[57] CLAIM

The ornamental design for electronic circuit control rack module, as shown.

DESCRIPTION

FIG. 1 is a front perspective view of an electronic circuit control rack module showing my new design; FIG. 2 is a rear perspective view thereof; FIG. 3 is an enlarged front elevational view thereof shown in two parts for ease of illustration only; FIG. 4 is an enlarged rear elevational view thereof shown in two parts for ease of illustration only; FIG. 5 is a top plan view thereof; and FIG. 6 is a right side elevational view thereof, which is a mirror image of a left side elevational view thereof. A bottom view of the module would be a mirror image of FIG. 5 without the set of four groups of 5x11 vent holes.
