[57] **CLAIM**

The ornamental design for a magnetic fluid conditioner, substantially as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a magnetic fluid conditioner showing our new design;

FIG. **2** is a top plan view thereof;

FIG. **3** is a bottom plan view thereof;

FIG. **4** is an elevational view taken from one end thereof, the opposite end being the same as the end shown;

FIG. **5** is an elevational view taken from one side thereof, the opposite side being the same as the side shown; and

FIG. **6** is a reduced scale end elevational view thereof. The broken line representation of another magnetic fluid conditioner, a flexible strap and a pipe in FIG. **6** are for purposes of illustration only.
