[57] CLAIM

The ornamental design for a keyboard-equipped arithmetic operation control machine for electronic computers, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a keyboard-equipped arithmetic operation control machine for electronic computers showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a left side elevational view thereof; FIG. 5 is a right side elevational view thereof; and FIG. 6 is a rear elevational view thereof.

FIG. 1

FIG. 2

FIG. 3

FIG. 4

FIG. 5

FIG. 6
