[57] CLAIM

The ornamental design for a computer housing, or similar article substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a computer housing or similar article showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a side elevational view thereof as seen from the left;

FIG. 6 is a side elevational view thereof as seen from the right;

FIG. 7 is a front, right side perspective view thereof on a reduced scale;

FIG. 8 is a front perspective view thereof on the scale of FIG. 7, but set in a vertical orientation. A keyboard and video terminal are shown in phantom lines as exemplary of the preferred environment.

A pair of disk drive front panels have, by means of phantom lines, been shown installed within a corresponding opening in the computer housing; however, it should be understood that said disk drive front panels are not an integral part of said computer housing although they are part of its preferred environment.
