CLAIM

[57]

The ornamental design for a battery charger housing for a portable battery operated transceiver, substantially as shown and described.

DESCRIPTION

FIG. 1 is a left side perspective view of a battery charger housing for a portable battery operated transceiver showing our new design.

FIG. 2 is a top perspective view thereof.

FIG. 3 is a rear perspective view thereof.

FIG. 4 is a right side elevational view thereof.

FIG. 5 is a front elevational view thereof.

FIG. 6 is a left side elevational view thereof.

FIG. 7 is a rear elevational view thereof.

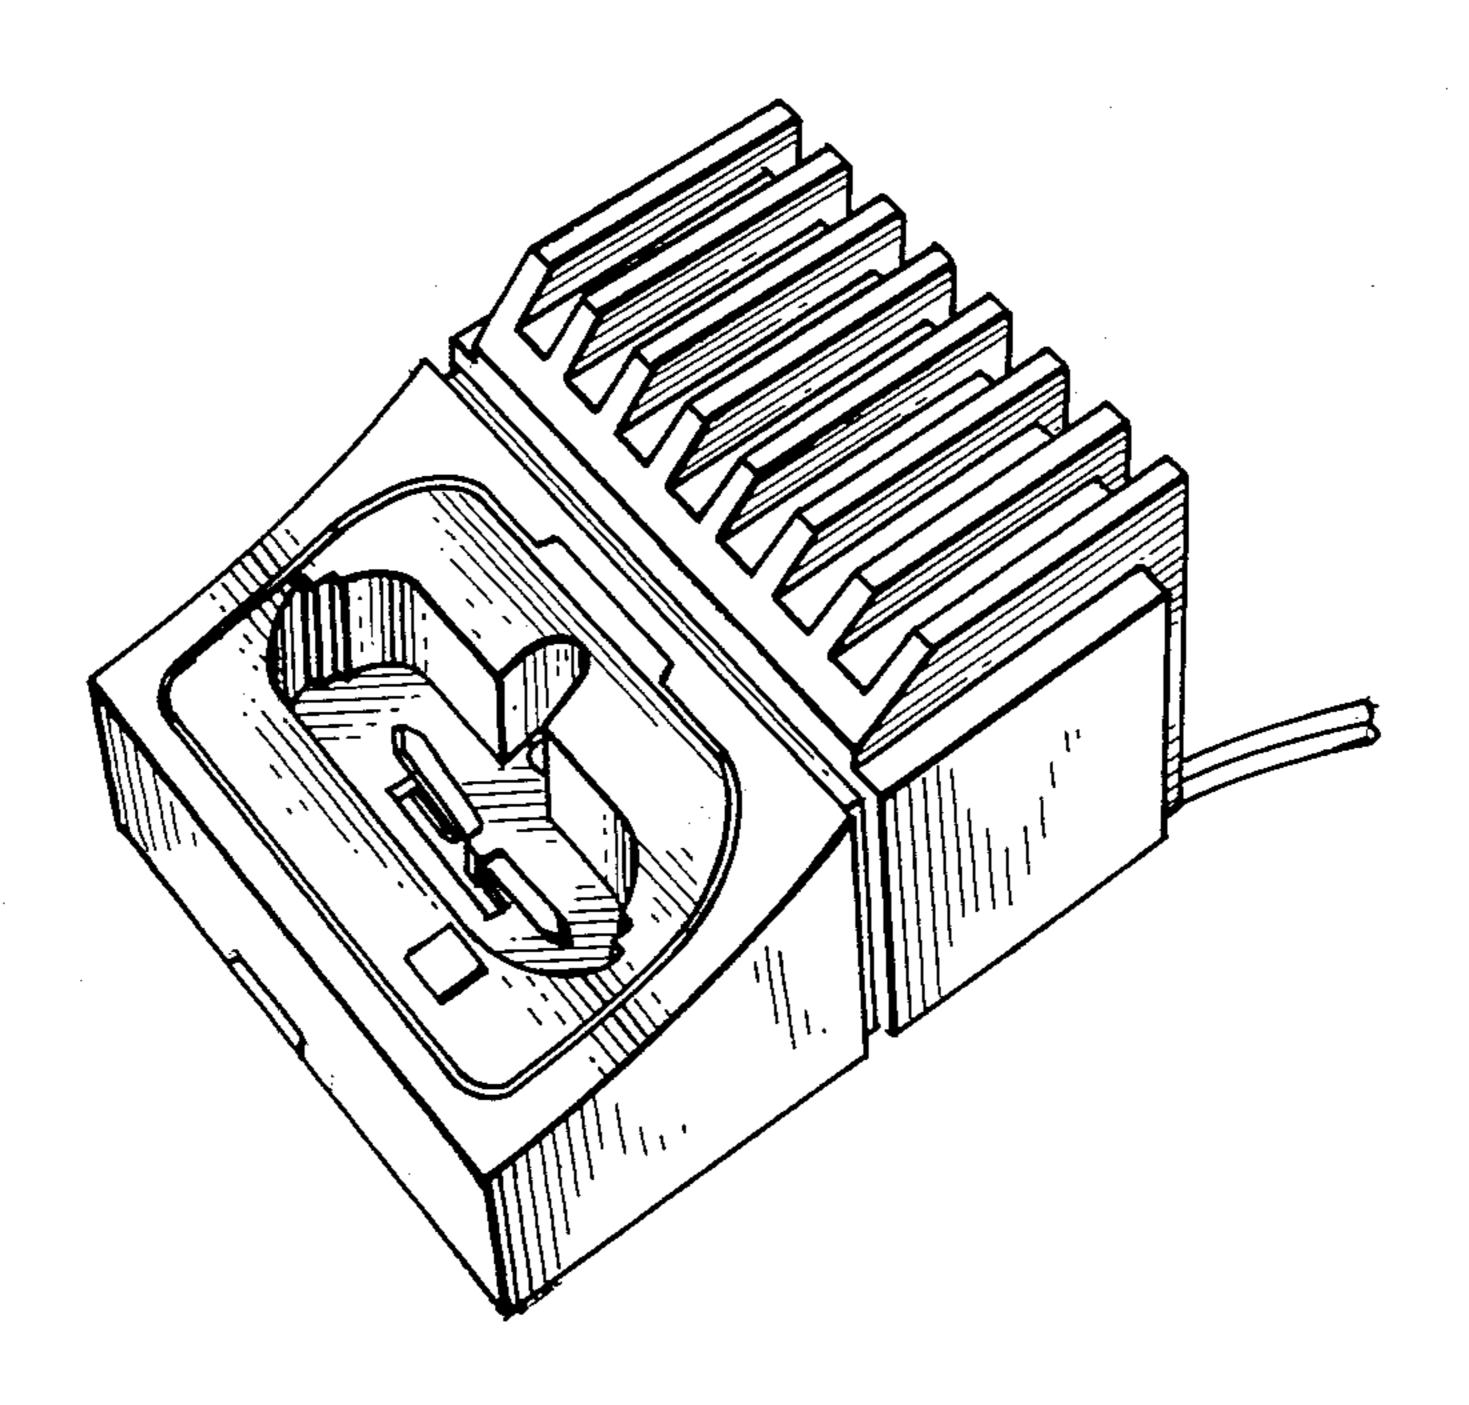

FIG. 8 is a top plan view thereof.

FIG. 9 is a bottom plan view thereof.

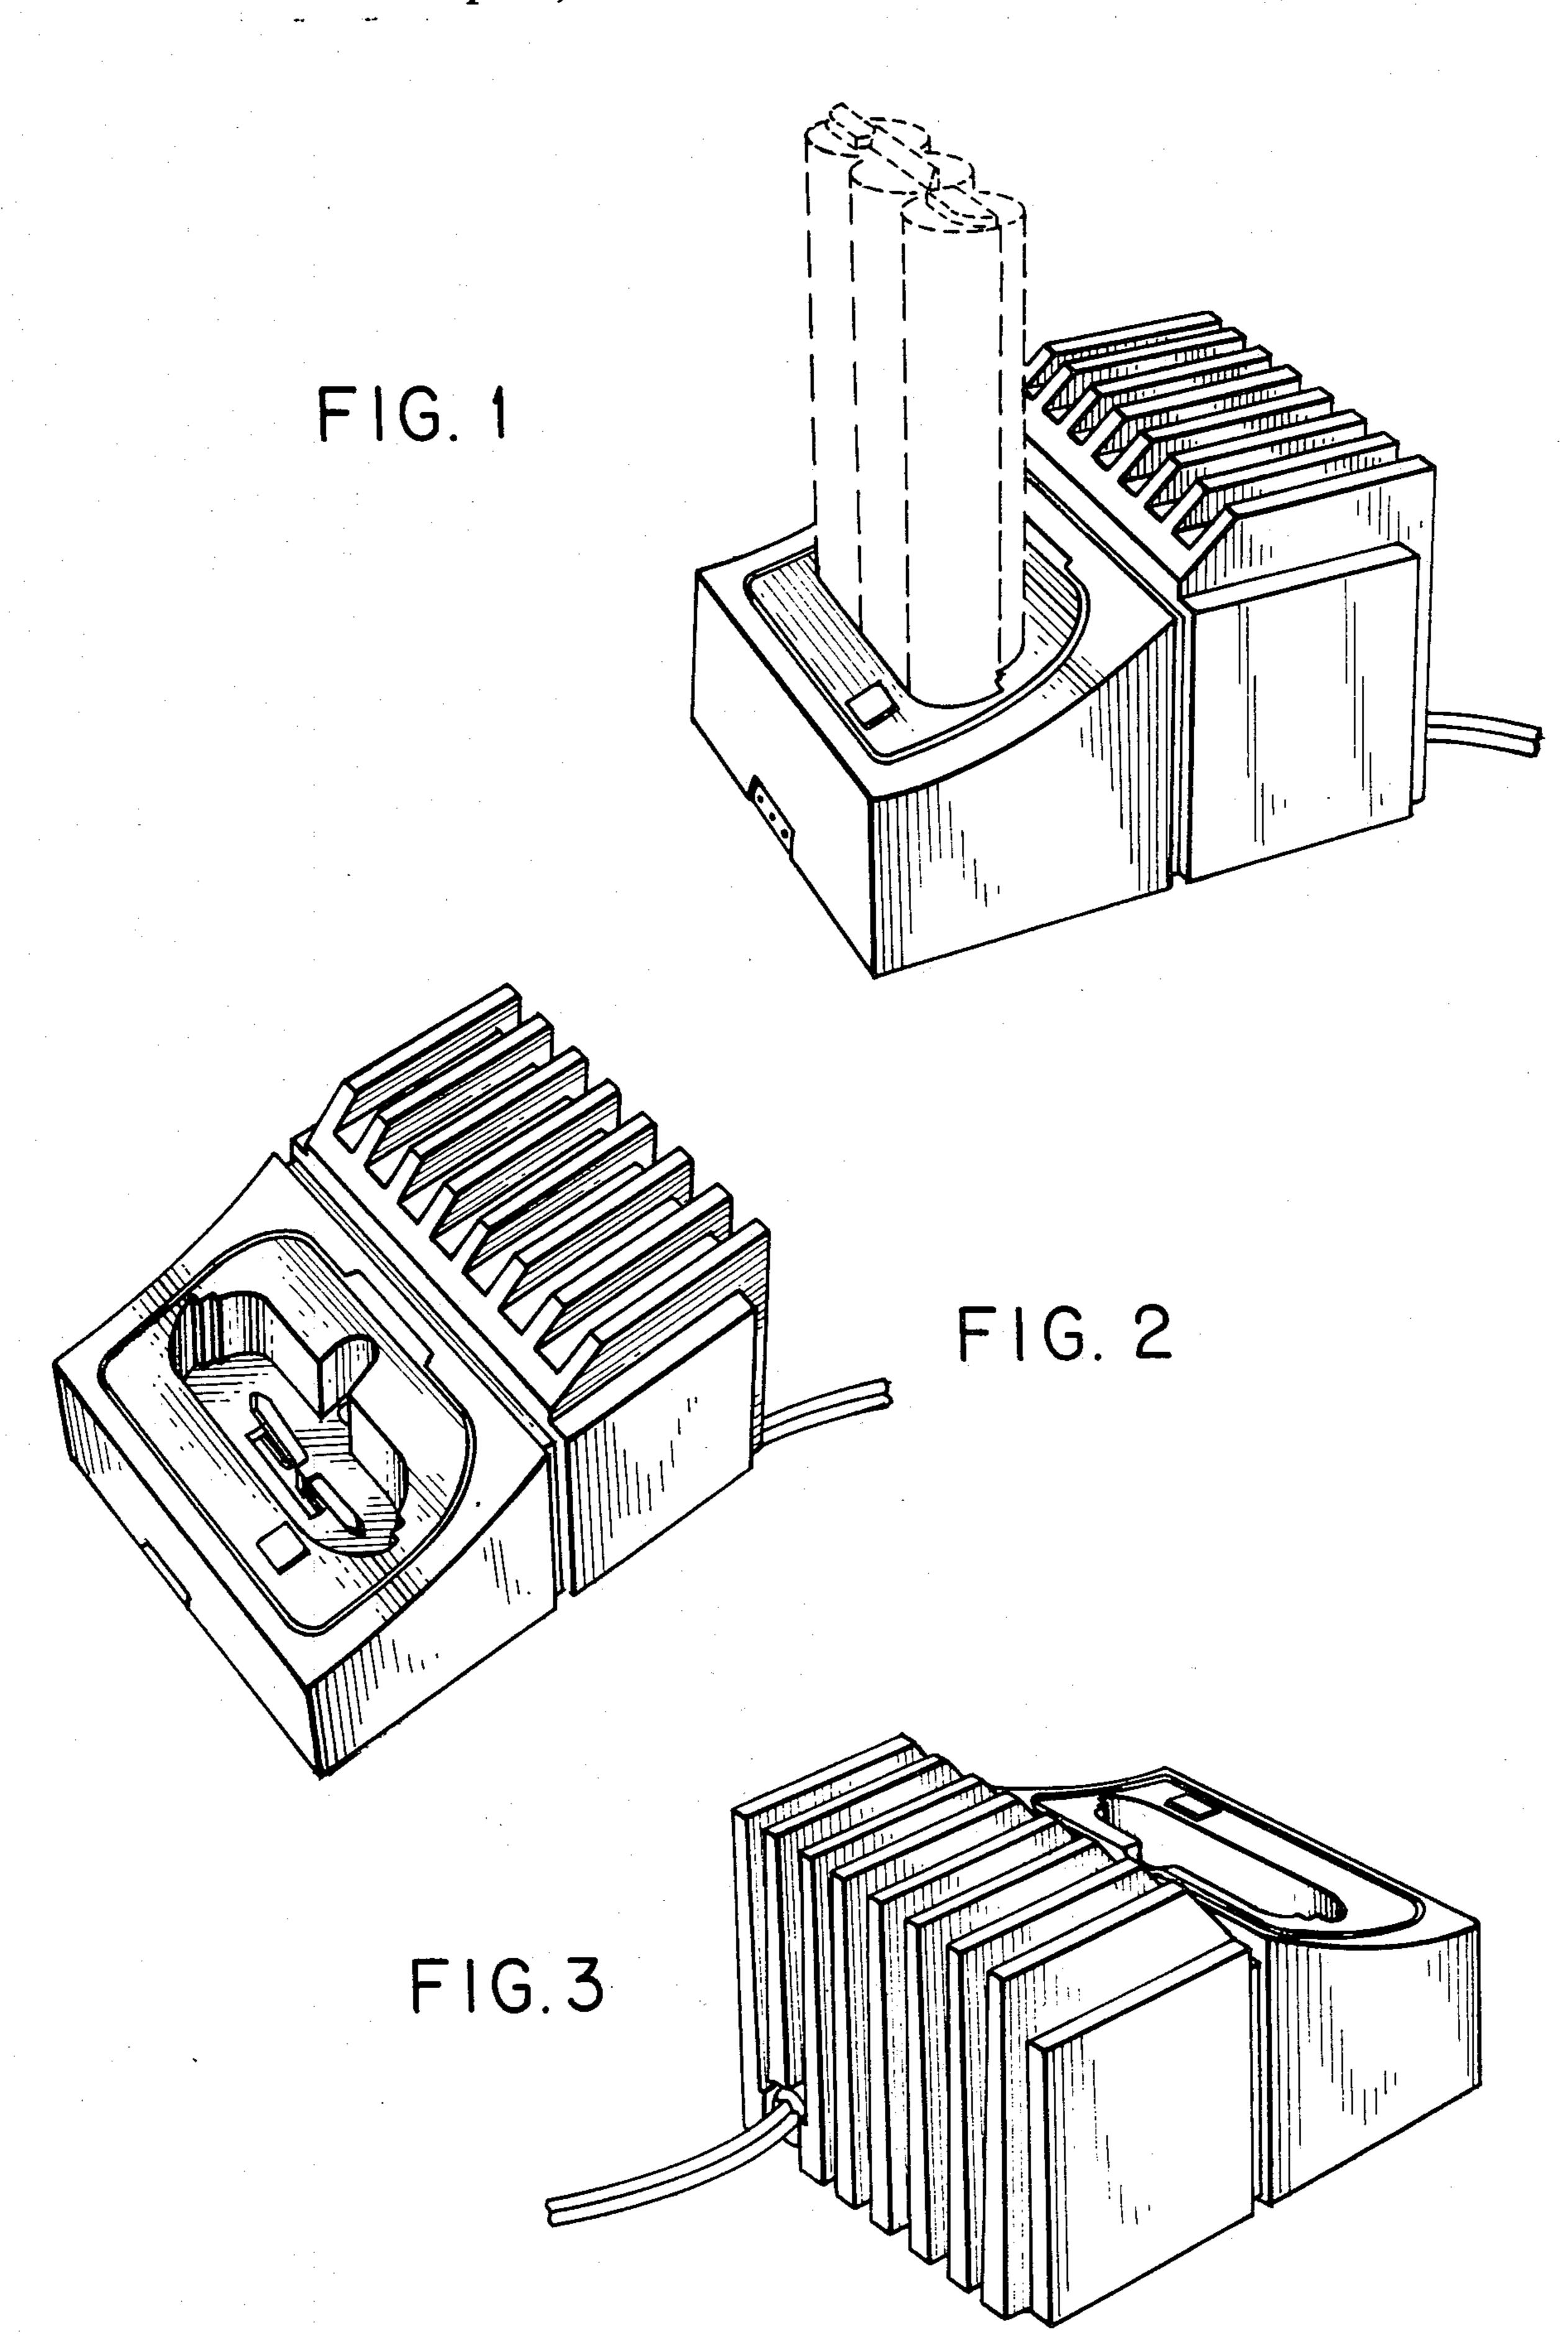

FIG. 10 is a left side perspective view of a second embodiment of the battery charger housing for a portable battery operated transceiver shown in FIG. 1, the undisclosed sides being the same in appearance as that shown in FIGS. 3-9.

FIG. 11 is a top perspective view thereof.

The dotted line disclosure shown in FIGS. 1 and 11 is for illustrative purposes only and forms no part of the claimed design.
