[57] CLAIM

The ornamental design for an adjustable computer display and base, as shown and described.

DESCRIPTION

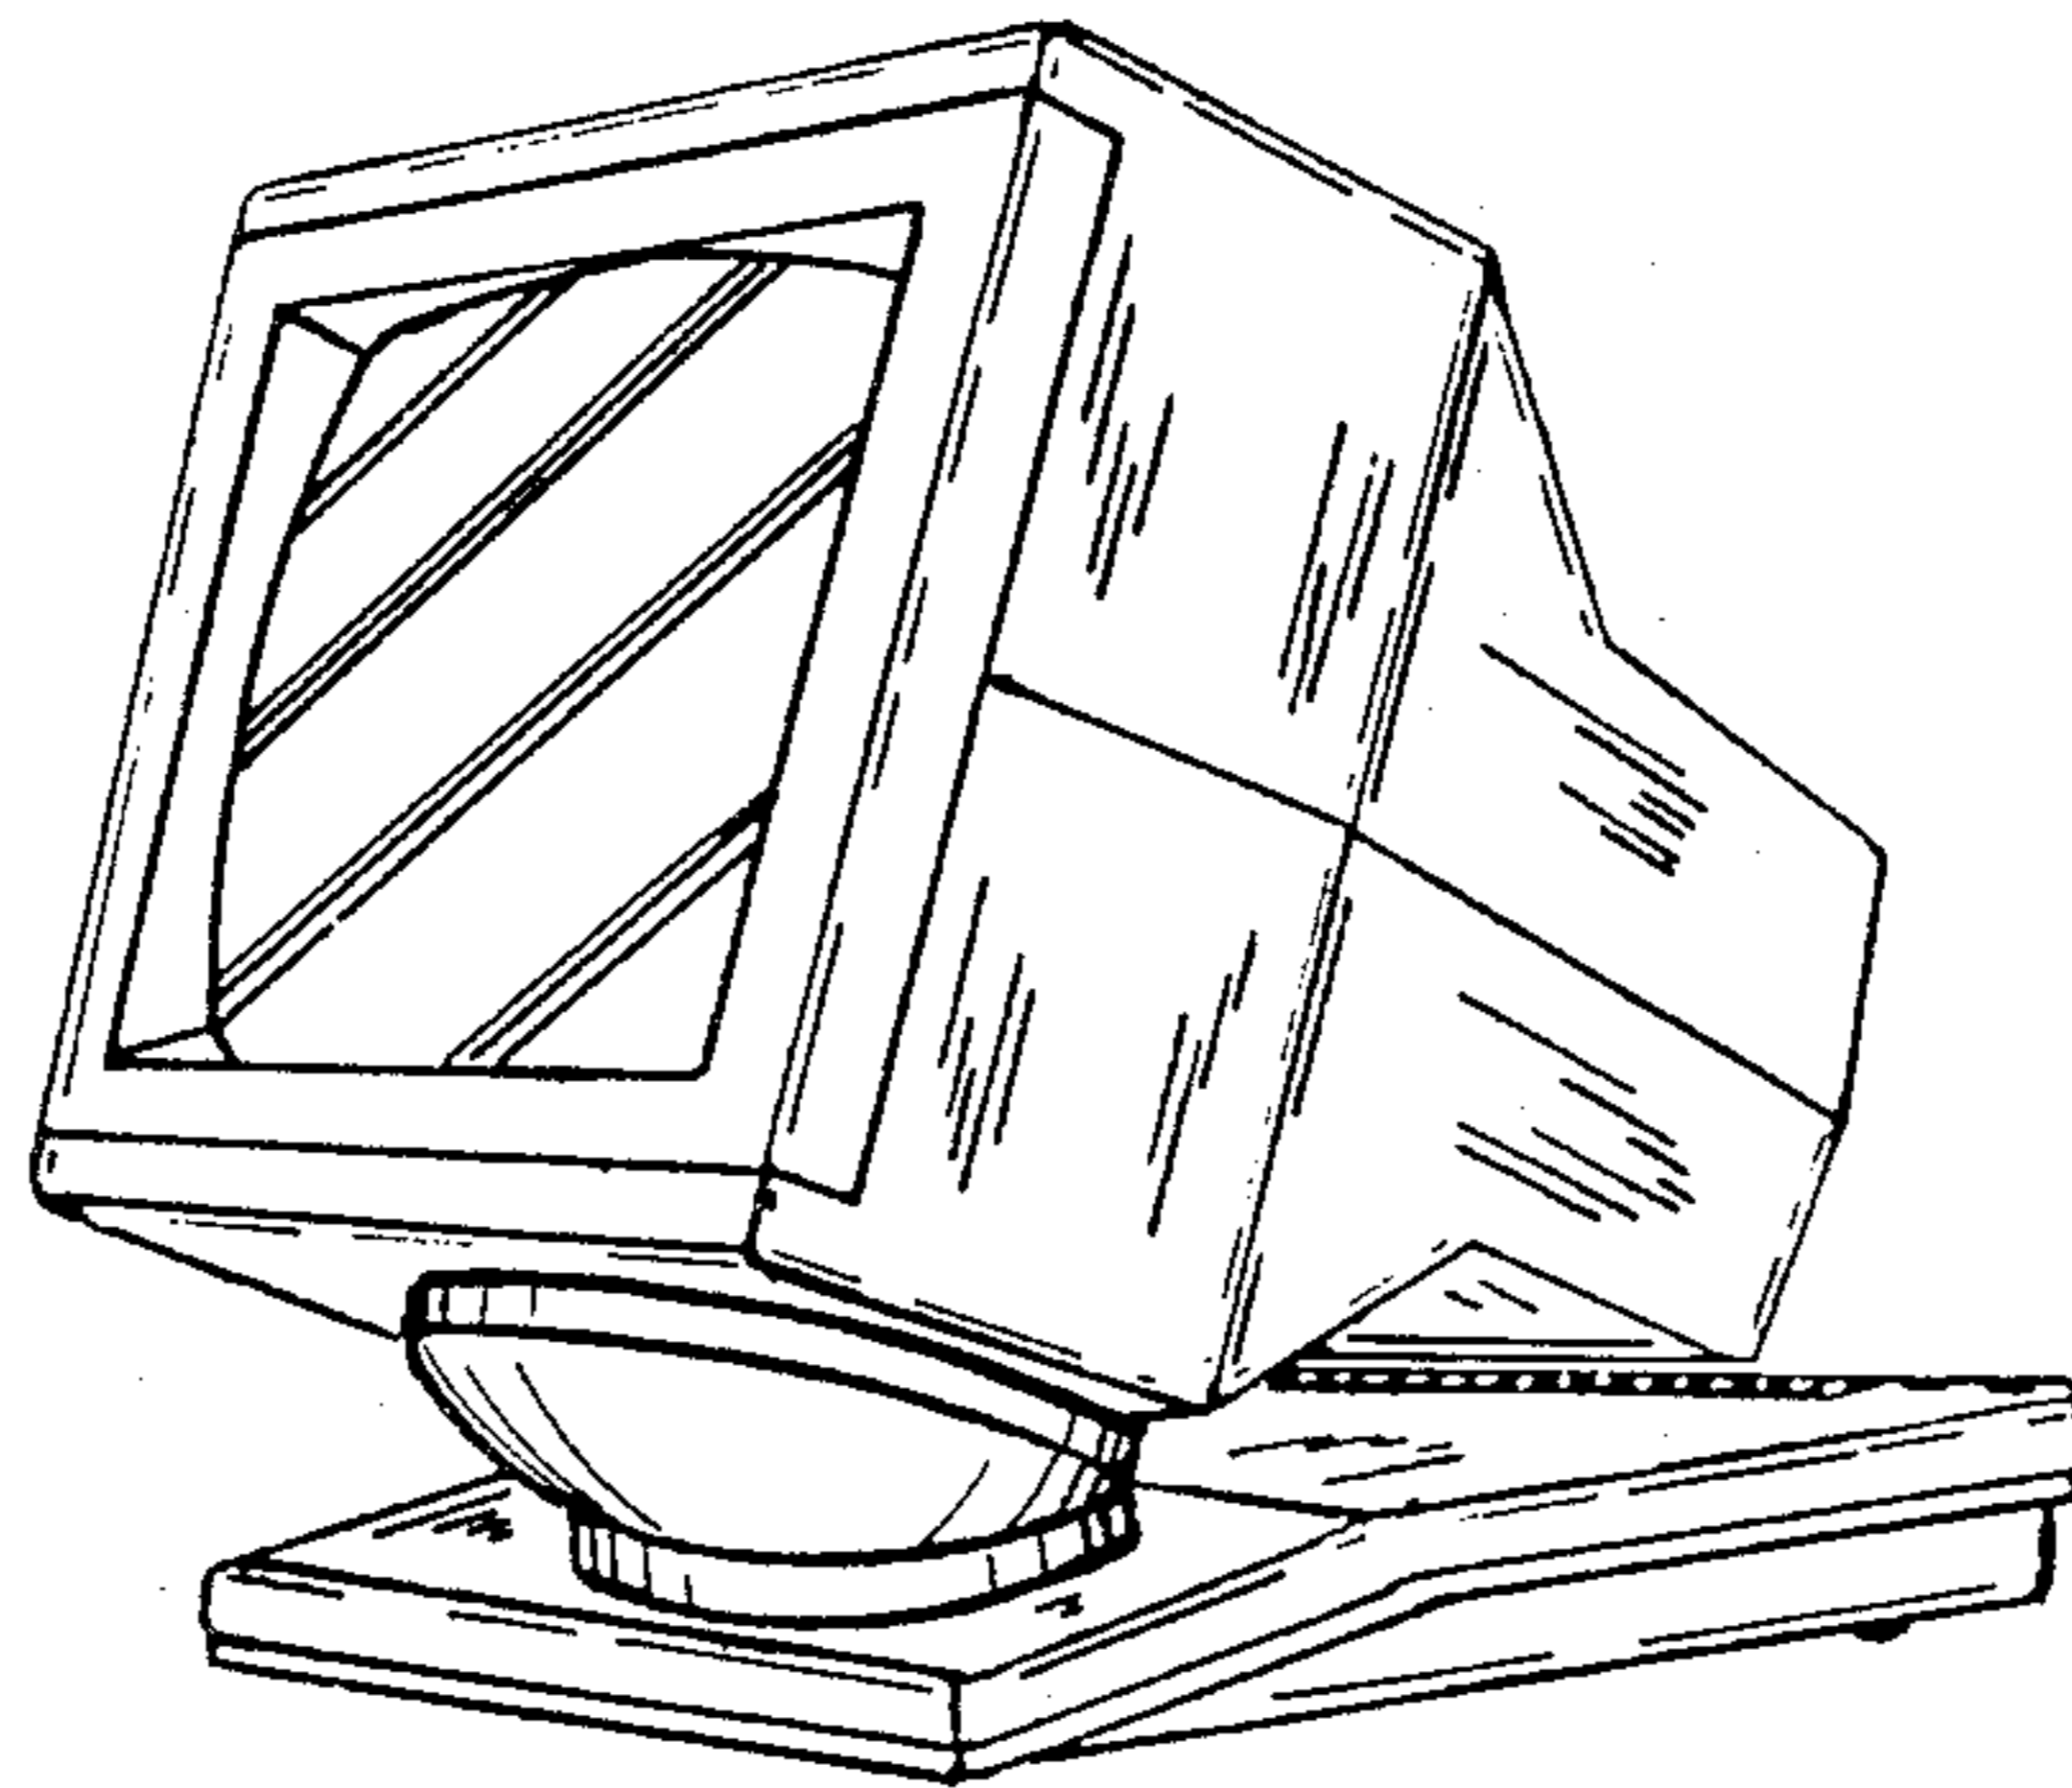

FIG. 1 is a side perspective view of the adjustable computer display and base showing our new design, the display having no tilt and being rotated slightly with respect to the base;

FIG. 2 is a top perspective view thereof;

FIG. 3 is a front perspective view thereof, the display having no rotation and being slightly tilted with respect to the base;

FIG. 4 is a side perspective view thereof on a slightly reduced scale;

FIG. 5 is a front perspective view thereof on the same scale as FIG. 4, the display being rotated with respect to the base.

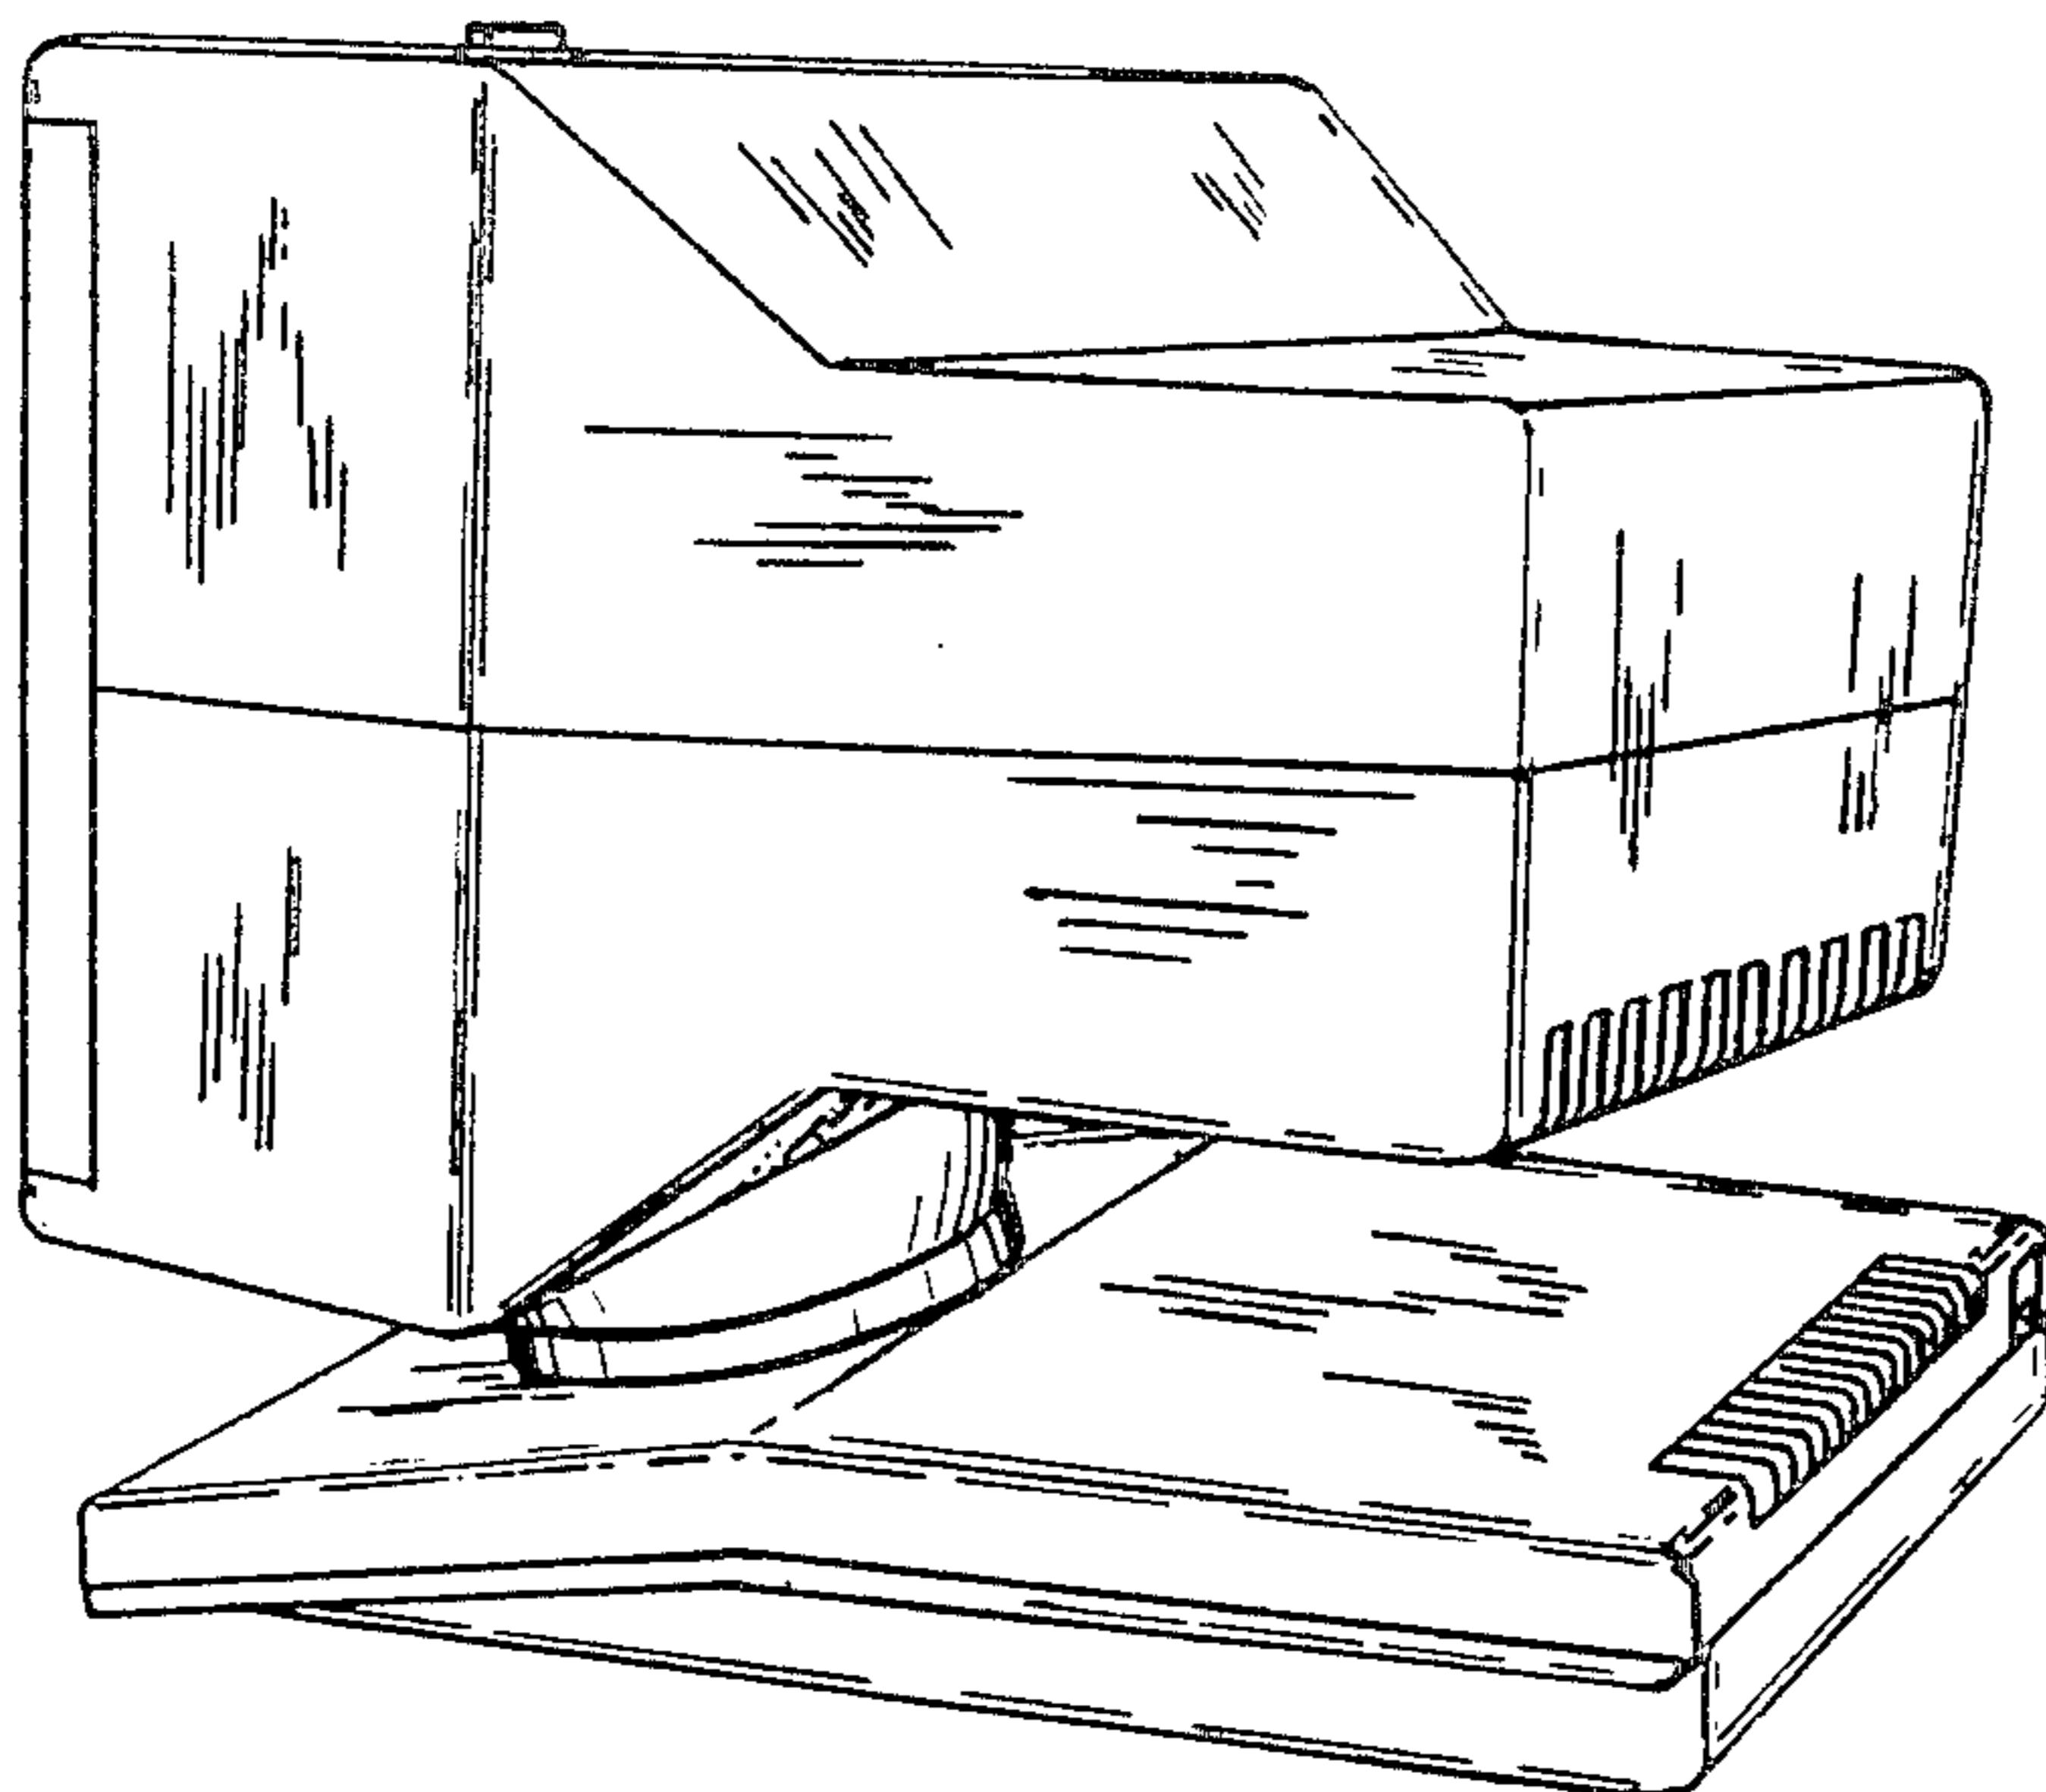

FIG. 1.

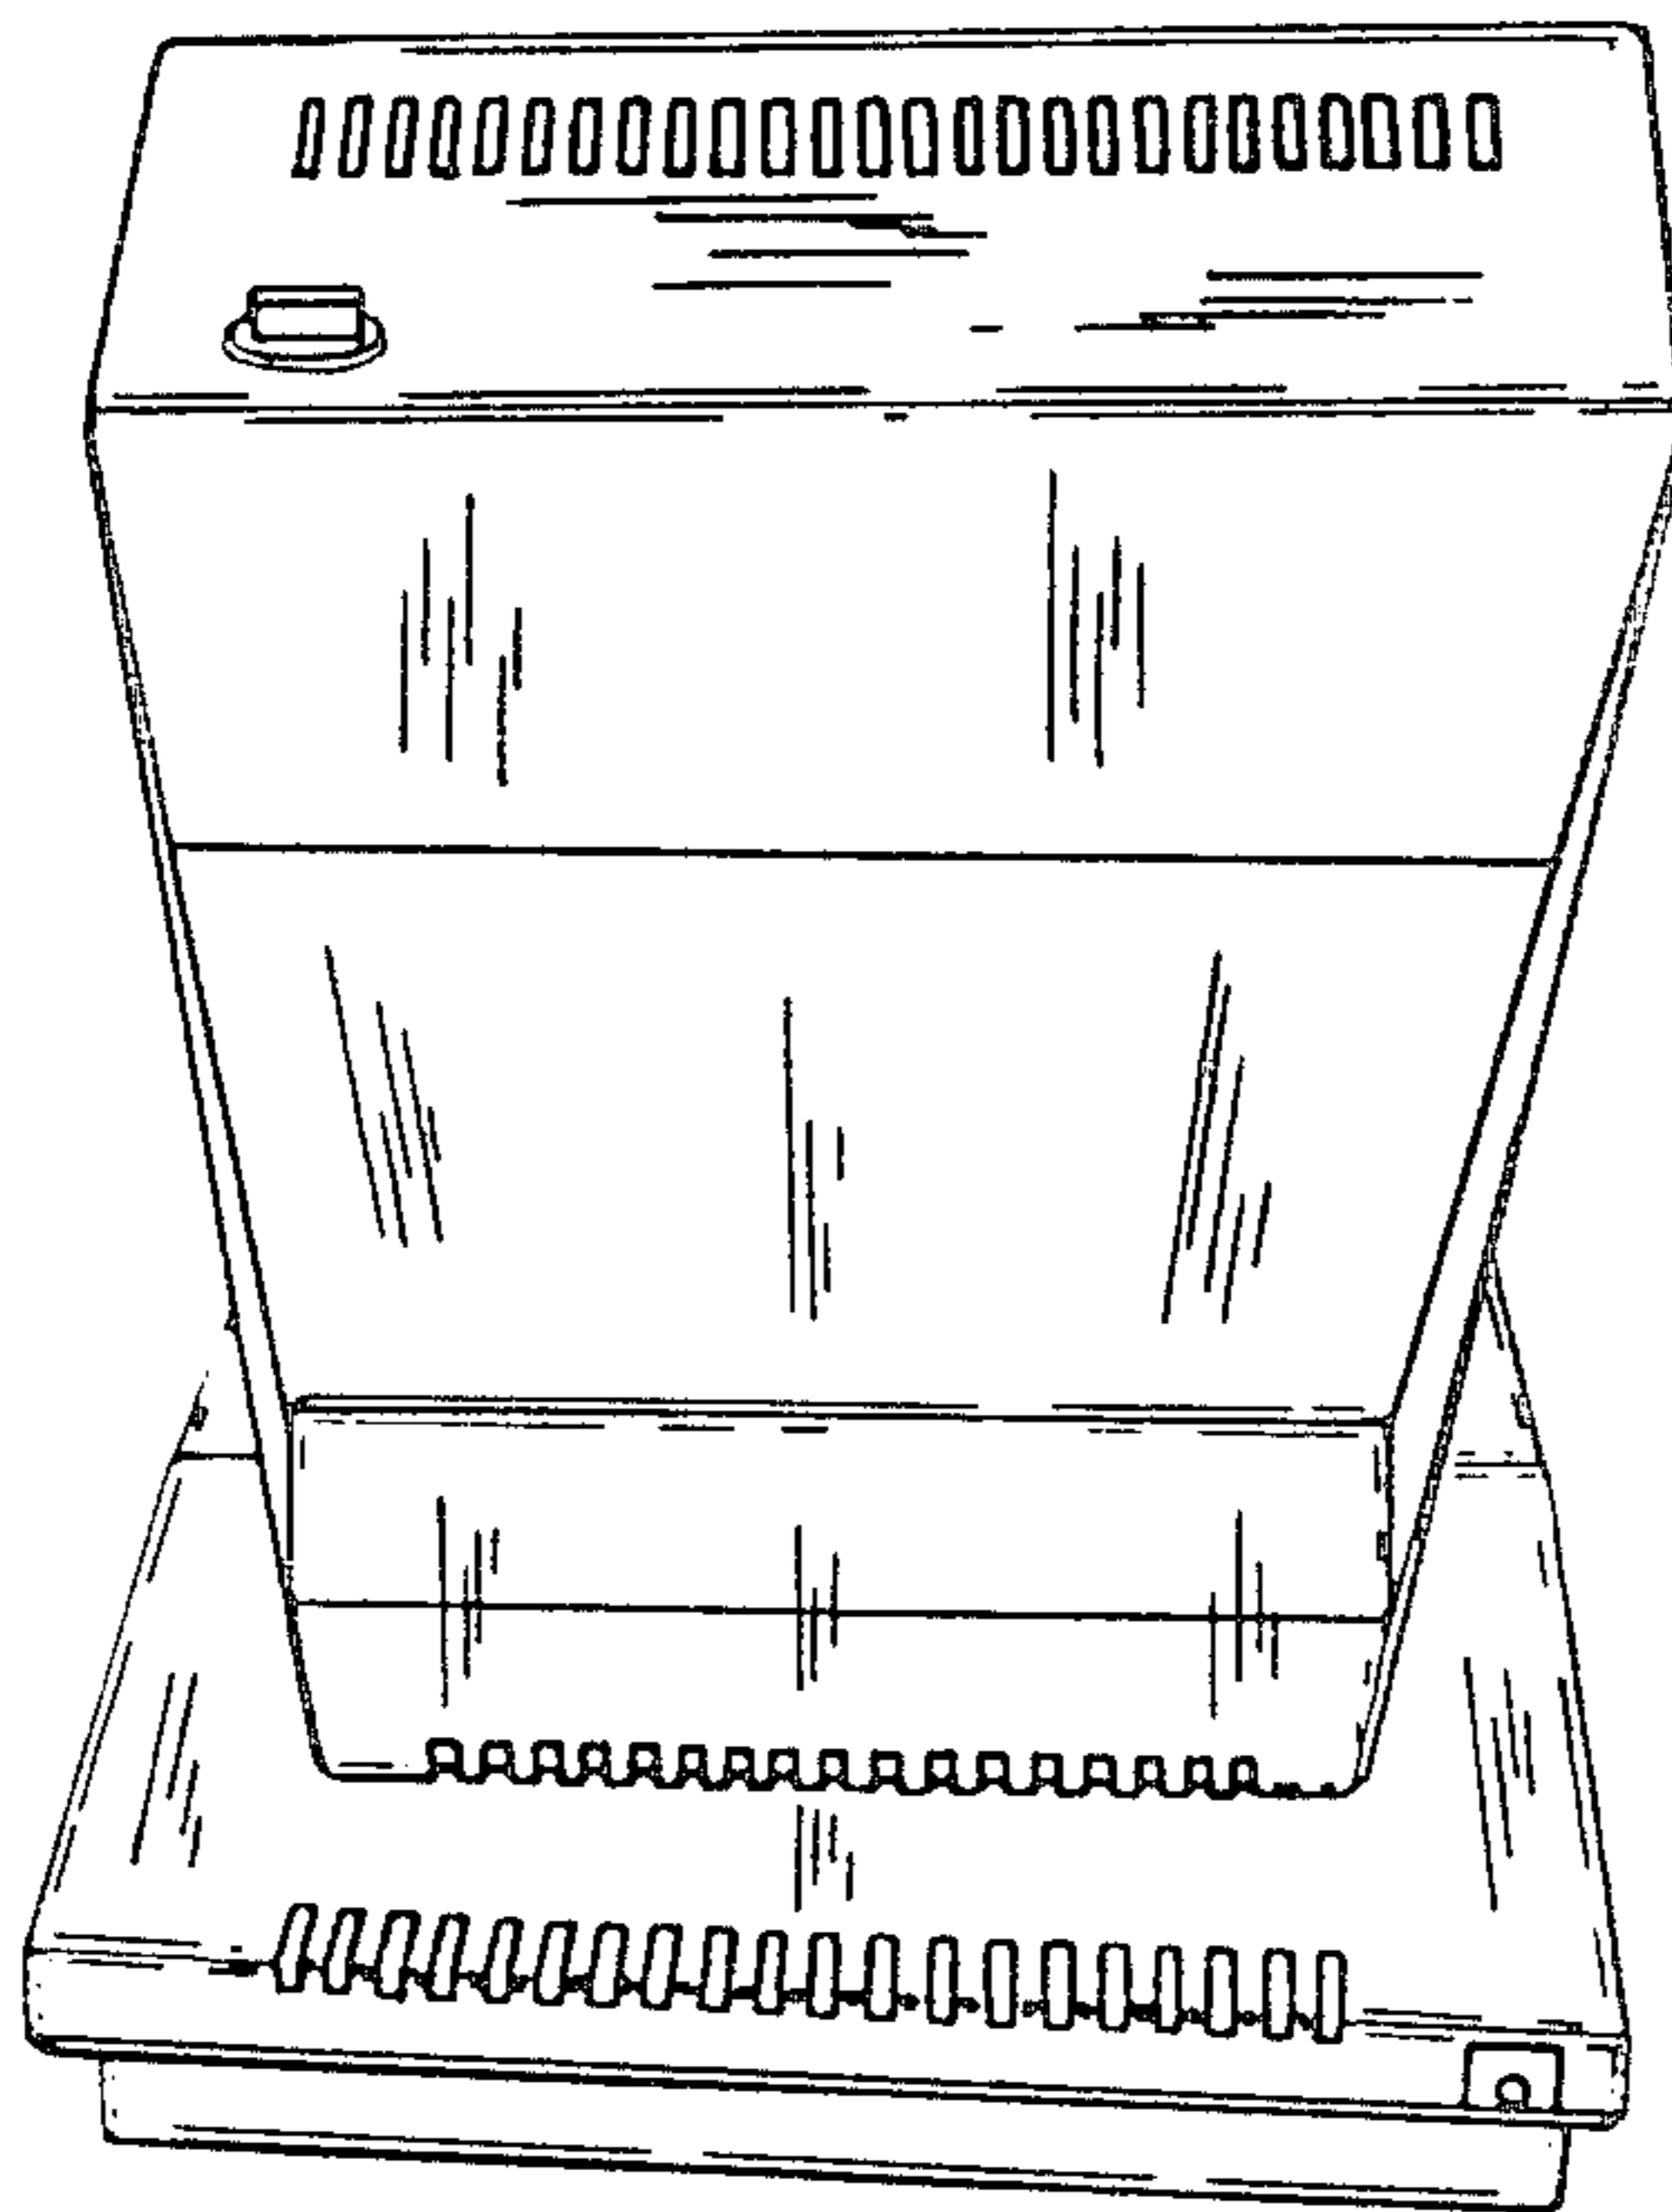

FIG. 2.

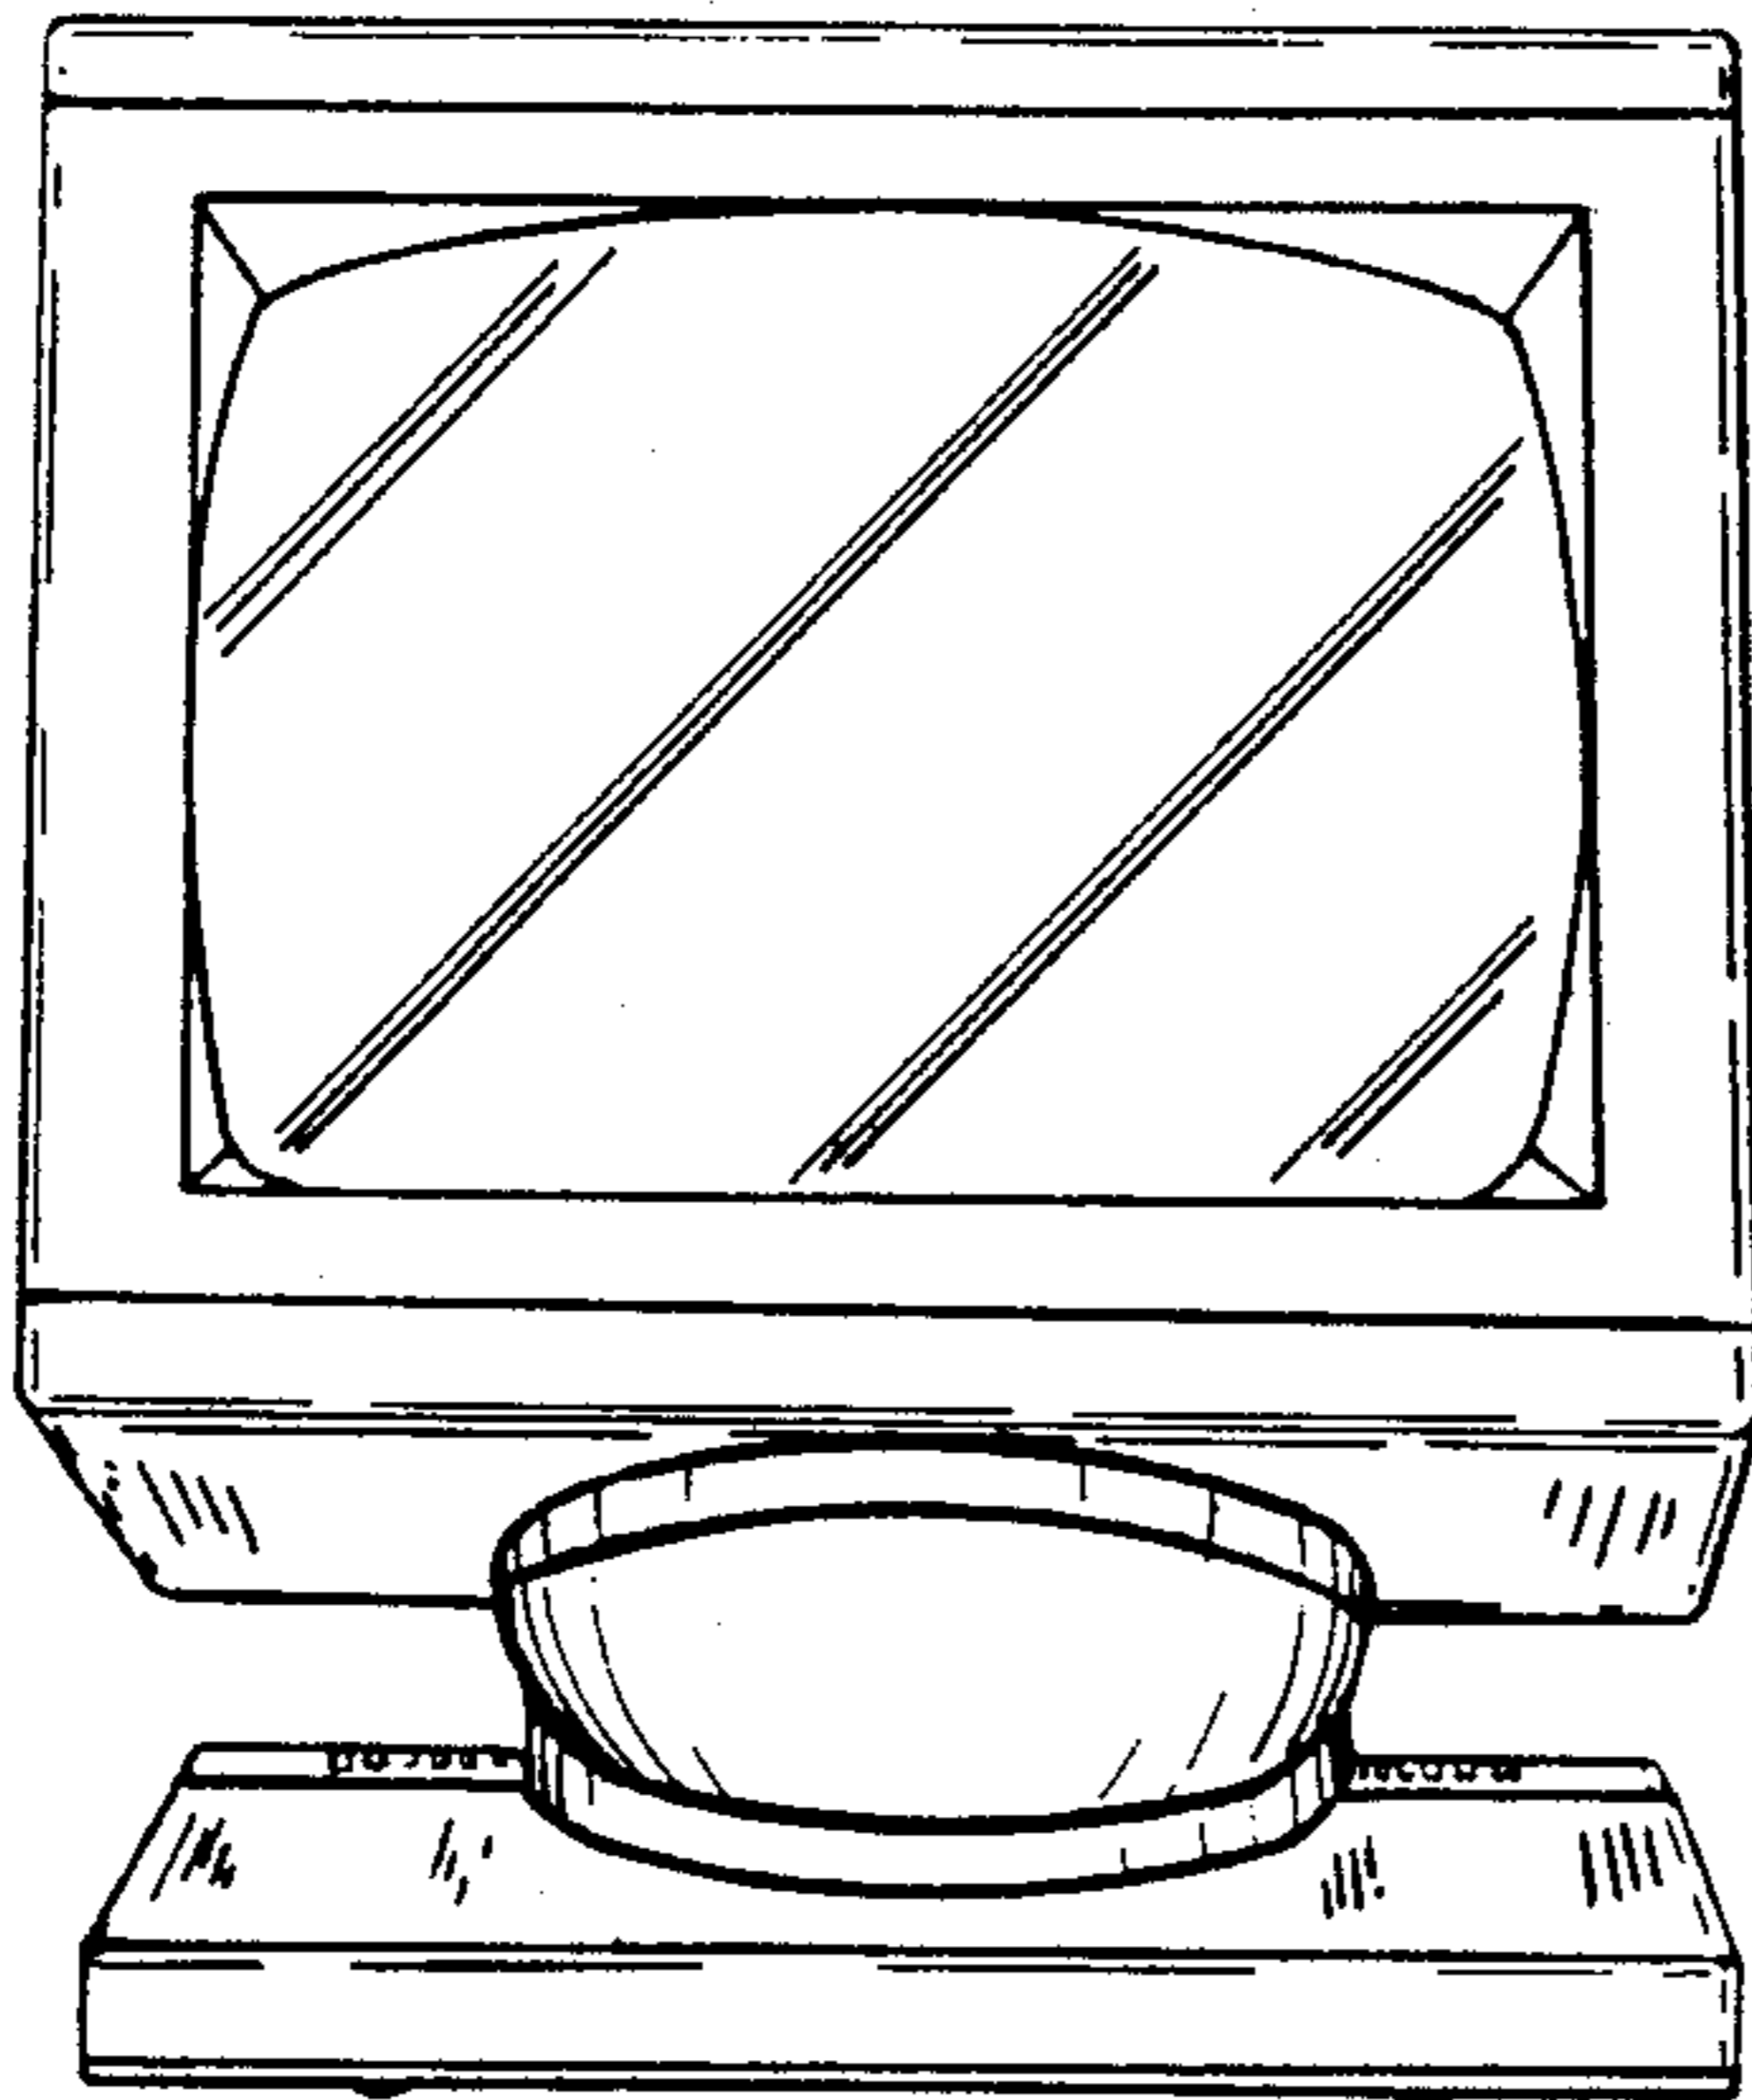

FIG. 3.

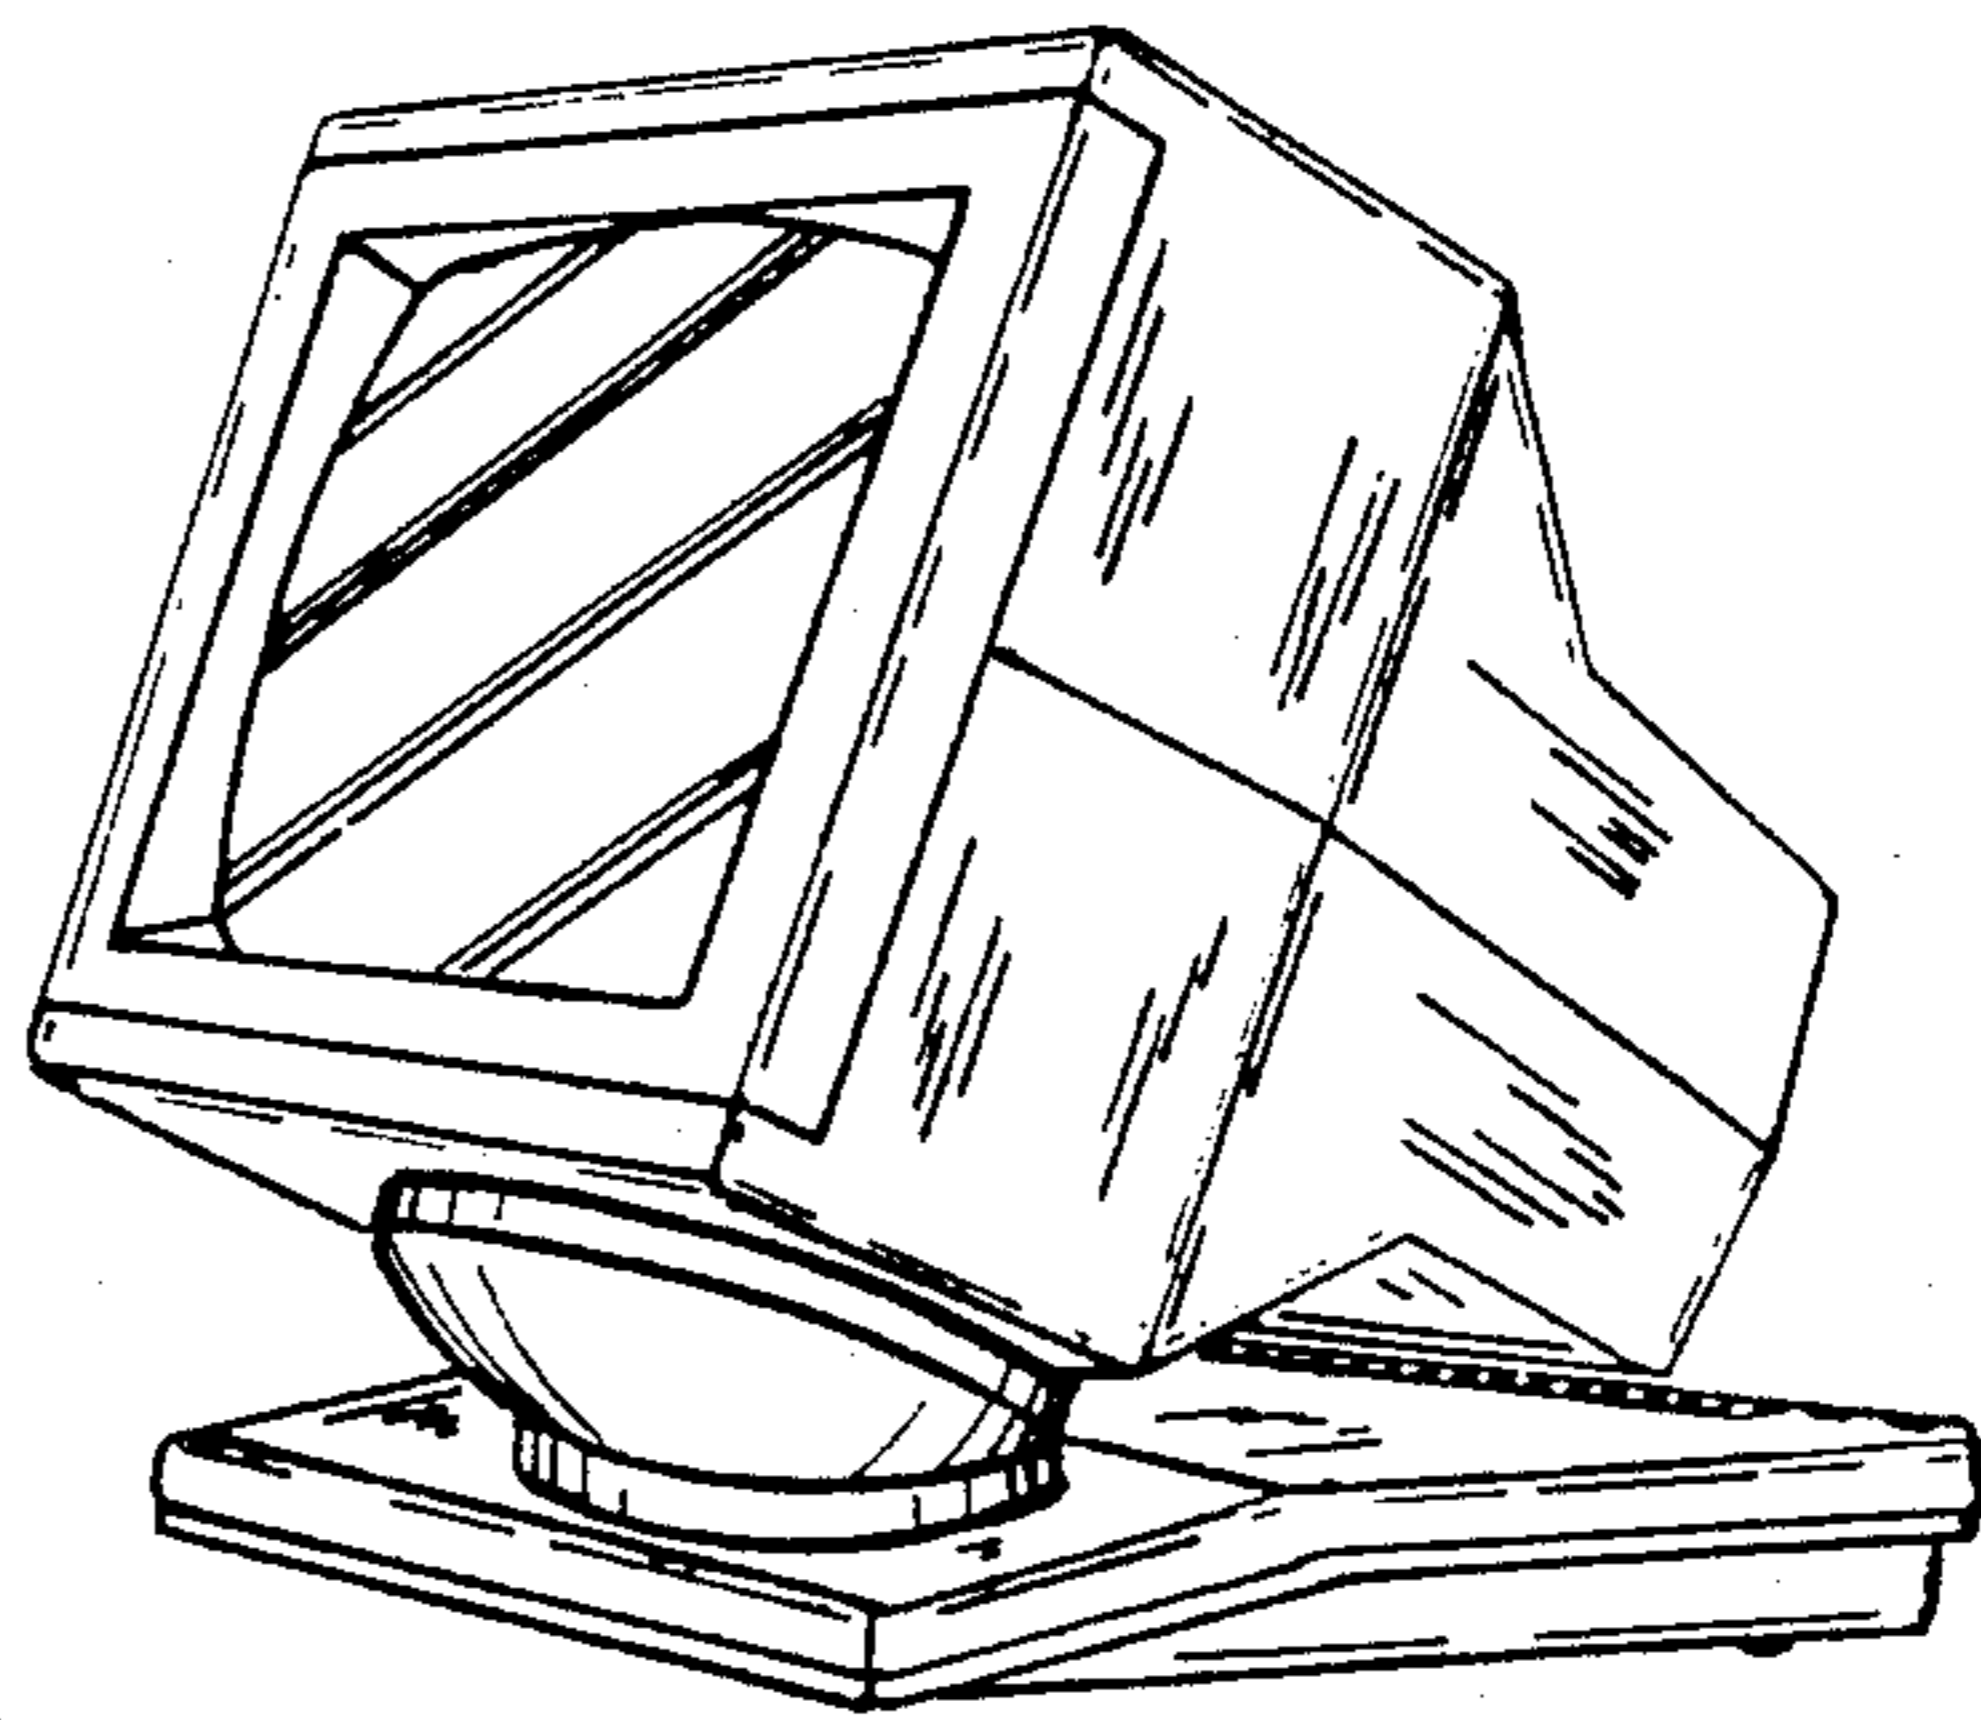

FIG. 4.

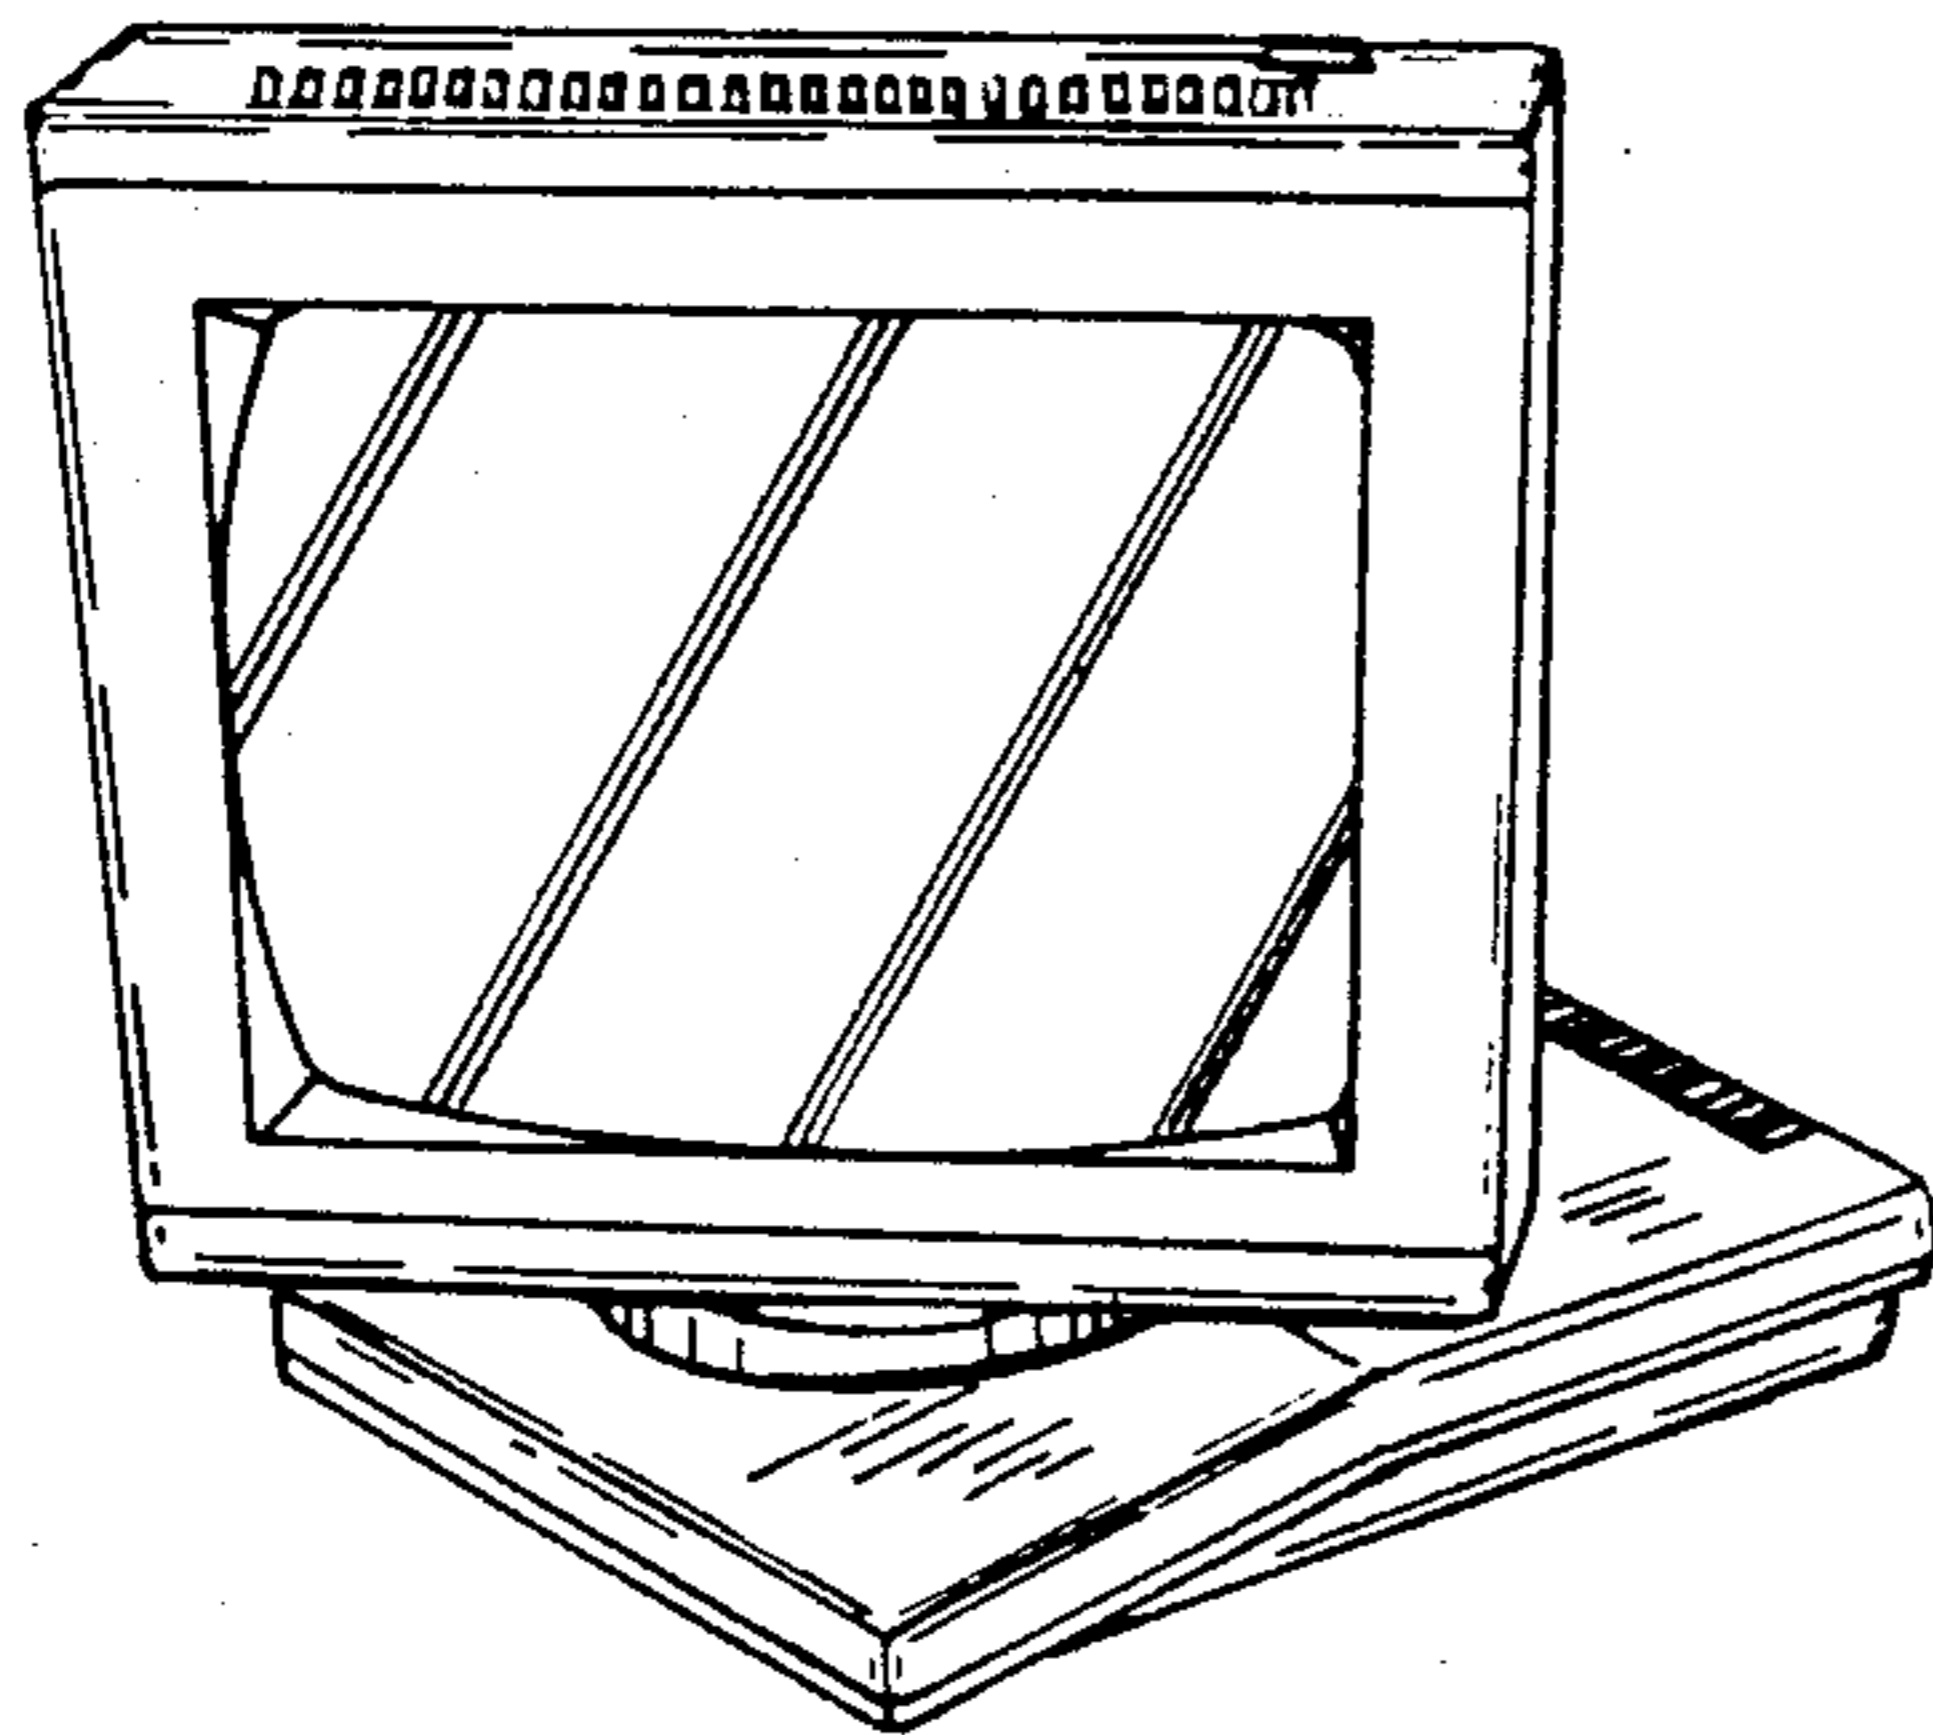

FIG. 5.
