[57] CLAIM

The ornamental design for a chip holder, as shown.

DESCRIPTION

FIG. 1 is a perspective view of the chip holder viewed generally from the latch side showing my new design.

FIG. 2 is a perspective view of the chip holder viewed generally from the hinge side.

FIG. 3 is a perspective view illustrating the chip holder in the open position wherein each half, as divided along the hinge line is identical with the exception of the latch mechanism.
