[57] CLAIM

The ornamental design for a sail powered windmill, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a sail powered windmill showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a right side elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a front elevational view of a sail powered windmill showing a second embodiment of my new design, it being understood that the sole difference resides in the use of just four blades; FIG. 6 is a right side elevational view of the embodiment of FIG. 5; FIG. 7 is a front elevational view of a sail powered windmill showing a third embodiment of my new design, it being understood that the sole difference resides in the use of just three blades; and FIG. 8 is a right side elevational view of the embodiment of FIG. 7.
