[57] **CLAIM**

The ornamental design for an adjustable auxiliary closet rod unit, substantially as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of adjustable auxiliary closet rod unit showing my new design with an upper conventional closet rod being shown in broken lines for illustrative purposes only;

FIG. 2 is a side elevational view of the longer hanger bar support member of FIG. 1 taken from the right side of FIG. 1;

FIG. 3 is a side elevational view taken from the right side of FIG. 1 of the shorter hanger bar support member shown in FIG. 1;

FIG. 4 is a side elevational view of a second embodiment of a hanger bar member of the design of FIG. 1, shown broken away to indicate indeterminate length, instead of a slotted hook shape opening, the only difference being the use of a circular closed opening for the upper suspension means;

FIG. 5 is an enlarged fragmentary front elevational view of a hanger rod mounted between a pair of hanger bar members as shown in FIG. 1.
