[57] **CLAIM**

The ornamental design for an angulated venipuncture needle, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of an angulated venipuncture needle showing my new design.

FIG. 2 is a side view of the angulated venipuncture needle as shown in FIG. 1 as observed from the left side thereof.

FIG. 3 is a top plan view of the angulated venipuncture needle shown in FIG. 1.

FIG. 4 is a front elevational view of the angulated venipuncture needle shown in FIG. 1.

FIG. 5 is a rear elevational view of the angulated venipuncture needle as shown in FIG. 1.

FIG. 6 is a bottom plan view of the angulated venipuncture needle shown in FIG. 1.

FIG. 7 is a cross-sectional view of the angulated venipuncture needle shown in FIG. 2.

FIG. 8 is a side view of a modified design of the angulated venipuncture needle shown in FIGS. 1-7.

FIG. 9 is a front elevational view of the modified design for the angulated venipuncture needle shown in FIG. 8.

FIG. 10 is a rear elevational view of the modified design for the angulated venipuncture needle shown in FIG. 8.

FIG. 11 is a cross-sectional view of the modified design of the angulated venipuncture needle shown in FIG. 8.
