[57] CLAIM

The ornamental design for an electro-optic display for a timepiece, as substantially shown and described.

DESCRIPTION

FIG. 1 is a perspective view of electro-optic display for a timepiece showing my new design in an operative mode with a representative time indication;
FIG. 2 is a front elevational view of the display in inactive mode;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a right side elevational view thereof;
FIG. 6 is a cross-sectional view taken on the line A—A of FIG. 2; and
FIG. 7 is a front elevational view of the display in operative mode with a representative time indication.

FIG. 1
