[57] CLAIM

The ornamental design for a storage and transport case for fishing tackle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a storage and transport case for fishing tackle embodying our new design, with one of its two sliding doors shown in its open position to reveal various interior details; FIG. 2 is an end elevational view thereof with the opposite end being a mirror image; FIG. 3 is a top plan view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a bottom plan view thereof; and FIG. 6 is a front elevational view thereof, with both doors in their closed positions. While a partial showing of surface texture is shown on the doors and rear panel in FIGS. 1, 4, and 6 of the drawings, it should be understood that the surface texture covers the entire surface of the doors and rear panel.
