[57] CLAIM

The ornamental design for a combined bottle opener with shot measurer, as shown.

DESCRIPTION

FIG. 1 is a top, front, right side perspective view of a bottle opener with shot measure showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevation thereof, the opposite side being a mirror image;

FIG. 4 is a front elevation thereof; and

FIG. 5 is a rear elevation thereof.
