[57] CLAIM

The ornamental design for a master cylinder reservoir cover for motorcycles or the like, substantially as shown and described.

DESCRIPTION

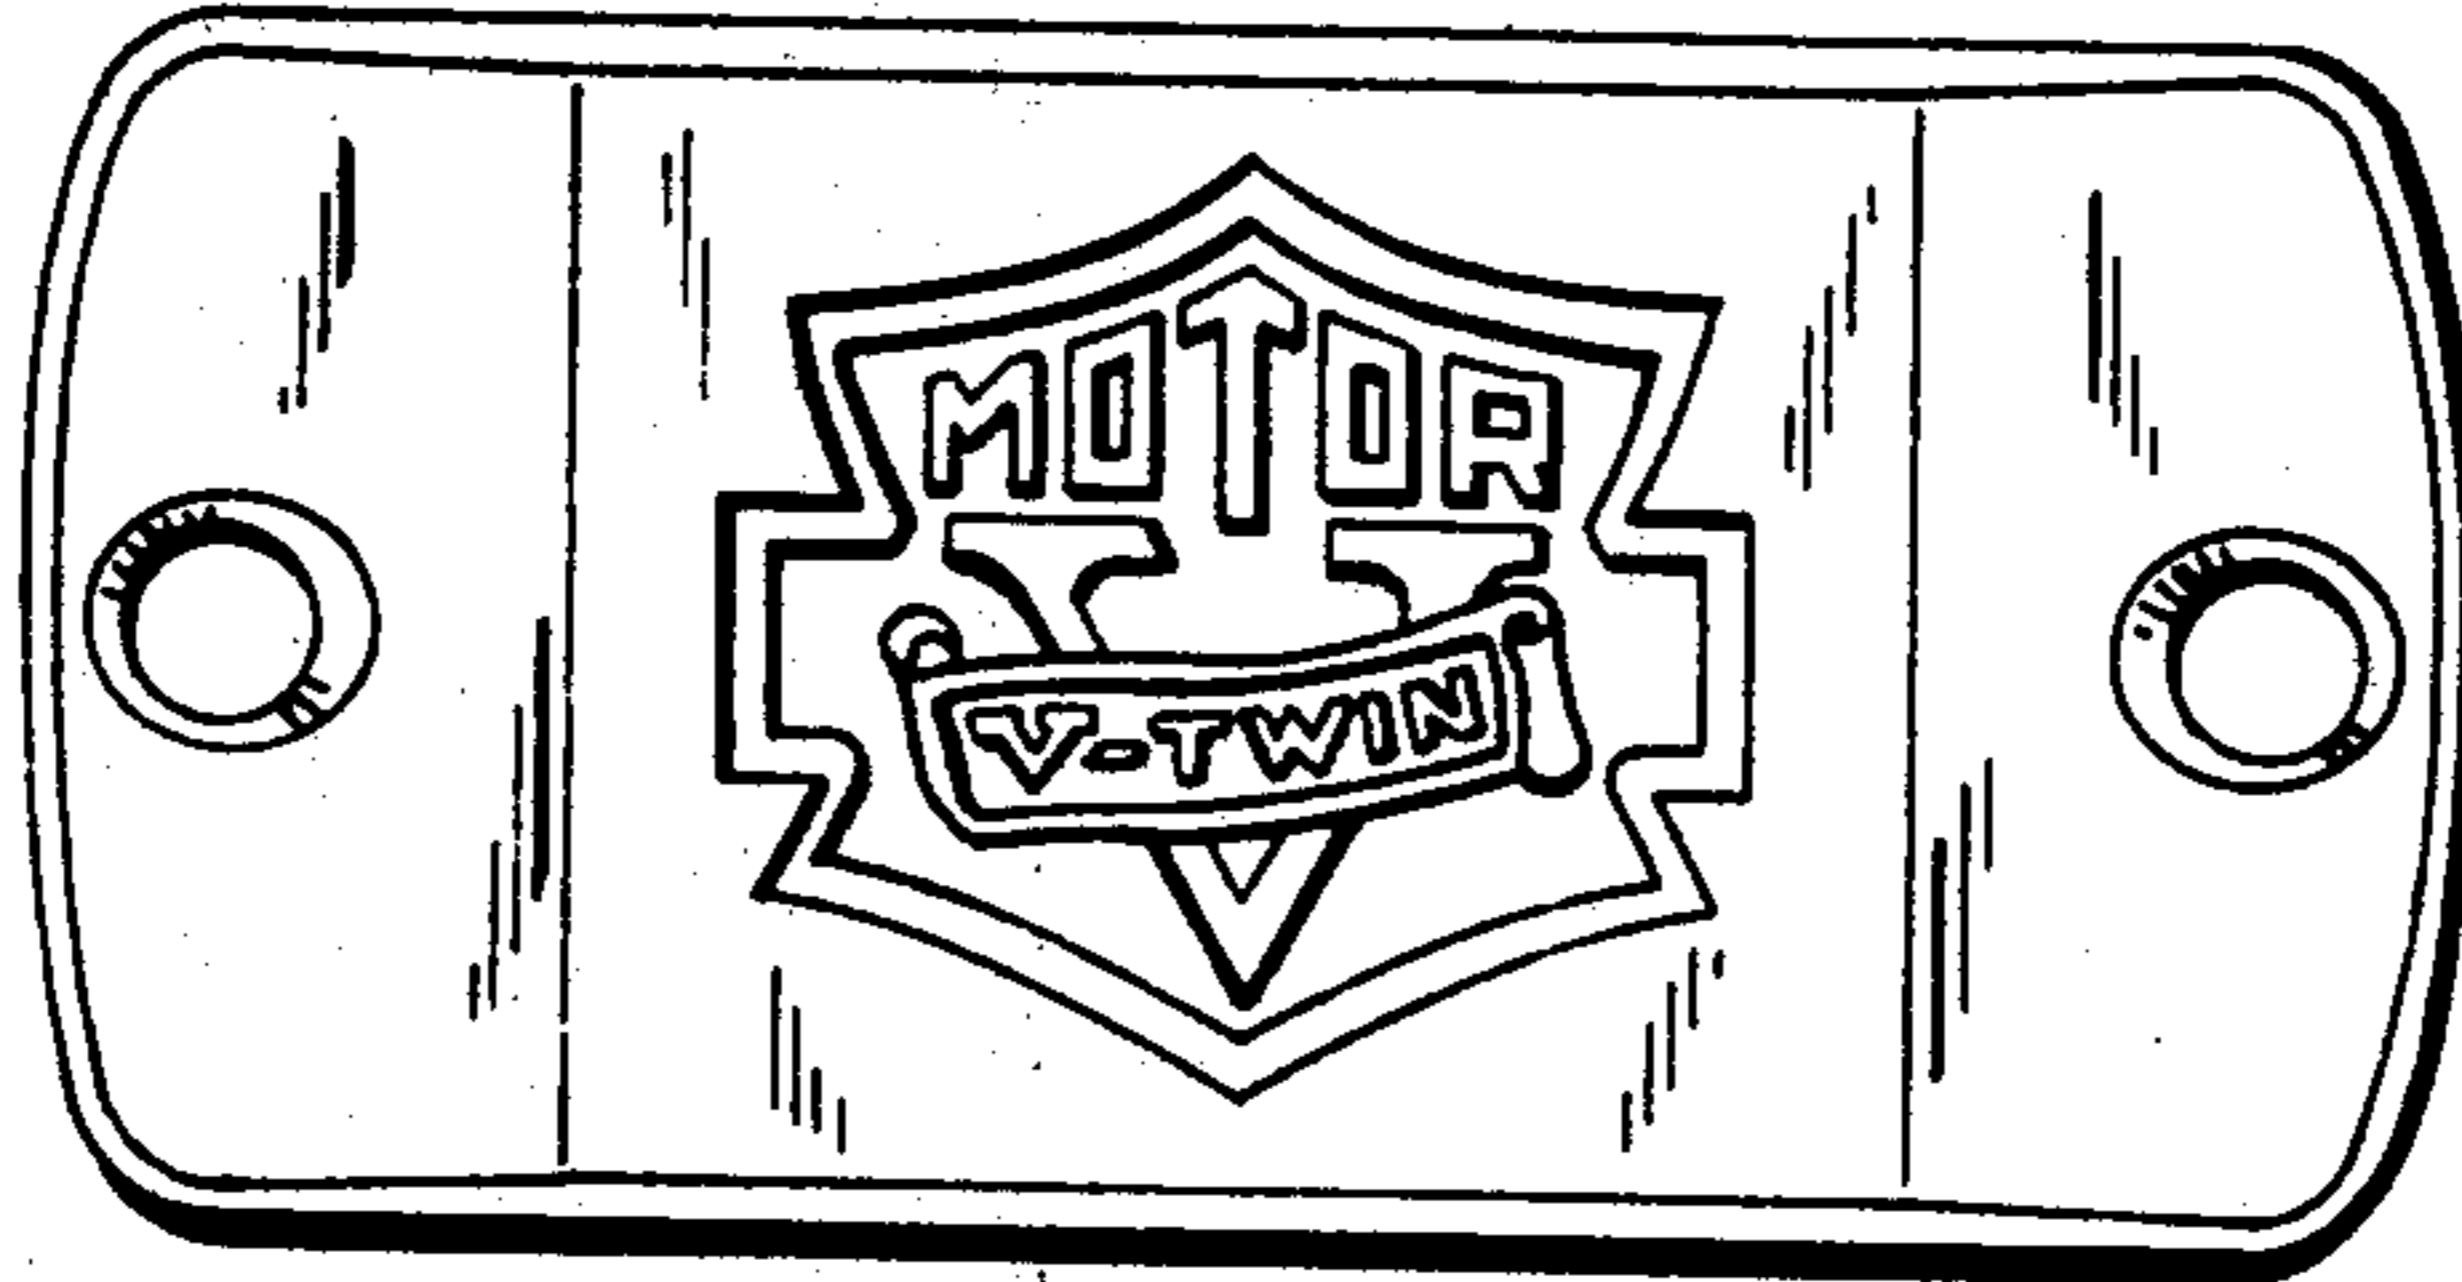

FIG. 1 is a front elevational view of a master cylinder reservoir cover for motorcycles or the like showing my new design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a right side elevational view, the left side being a mirror image thereof;

FIG. 4 is a bottom plan view, the top plan view being a mirror image thereof; and

FIG. 5 is a front elevational view of a master cylinder reservoir cover for motorcycles or the like showing a second embodiment of my new design, it being understood that the sole difference resides in the addition of two apertures and the positioning of the apertures.
