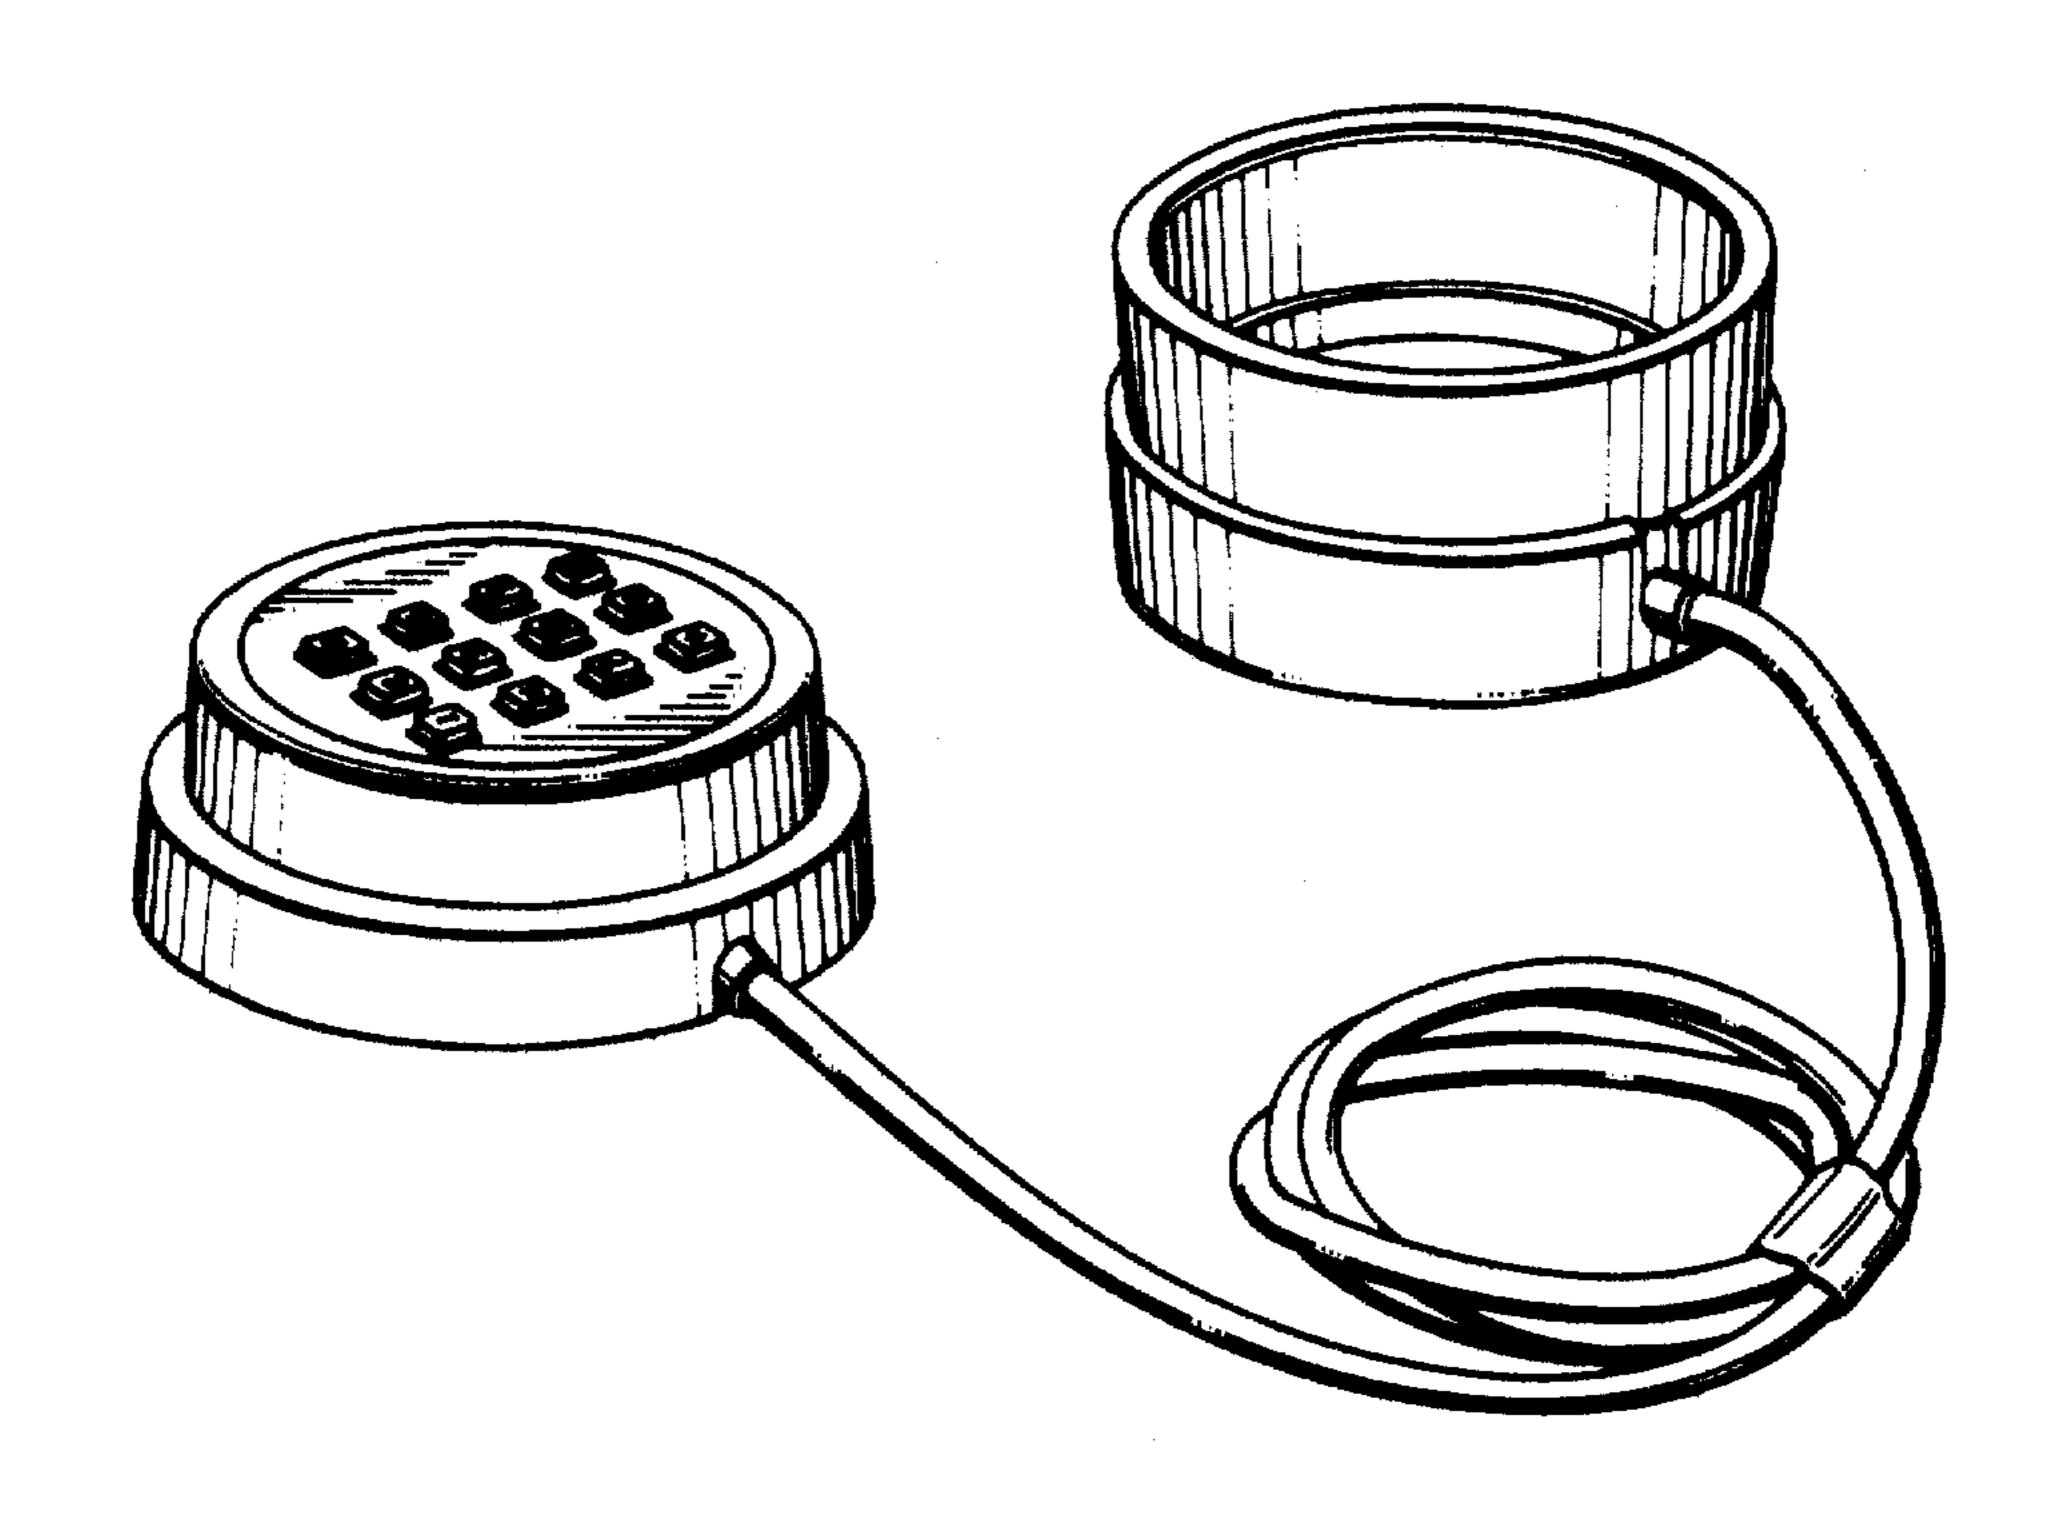

FIG. 4 is a side elevational view as seen from the left of FIG. 1;

FIG. 5 is a side elevational view as seen from the right of FIG. 1;

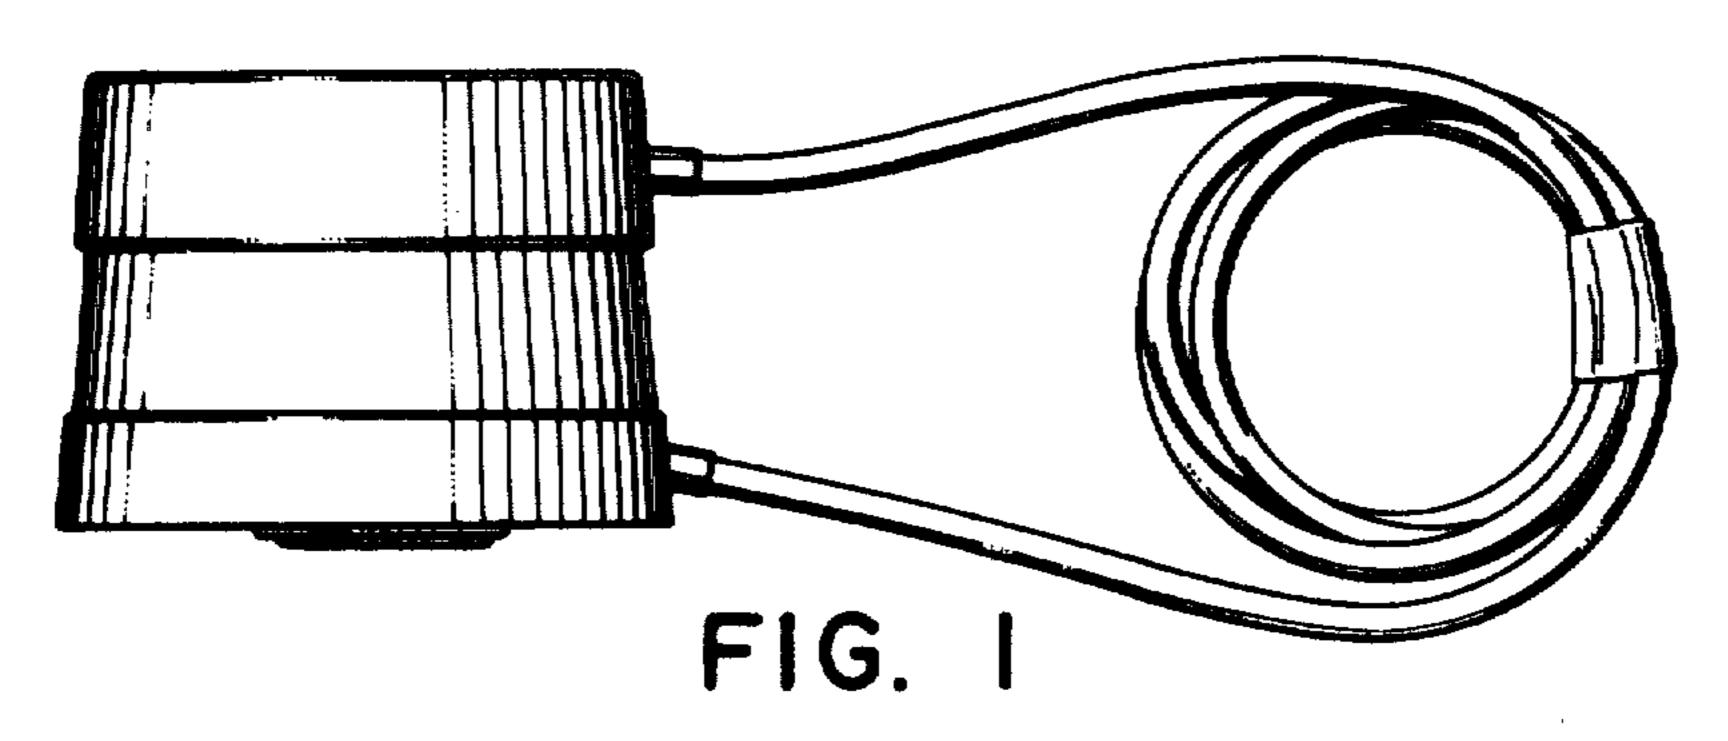

FIG. 6 is a perspective view thereof, the terminal and coupler being separated;

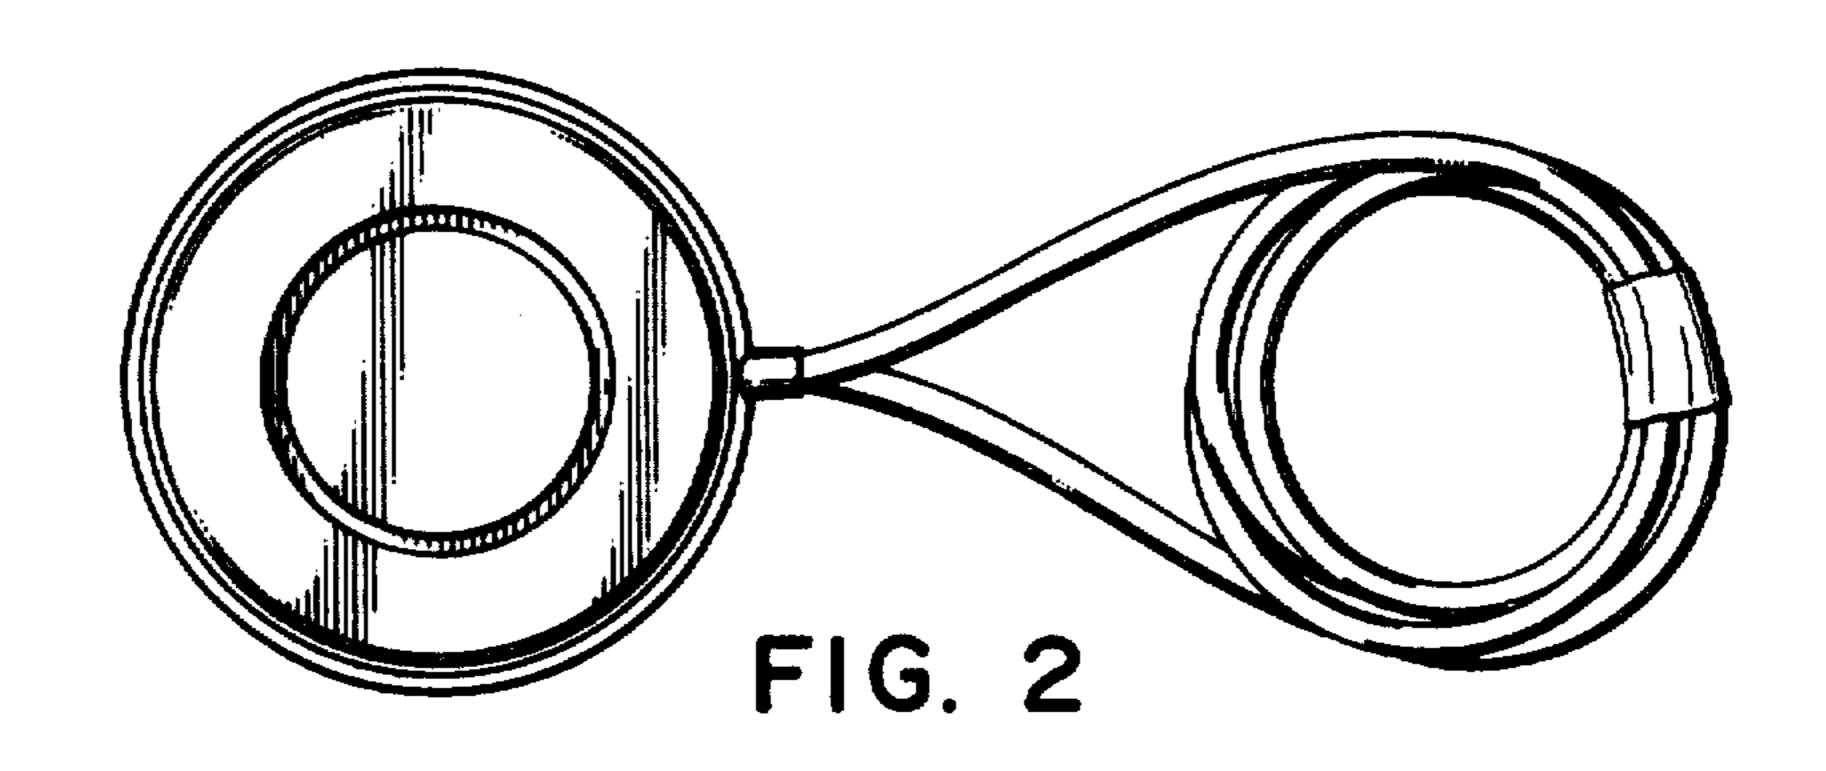

FIG. 7 is a perspective view thereof on a slightly reduced scale, the telephone being shown in broken lines for illustrative purposes only.

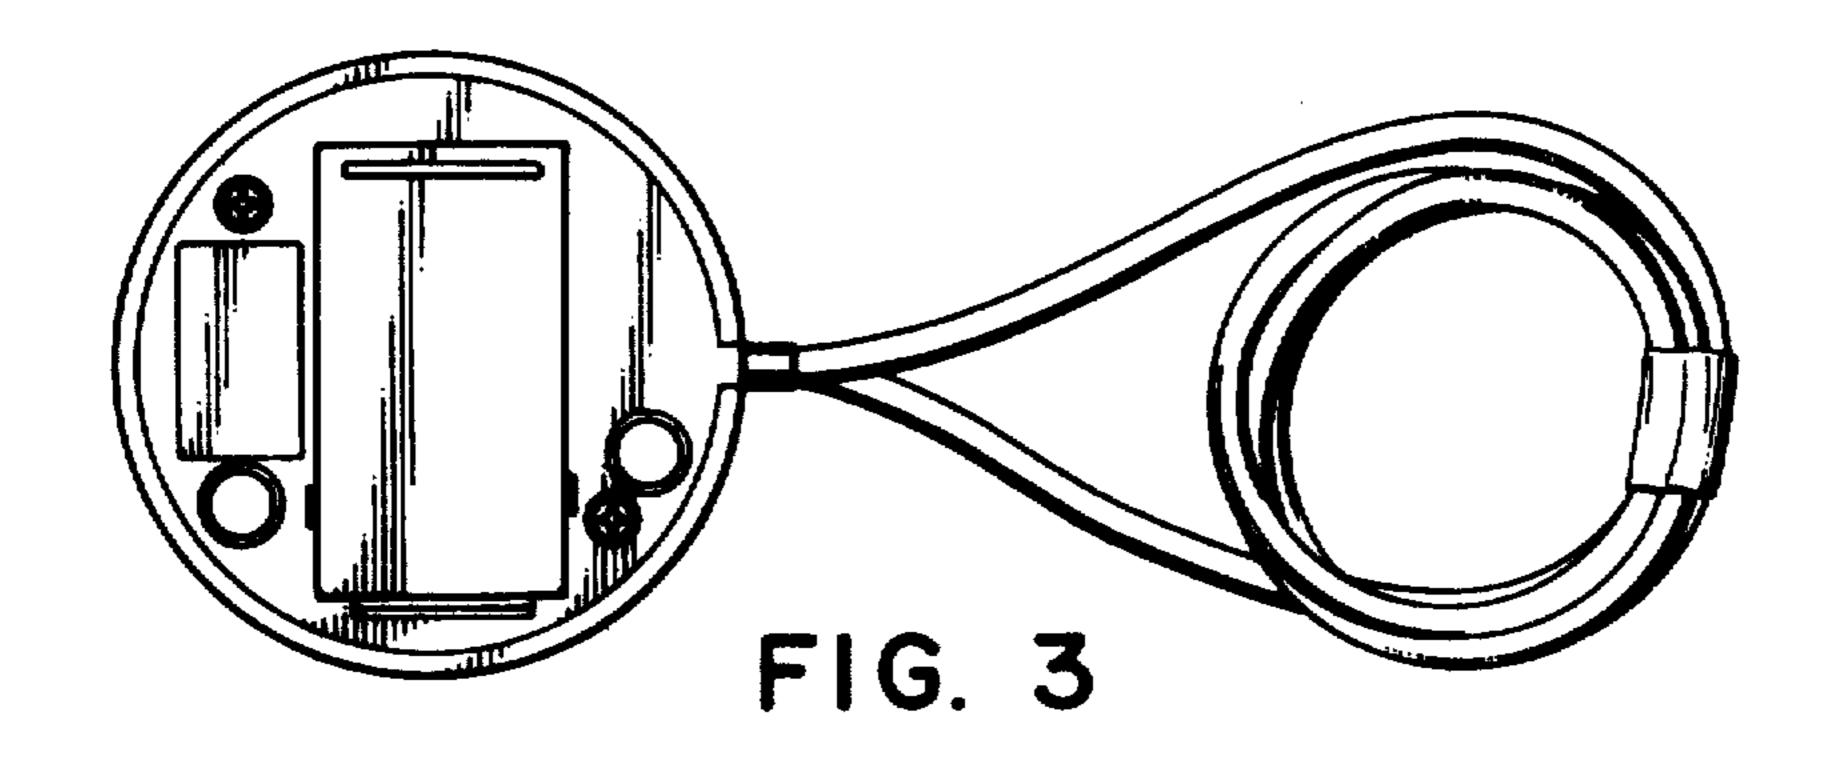

The rear view is omitted as it is symmetrical with the front view.
