## [57] CLAIM

The ornamental design for a circuit breaker, as shown and described.

## DESCRIPTION

FIG. 1 is a bottom plan view of a circuit breaker showing my new design;

FIG. 2 is a left side elevational view thereof, the right side being a mirror image;

FIG. 3 is a top plan view thereof;

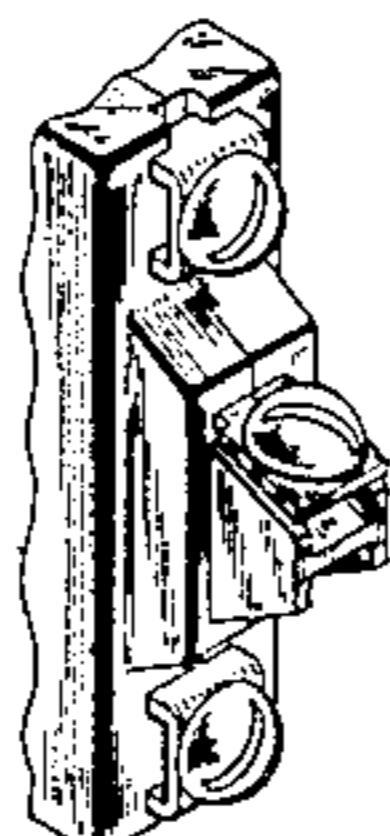

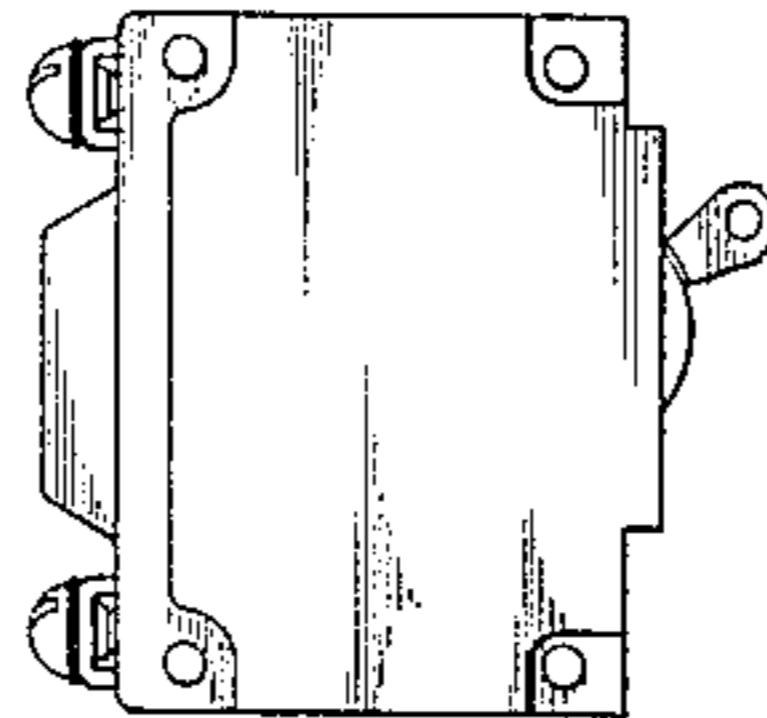

FIG. 4 is an elevational view of one end thereof, the other end being a mirror image;

FIG. 5 is a fragmentary perspective view thereof;

FIG. 6 is a fragmentary top perspective view thereof; and

FIG. 7 is a fragmentary bottom perspective view of a second embodiment of the circuit breaker.

The undisclosed portions of the second embodiment which is partially shown in FIG. 7, are identical to the portions shown in the first embodiment.
