[57] CLAIM

The ornamental design for a handle stud for an article, of luggage or the like, as shown and described.

DESCRIPTION

This application is a division of Ser. No. 233,637, filed Feb. 12, 1981.

FIG. 1 is a perspective view of a handle stud for an article of luggage or the like embodying my new design; the broken line showing of the attaching means is for illustration purposes only;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a side elevational view taken from the left side of FIG. 1, the appearance of the opposite side being the same;

FIG. 4 is a top plan view thereof;

FIG. 5 is a perspective view of a second embodiment of the design of FIG. 1, the broken line showing of the attaching means is for illustration purposes only;

FIG. 6 is a front elevational view of FIG. 5, the rear being the same;

FIG. 7 is a side elevational view taken from the left side of FIG. 5 the appearance of the opposite side being the same;

FIG. 8 is a top plan view of FIG. 5;

FIG. 9 is a perspective view of a third embodiment of the design of FIG. 1, the broken line showing of the attaching means is for illustration purposes only;

FIG. 10 is a front elevational view of FIG. 9, the rear being the same;

FIG. 11 is a side elevational view taken from the left side of FIG. 9;

FIG. 12 is a side elevational view taken from the right side of FIG. 9;

FIG. 13 is a top plan view of FIG. 9;

FIG. 14 is a perspective view of a fourth embodiment of the design of FIG. 1, the broken line showing of the attaching means is for illustration purposes only;

FIG. 15 is a front elevational view of FIG. 14, the rear being the same;

FIG. 16 is a side elevational view taken from the left side of FIG. 14;

FIG. 17 is a side elevational view taken from the right side of FIG. 14;

FIG. 18 is a top plan view of FIG. 14;

FIG. 19 is a perspective view of a fifth embodiment of the design of FIG. 1;

FIG. 20 is a front elevational view of FIG. 19, the rear being the same and the broken line showing of the attaching means is for illustration purposes only;

FIG. 21 is a side elevational view taken from the left side of FIG. 19, the view from the right side being the same; the broken line showing of the attaching means is for illustration purposes only; and

FIG. 22 is a top plan view of FIG. 19.

The bottom of each embodiment is unadorned.
