[57] CLAIM

The ornamental design for an air-cooled compact electric lamp, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an air-cooled compact electric lamp embodying my new design;
 FIG. 2 is a side elevational view thereof on a reduced scale, the opposite side being identical;
 FIGS. 3 and 4 are top and bottom plan views, respectively, thereof on a reduced scale;
 FIG. 5 is a perspective view of a second embodiment of my new design wherein air vents of modified configuration are employed at both ends and around the medial portion of the lamp;
 FIG. 6 is a side elevational view thereof on a reduced scale, the opposite side being identical; and
 FIGS. 7 and 8 are top and bottom plan views, respectively, thereof on a reduced scale.

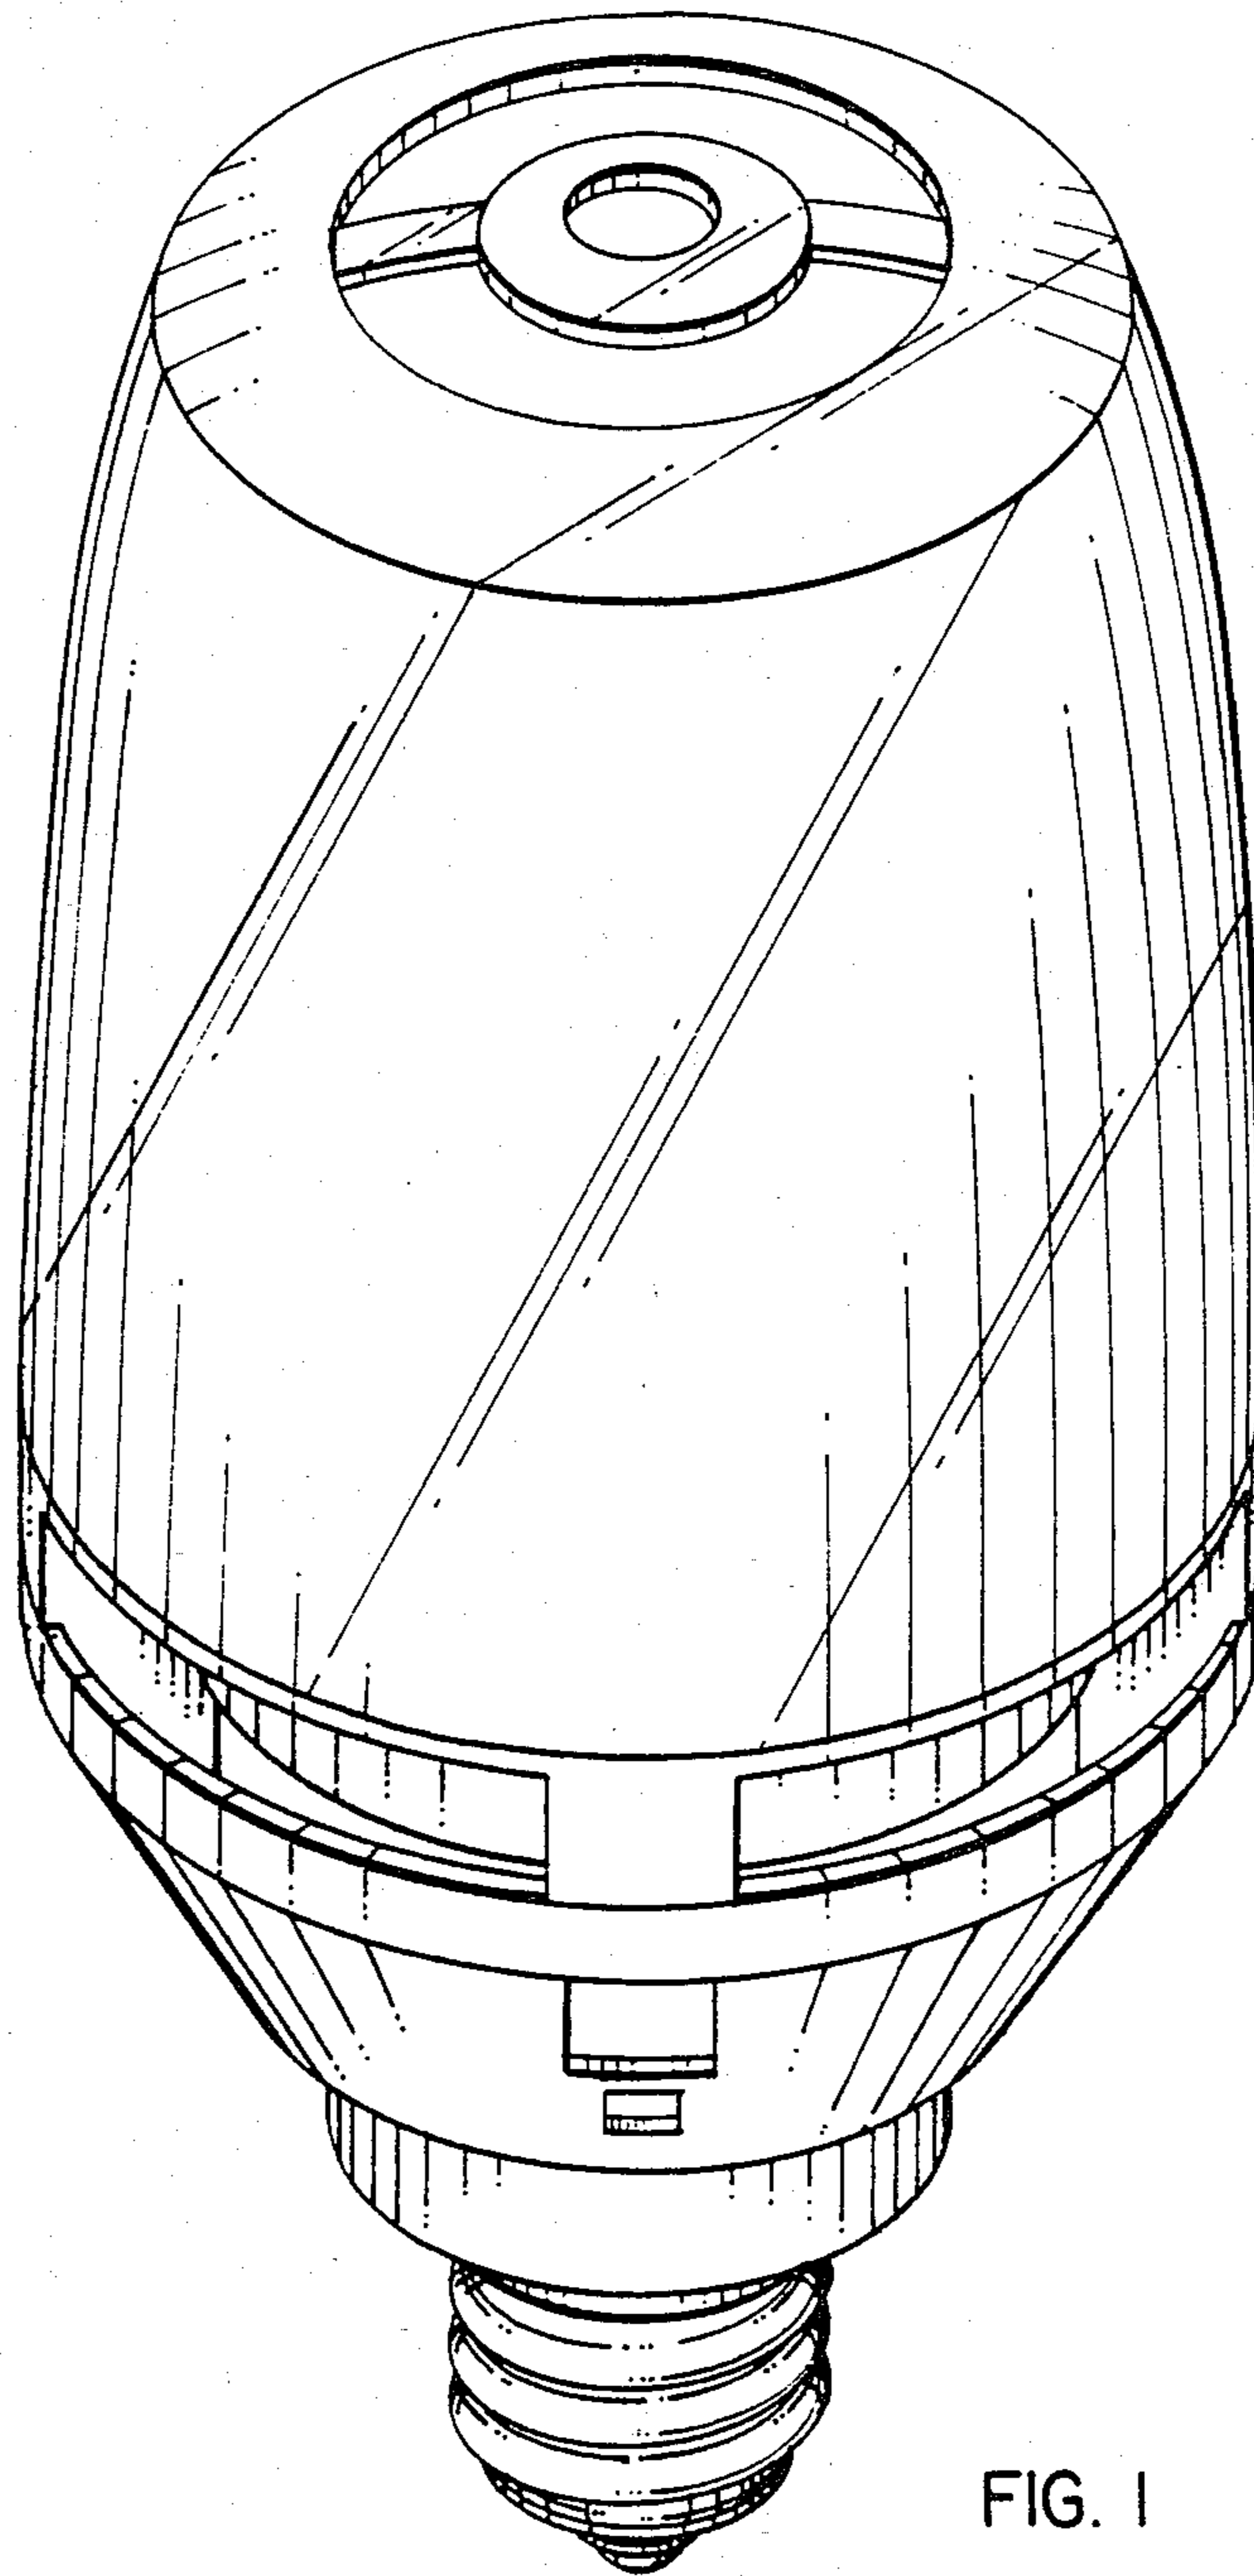

FIG. 1
