[57] CLAIM

The ornamental design for a large button telephone, substantially as shown and described.

DESCRIPTION

FIG. 1 is a side, top end and front perspective view of a large button telephone showing my new design, with the handset shown mounted upon the base, with a portion of the cord being shown in broken lines for convenience of illustration, and with the cord being omitted in the remaining figures for the sake of clarity and facility of illustration;

FIG. 2 is an enlarged scale top plan view thereof;

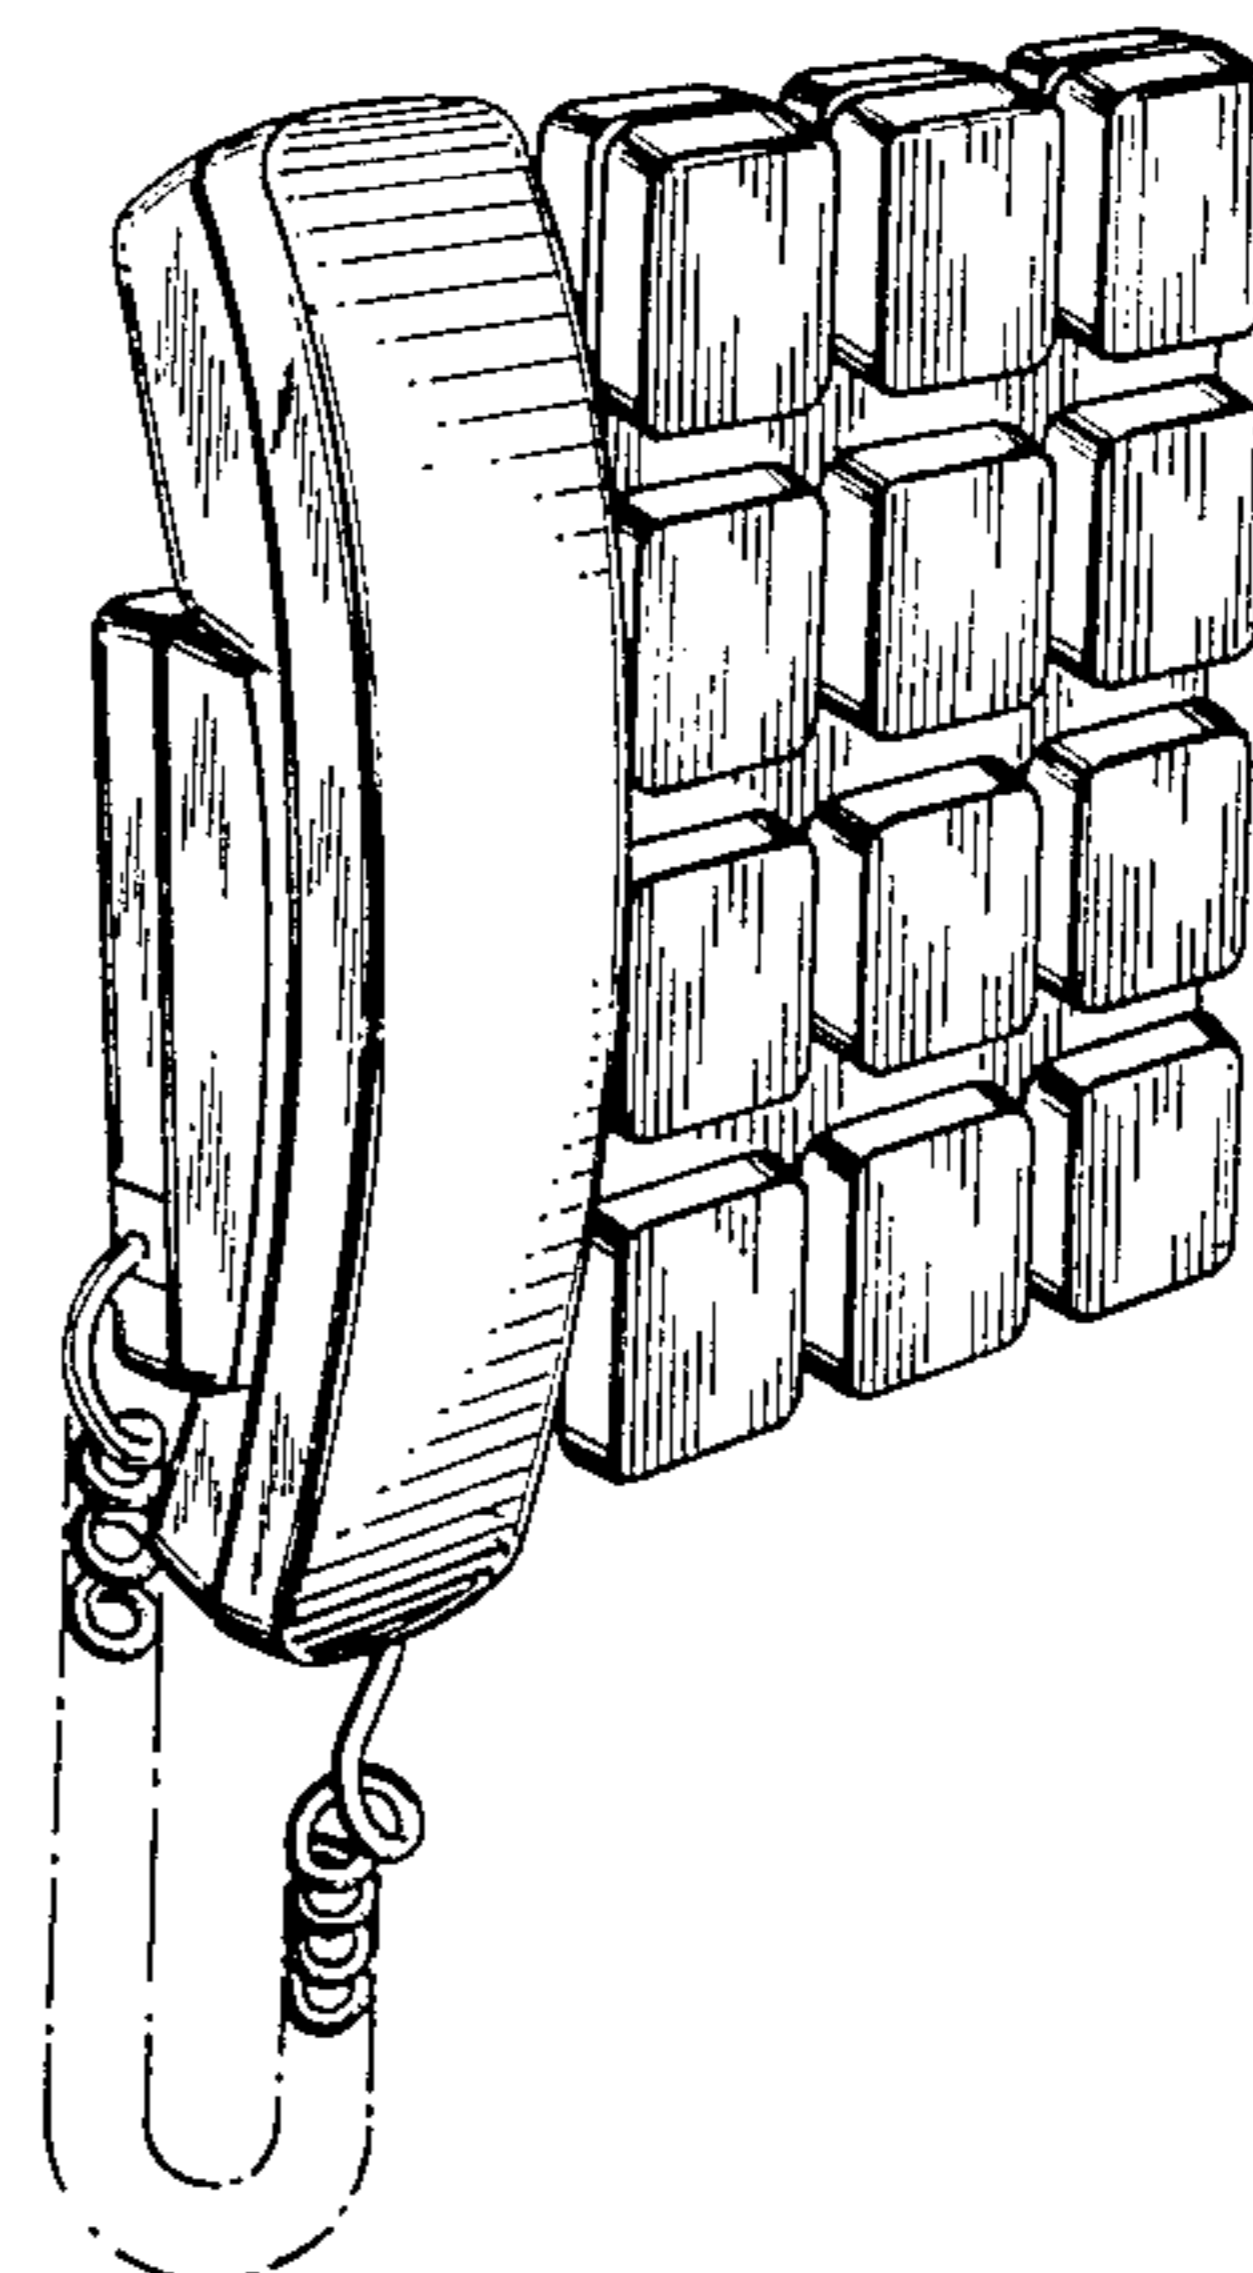

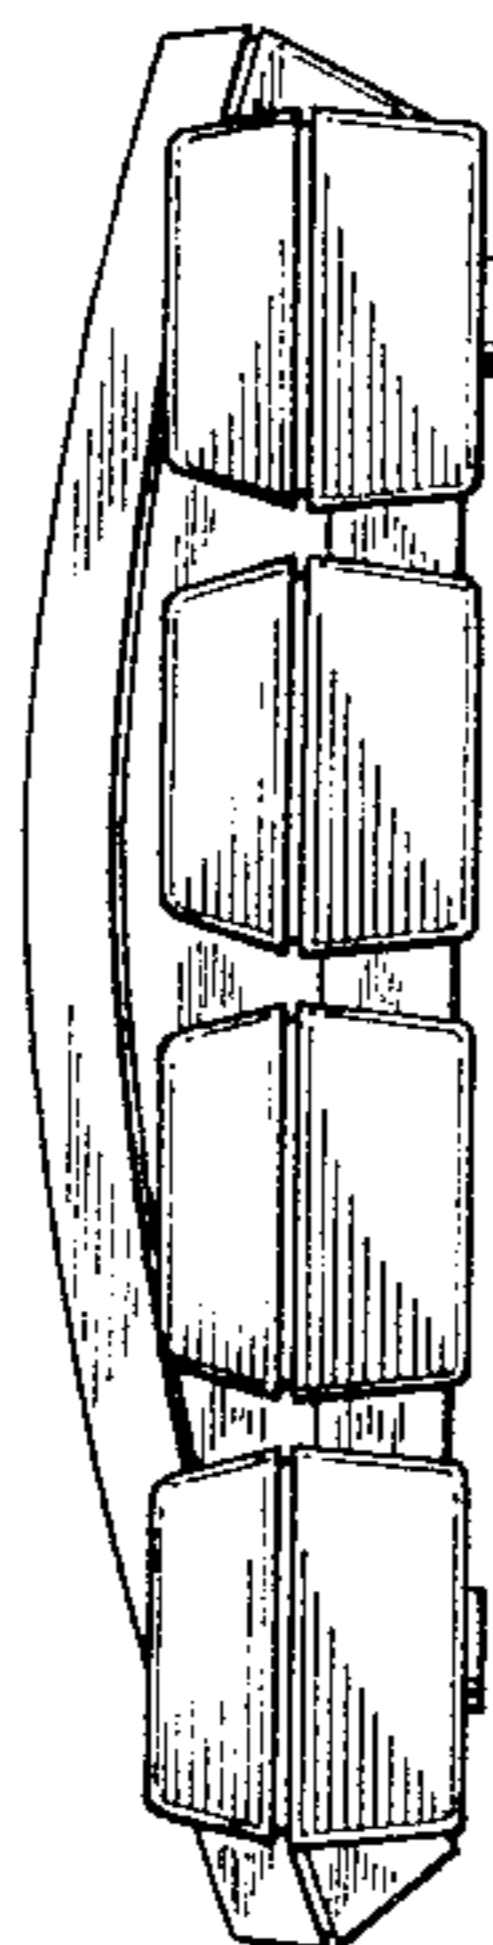

FIG. 3 is an elevational view of the side thereof opposite to that shown in FIG. 1;

FIG. 4 is a bottom elevational view thereof opposite to the top end shown in FIG. 1;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is an elevational view of the side thereof shown in FIG. 1; and

FIG. 7 is an inverted elevational view of the top end thereof.
