Primary Examiner—James M. Gandy

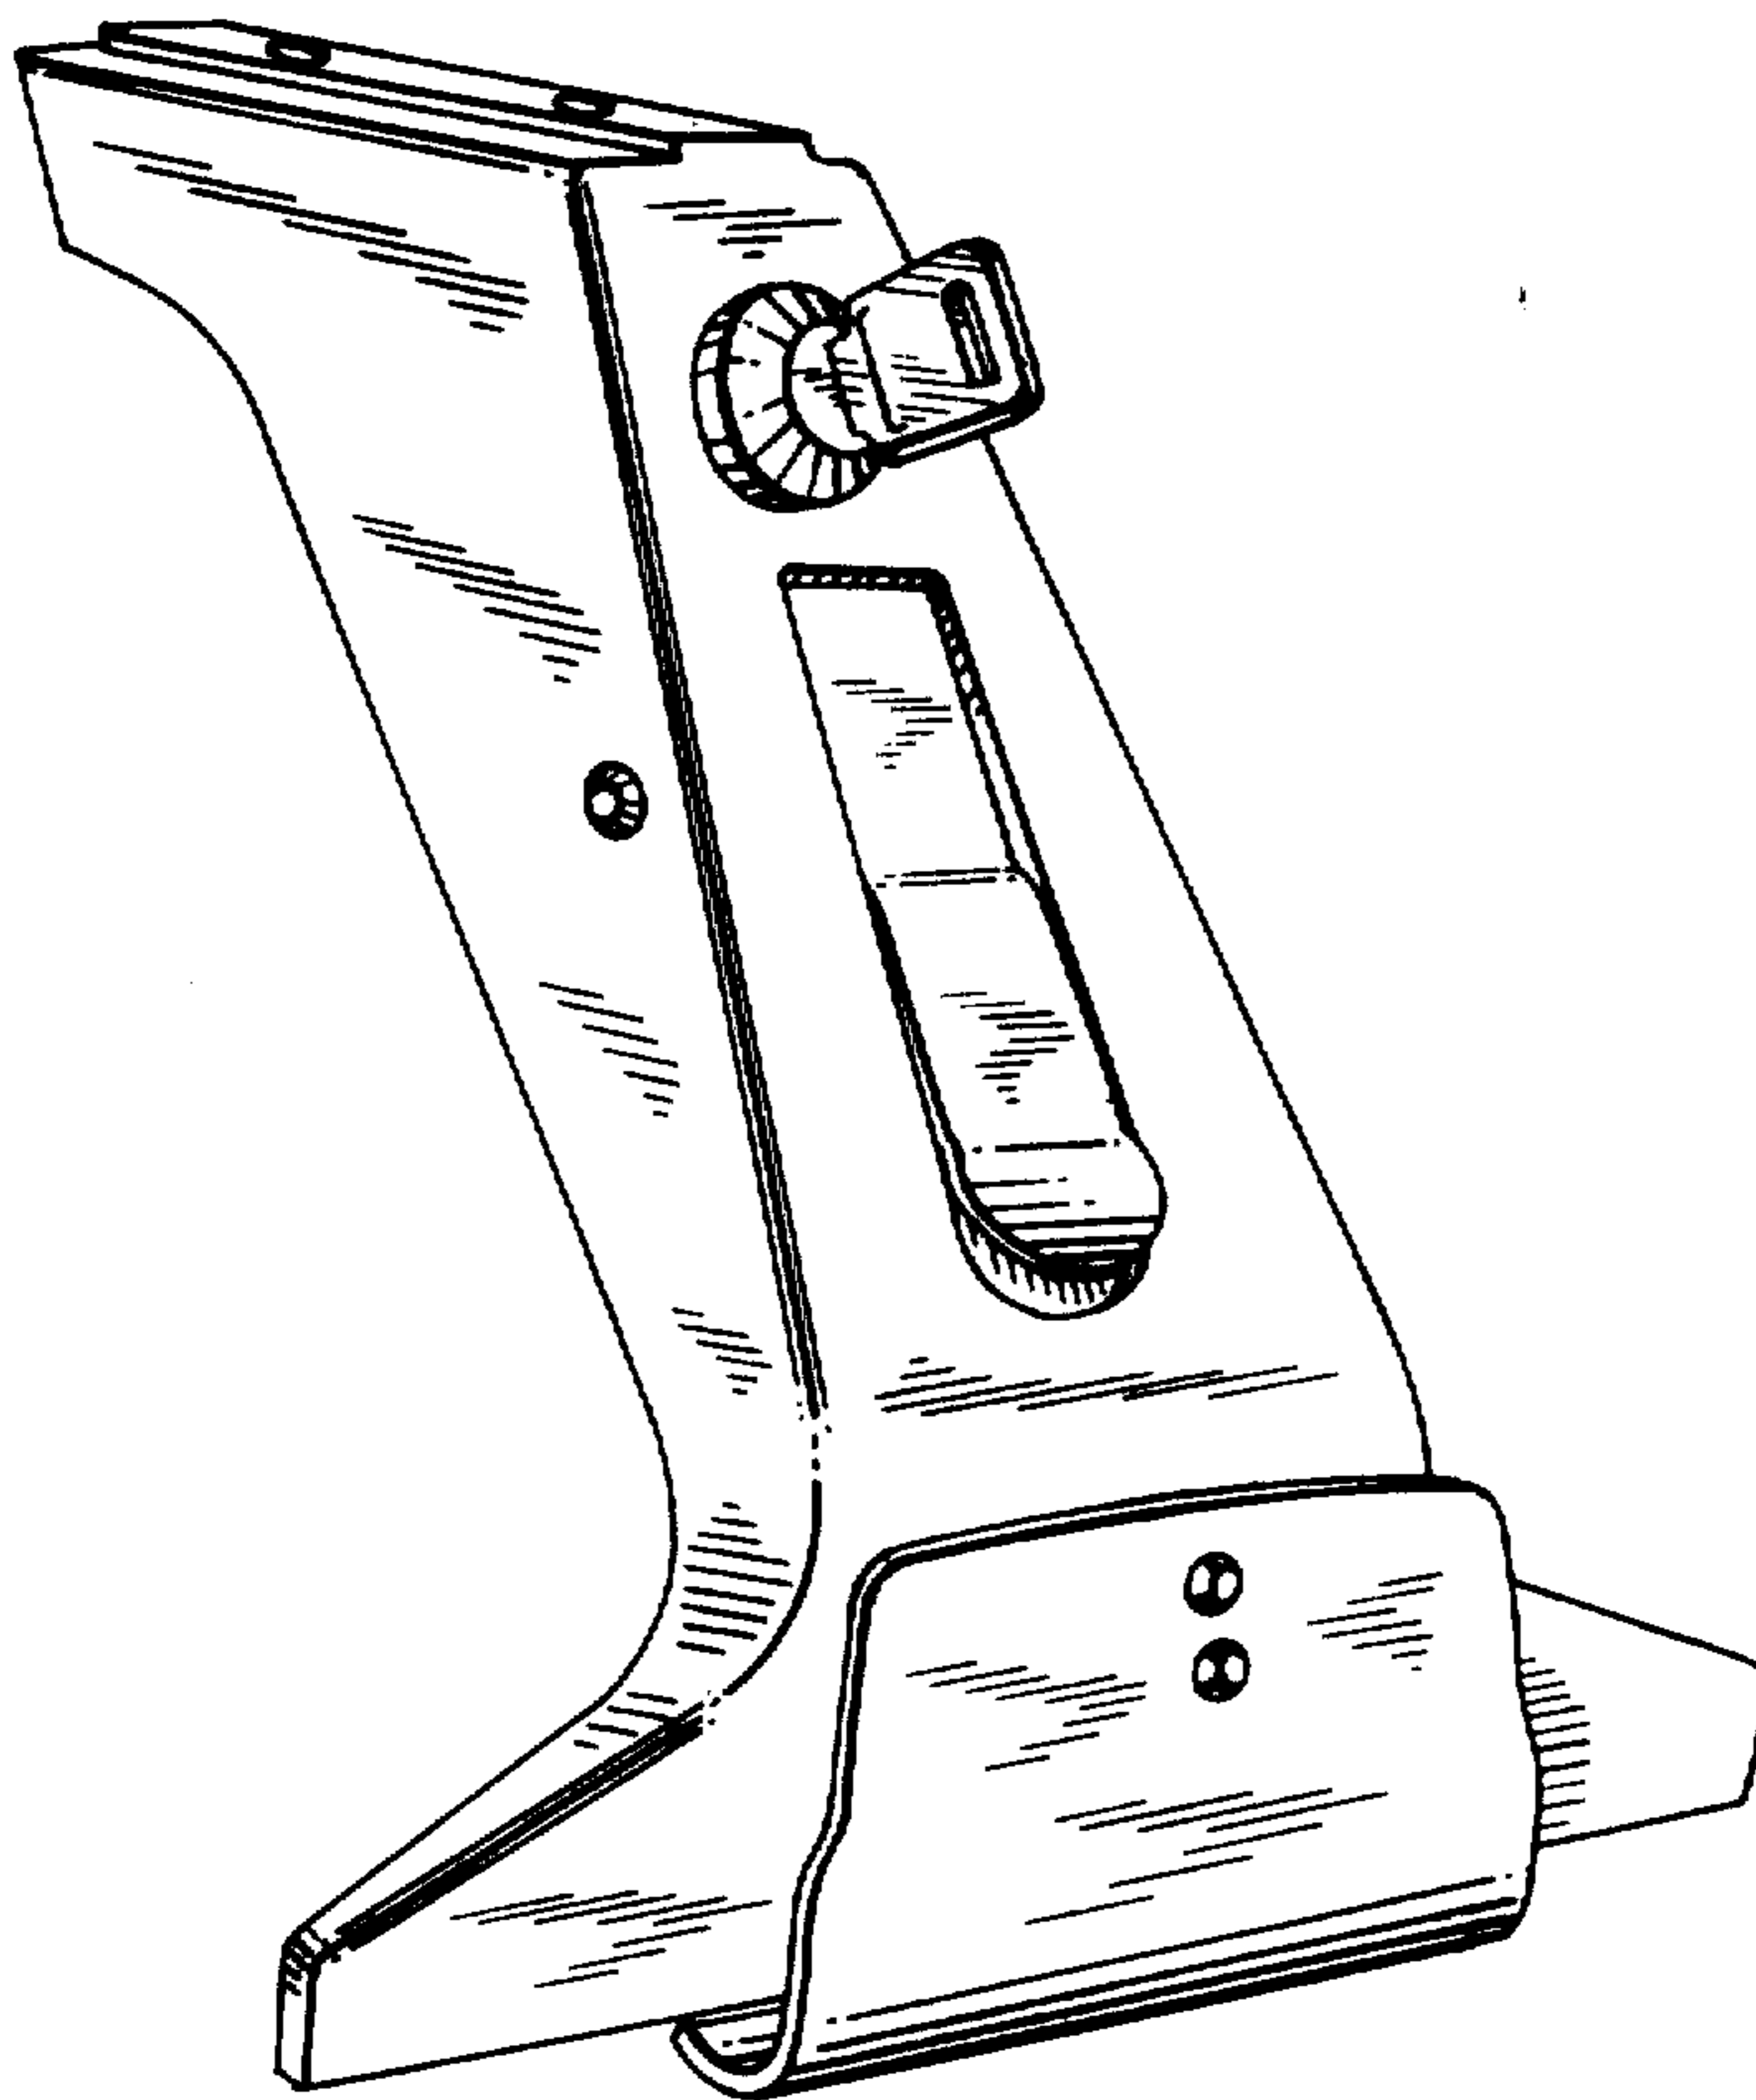

[57] CLAIM

The ornamental design for a lockable quick foot for vehicle racks, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the inside of a lockable quick foot for vehicle racks in the closed and locked position according to my new design;
 FIG. 2 is a perspective view taken from the outside thereof in the closed and locked position;
 FIG. 3 is a perspective view taken from the inside thereof in an open and unlocked position;
 FIG. 4 is a perspective view taken from the outside thereof in an open and unlocked position; and,
 FIG. 5 is a perspective view taken from the outside thereof in the mounting position.
