[57] CLAIM

The ornamental design for a covered food storage container or the like, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a covered food storage container or the like showing our new design; FIGS. 2-4 are top perspective views of modifications of the covered food storage container of FIG. 1; FIG. 5 is an end elevational view of FIG. 1; the end opposite being identical thereto; FIGS. 6-8 are end elevational views of FIGS. 2-4 respectively, the opposite ends being identical thereto; FIG. 9 is a side elevational view of FIG. 1; the side opposite being identical thereto; FIGS. 10-12 are side elevational views of FIGS. 2-4 respectively, the sides opposite being identical thereto; FIG. 13 is a top plan view of FIG. 1, it being understood that the size and proportions of the top plan of FIGS. 2-4 are identical hereto; and FIG. 14 is a bottom plan view of FIG. 1, it being understood that the size and proportions of the bottom plan of FIGS. 2-4 are identical hereto.
 The stippled shading on the design represents a frosted (opaque or translucent) material and the end walls thereof are shaded to represent a semi-transparent material.
