[57] CLAIM

The ornamental design for a telephone, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the handset of a novelty telephone showing our new design; FIG. 2 is an elevational view of one side thereof, the opposite side being substantially the same; FIG. 3 is a front elevational view thereof, the rear elevational view being substantially the same; FIGS. 4 and 5 are respectively top plan and bottom plan views thereof; FIG. 6 is a perspective view of the handset of our novelty telephone mounted upon a base; FIG. 7 is a perspective view of the base of our novelty telephone with the handset removed; FIG. 8 is an elevational view of a side of the base, the opposite side being substantially a mirror image; FIG. 9 is a front elevational view of the base, the opposite side being substantially the same; and FIG. 10 is a top plan view thereof, and the bottom of the base is unadorned and is normally not exposed in routine use.
