[57] **CLAIM**

The ornamental design for a three wheel automotive passenger vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a side elevation view of a roadster form of three wheel automotive passenger vehicle showing our new design, the opposite side of the vehicle being essentially a mirror image thereof;

FIG. 2 is a top plan view of the vehicle of FIG. 1;

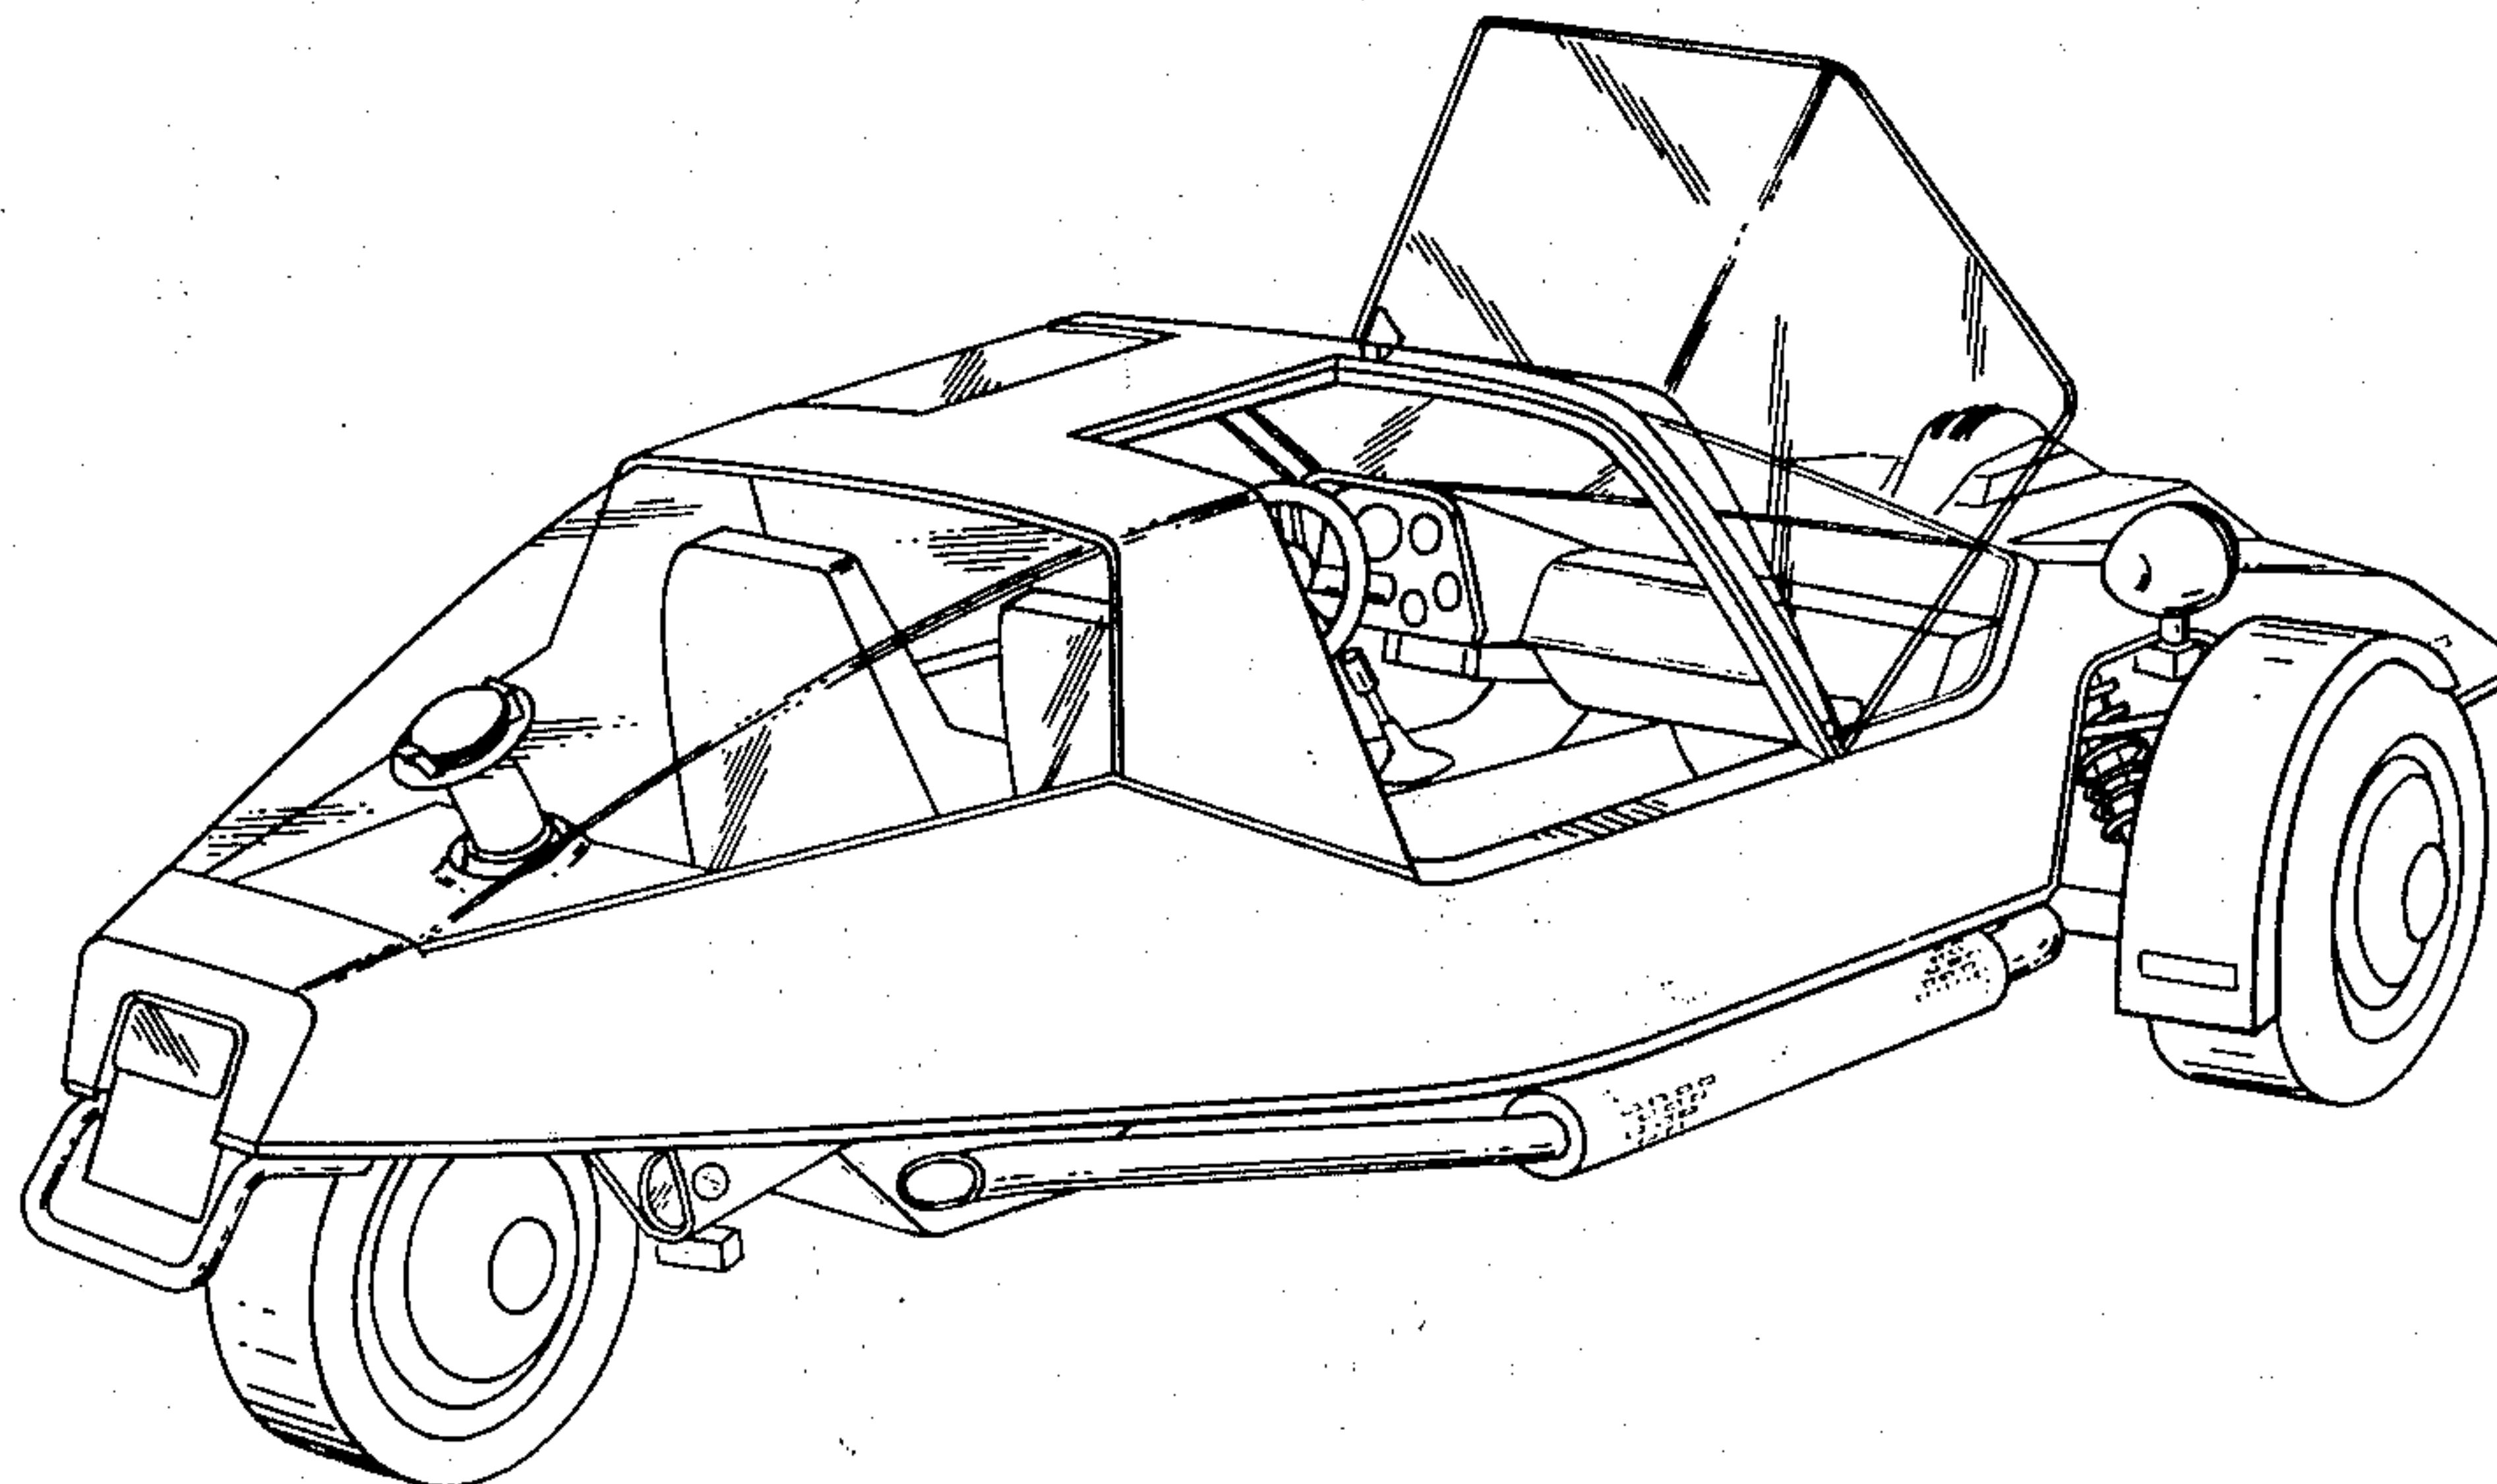

FIG. 3 is a front elevation view of the vehicle of FIG. 1;

FIG. 4 is a rear elevation view of the vehicle of FIG. 1;

FIG. 5 is a side elevation view of a coupe form of a three wheel automotive passenger vehicle showing a second embodiment of our new design, the coupe form of FIG. 5 being essentially the same as the roadster form of FIG. 1 except for the addition of an upper body enclosure;

FIG. 6 is a perspective view of the coupe vehicle of FIG. 5 taken from above the right rear of the vehicle; and

FIG. 7 is a perspective view taken from above the left front of a three wheel automotive passenger vehicle showing a third embodiment of our new design, the modified coupe form of FIG. 7 being the same as the coupe form of FIGS. 5 and 6 except for limited modification of the engine hood and headlamps.
