[57] CLAIM

The ornamental design for a combined fluorescent and reflecting safety vest for humans, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined fluorescent and reflecting safety vest for humans showing my new design, being shown in position of use;
FIG. 2 is a front elevational view, being shown in flattened position;
FIG. 3 is a side elevational view of FIG. 2.
The cross-line shading shown in FIGS. 1 and 2 is intended to represent conventional fabric which covers the entirety of the article.

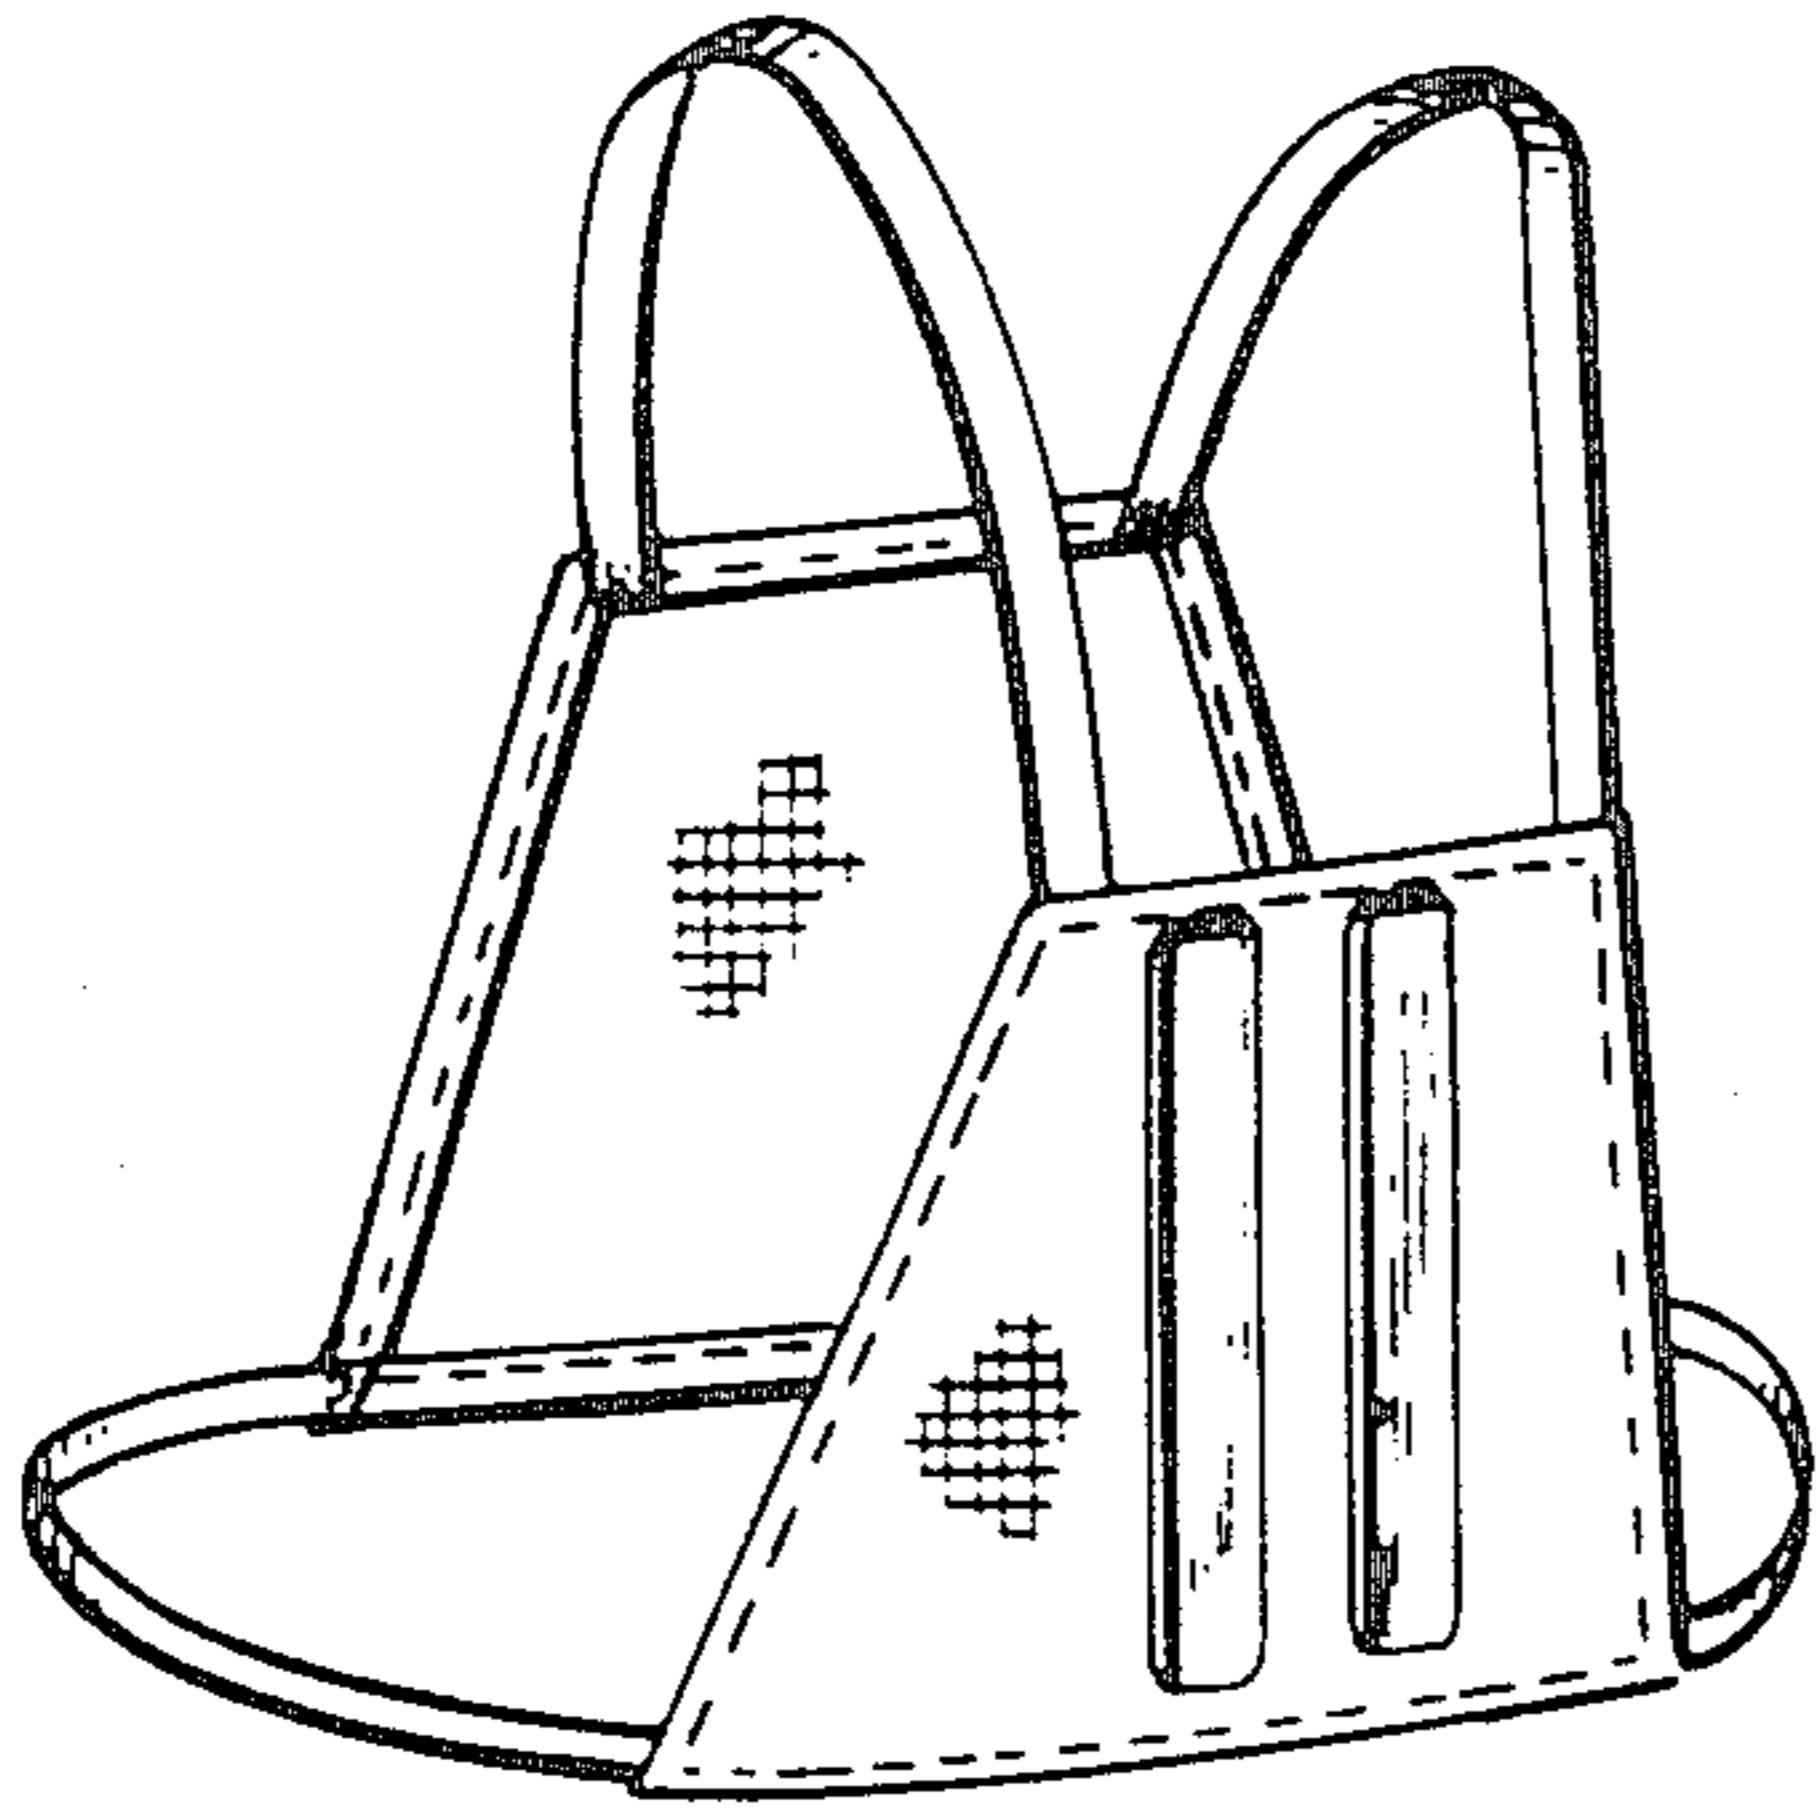

FIG. 1

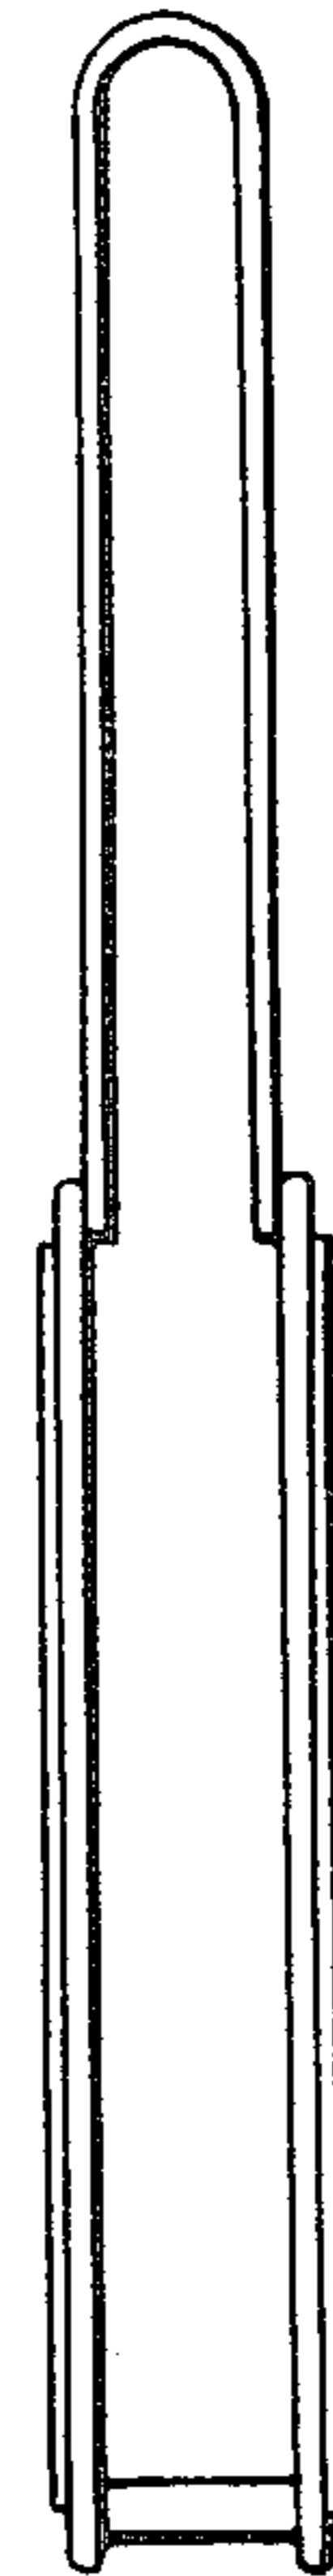

FIG. 3

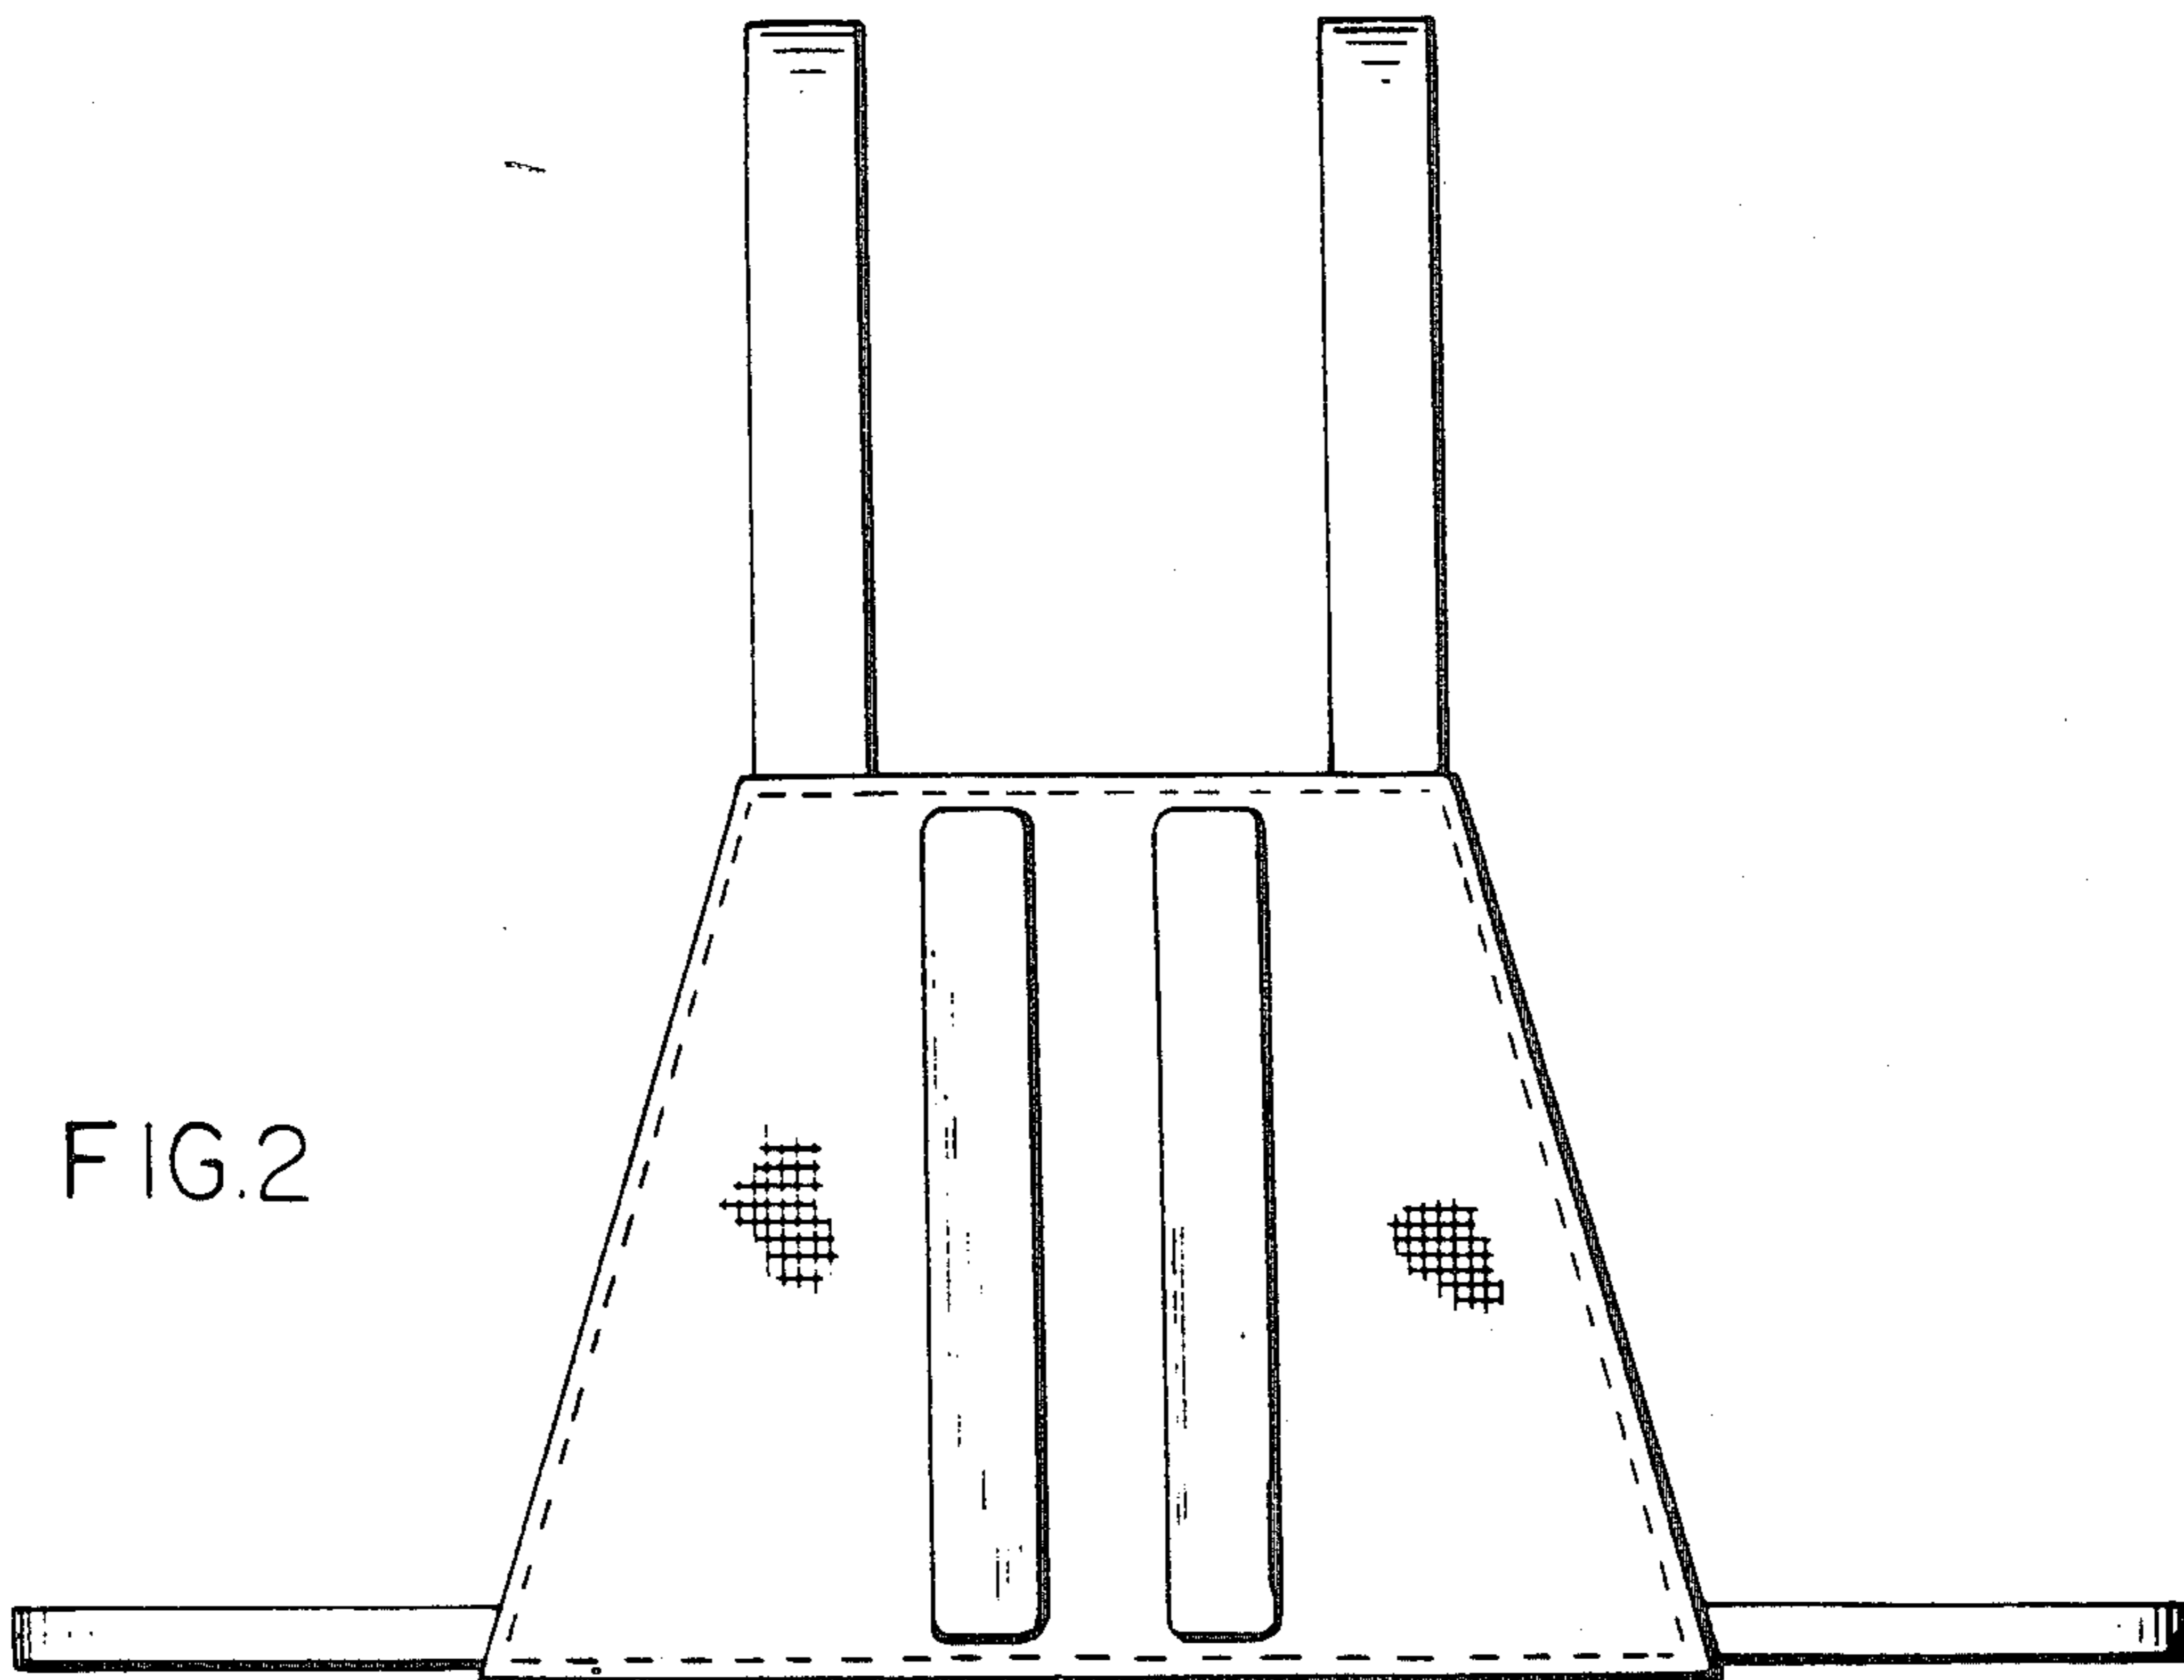

FIG. 2
