CLAIM [57]

The ornamental design for a cabinet for storing, measuring and dispensing food staples, such as coffee, sugar, flour, or the like, as shown and described.

DESCRIPTION

The FIGURE is a perspective view of a cabinet for storing, measuring, and dispensing food staples, such as coffee, sugar, flour, or the like showing our new design. The left hand side is substantially the mirror image of the right-hand side. The rear and bottom panels of the design are perfectly plain. The printed matter shown in broken lines is for illustrative purposes only.
