[57] CLAIM

The ornamental design for a tree drain or similar article, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a tree drain or similar article showing my new design in solid lines in the right half of the figure, and it is to be understood that the view of the design in the left half of the figure is a mirror image of the view of the design illustrated in the right half of the figure, as is implied by the fragmentary, broken line showing in the left half of the figure;

FIG. 2 is an interior side elevation view thereof;

FIG. 3 is an exterior side elevation view thereof;

FIG. 4 is an end elevation view thereof;

FIG. 5 is a top plan view of a second embodiment thereof shown in solid lines in the right half of the figure, and it is to be understood that the view of this embodiment in the left half of the figure is a mirror image of the view in the right half of the figure, as is implied by the fragmentary, broken line showing in the left half of the figure;

FIG. 6 is an interior side elevation of the second embodiment;

FIG. 7 is an exterior side elevation of the second embodiment; and

FIG. 8 is an end embodiment view of the second embodiment.
