[57] CLAIM

The ornamental design for a video terminal with a hideaway keyboard, as shown and described.

DESCRIPTION

FIG. 1 is a front top perspective view showing our new design of a video terminal with a hideaway keyboard in a closed position;

FIG. 2 is a front top perspective view thereof with the hideaway keyboard in an open position;

FIG. 3 is a front elevational view thereof on an enlarged scale, with the keyboard in the closed position;

FIG. 4 is a top plan view thereof on an enlarged scale, with the keyboard in the open position;

FIG. 5 is a rear elevational view thereof on an enlarged scale; and

FIG. 6 is a side elevational view thereof on an enlarged scale, with the keyboard in the open position.

The broken lines are shown in FIGS. 1 through 6 for illustrative purposes only.
