[57] CLAIM

The ornamental design for a bicycle tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a bicycle tire showing my new design, it being understood that the tread pattern shown is continuously repeated throughout the circumference of the bicycle tire it being understood that the opposite side is the same as that shown; FIG. 2 is an enlarged fragmentary plan view showing the tread pattern in greater detail; and FIG. 3 is a transverse section view taken along line 3—3 of FIG. 2 illustrating the profile of the bicycle tire.

FIG. 1

FIG. 2

FIG. 3
