[57] CLAIM

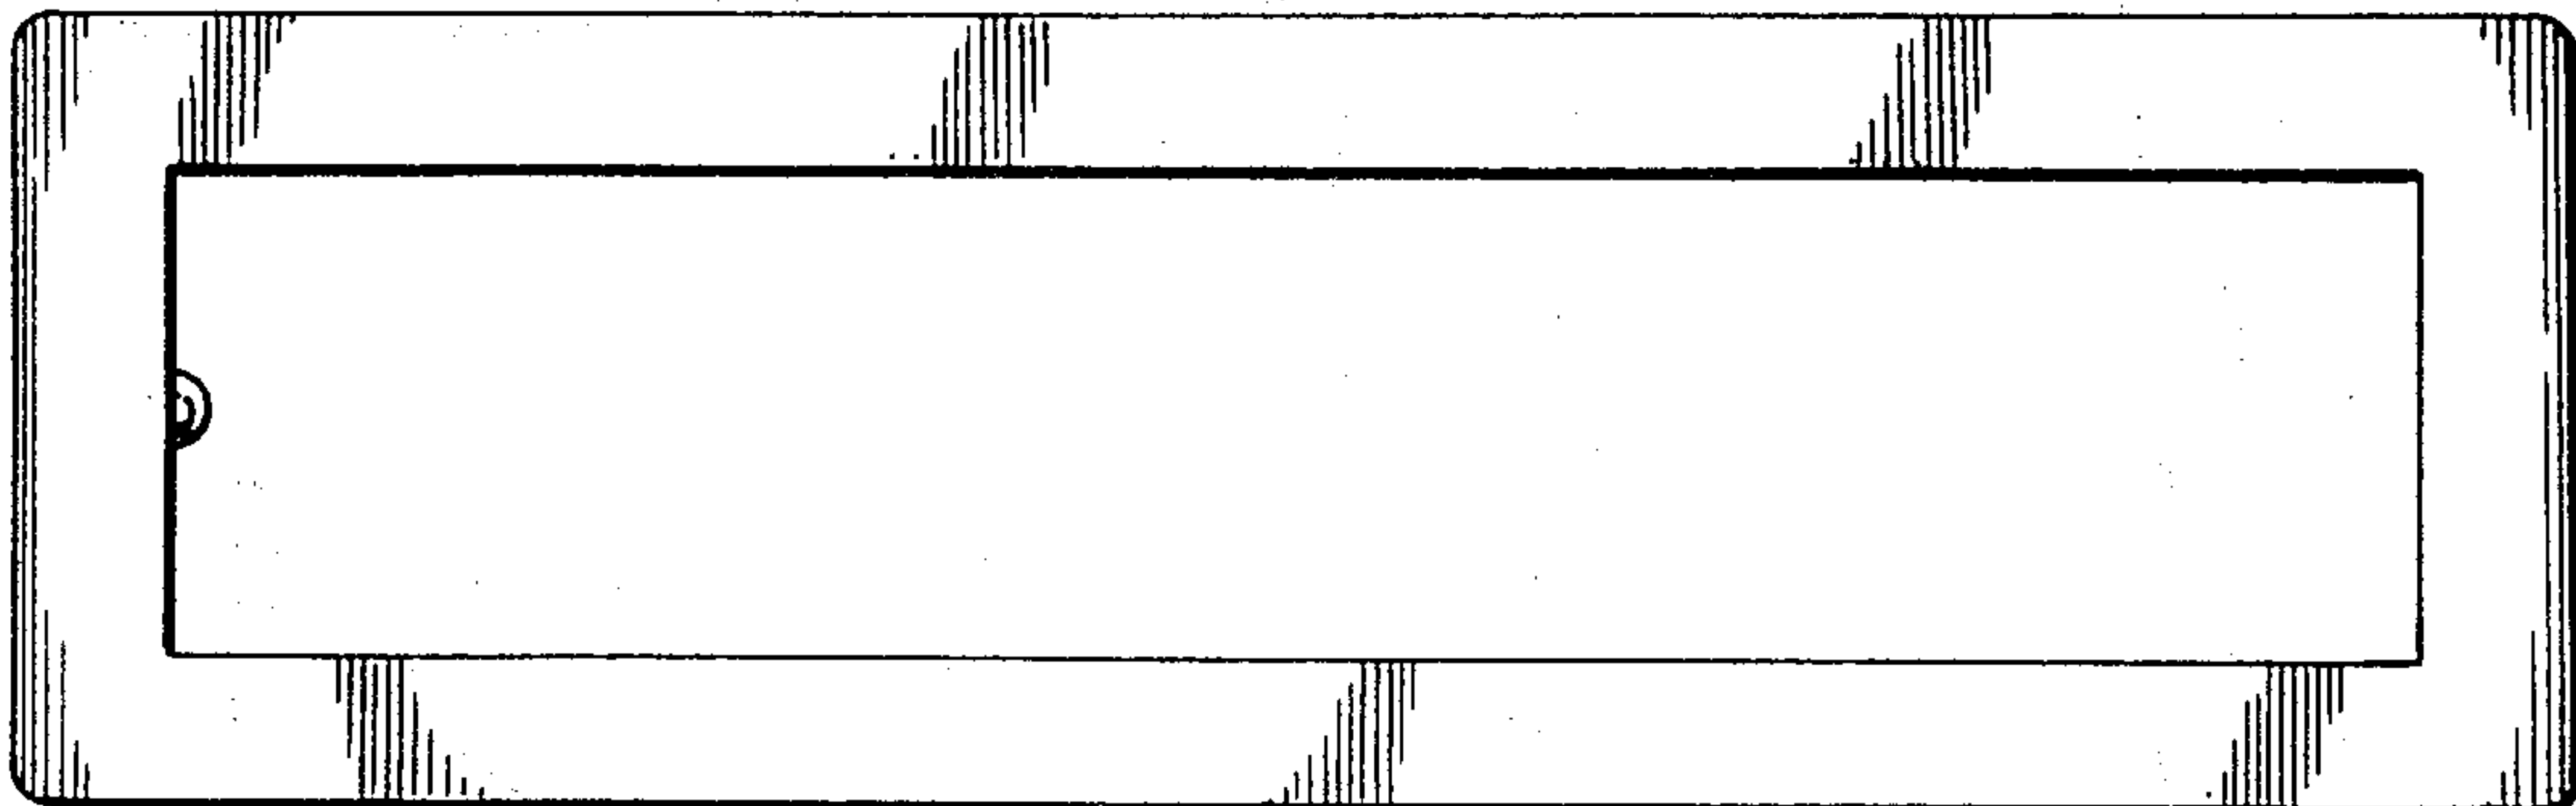

The ornamental design for a belt buckle, as shown and described.

DESCRIPTION

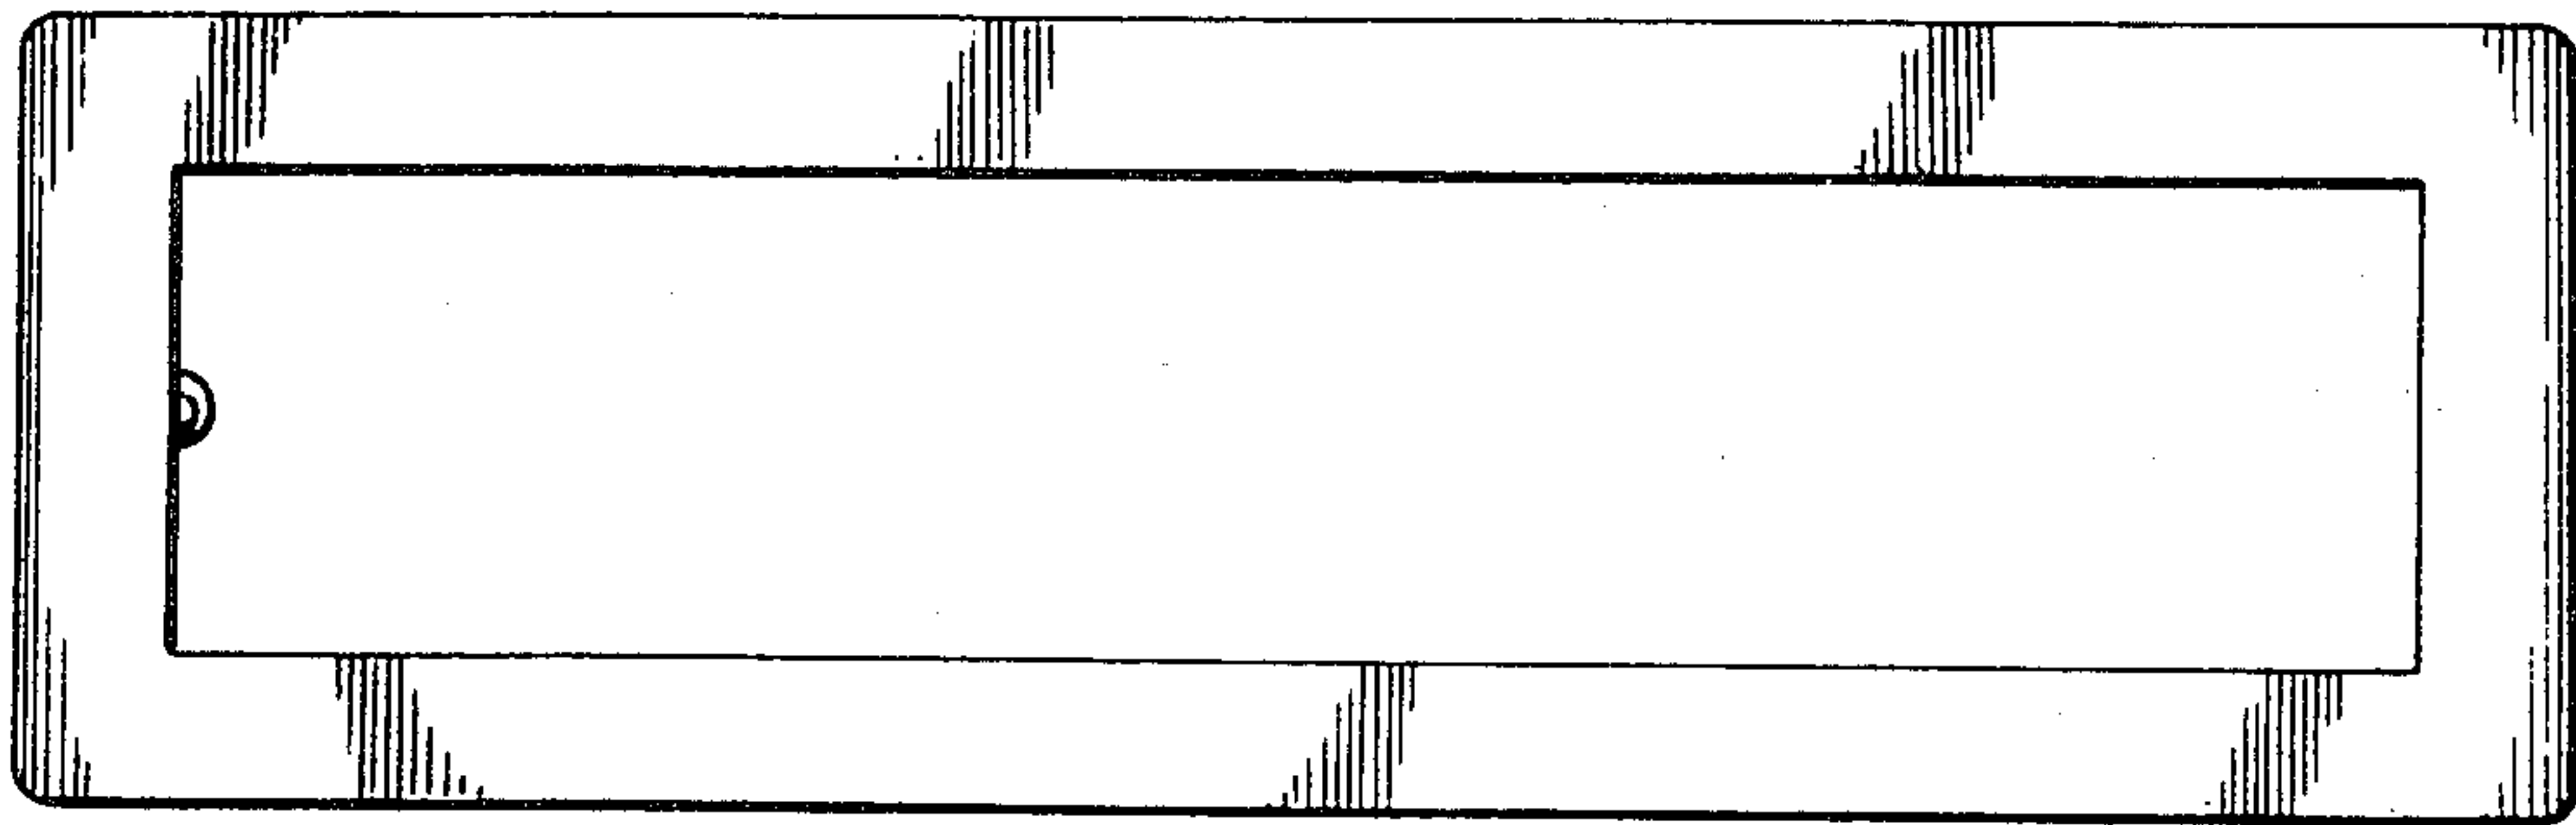

FIG. 1 is a front elevational view of a belt buckle showing my new design;  
FIG. 2 is a top plan view thereof;  
FIG. 3 is a rear elevational view thereof;  
FIG. 4 is an end elevational view thereof;  
FIG. 5 is an elevation as seen from the opposite end of FIG. 4; and  
FIG. 6 is a front perspective view thereof.

The broken lines are shown for illustrative purposes only.

The belt buckle design is dominated by an elongate, rectangular open frame of exaggerated longitudinal extent which, in use, receives and carries one or a plurality of objects for display.
