[57] CLAIM

The ornamental design for a mobile telephone unit, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a mobile telephone unit, showing our new design;
 FIG. 2 is a front elevational view thereof;
 FIG. 3 is a bottom plan view thereof;
 FIG. 4 is a rear elevational view thereof;
 FIG. 5 is a side elevational view thereof taken from the right side of FIG. 1;
 FIG. 6 is a side elevational view thereof taken from the left side of FIG. 1;
 FIG. 7 is a perspective view thereof; and
 FIG. 8 is a perspective view thereof with the handset removed.
 Complete details of the extended convolutions of the cord are not shown in the drawings, but the continuity of the cord conformation is indicated by the broken line representation for convenience of illustration.
