[57] CLAIM

The ornamental design for a combined chair and bookrack, as shown and described.

DESCRIPTION

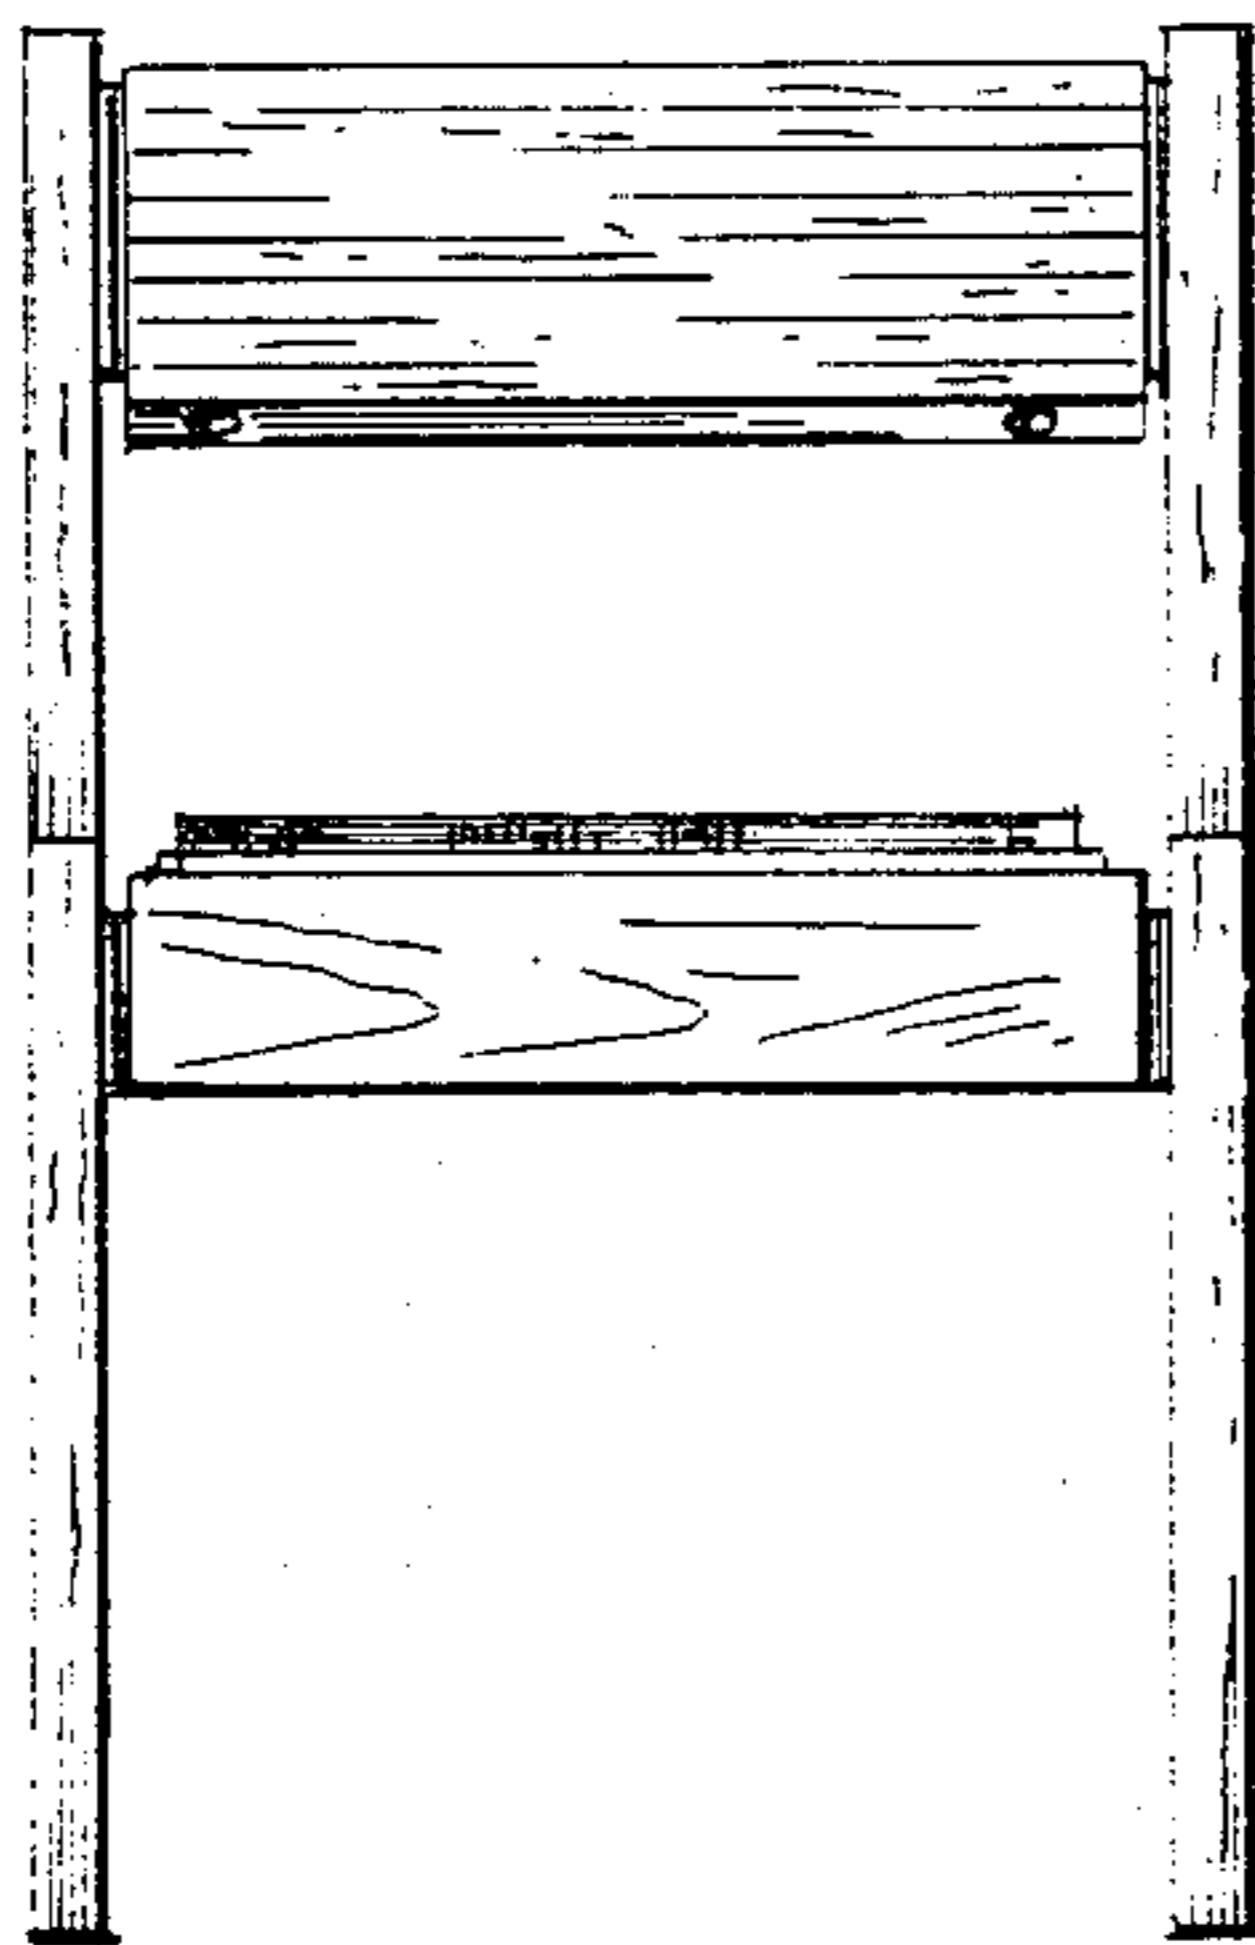

FIG. 1 is a perspective view of a combined chair and bookrack showing my new design; FIG. 2 is a front elevational view; FIG. 3 is a rear elevational view; FIG. 4 is a top plan view; FIG. 5 is a right elevational view; FIG. 6 is a fragmentary sectional view taken along section line 6—6 of FIG. 5; and FIG. 7 is a right elevational view, partly in section. The design is characterized by the combination of an inset backrest member in association with a bookrack disposed between the rear leg members, all as best illustrated in FIGS. 1, 5 and 7.
