[57] **CLAIM**

The ornamental design for a novelty desk ornament or similar article, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a novelty desk ornament or similar article showing my new design;
 FIG. 2 is an isometric view thereof in alternate position;
 FIG. 3 is a top plan view of the novelty desk ornament or similar article as in FIG. 1;
 FIG. 4 is a front elevational view thereof;
 FIG. 5 is a side elevational view thereof;
 FIG. 6 is a top plan view of the novelty desk ornament or similar article as in FIG. 2;
 FIG. 7 is a front elevational view thereof;
 FIG. 8 is a side elevational view thereof;
 FIG. 9 is a top plan view of the figurine removed from the novelty desk ornament or similar article;
 FIG. 10 is a front elevational view thereof;
 The bottom plan view thereof is identical to the top plan view; and
 The rear, left, and right elevational views thereof are identical to the front elevational view;
 FIG. 11 is a top plan view of the base of the novelty desk ornament or similar article with figurine removed;
 FIG. 12 is a front elevational view of the base with partial broken-away section;
 FIG. 13 is a right side elevational view of the base;
 FIG. 14 is a bottom plan view thereof;
 The rear elevational view thereof is identical to the front elevational view; and
 The left side elevational view thereof is identical to the right side elevational view.
