The ornamental design for a staple gun having a staple storage compartment, substantially as shown and described.

DESCRIPTION

FIG. 1 is a left side view of a staple gun showing my new design;
FIG. 2 is a front view thereof;
FIG. 3 is a rear view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a right side view thereof; and
FIG. 7 is a fragmentary view of the upper right portion of the staple gun as seen in FIG. 1, showing the door of the storage compartment in open position.
The distinctive feature of my design resides in the provision of a translucent portion in the windowed grip whereby to lighten the appearance of the staple gun.
