[57] CLAIM

The ornamental design for an appliance holder for attachment to a work table, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the appliance holder for attachment to a work table or similar article showing my design; and

FIG. 2 is a side view of the appliance holder for attachment to a work table or similar article shown in FIG. 1. The rear face of the appliance holder which attaches to a work table has conventionally flat and unadorned surfaces. The side of the appliance holder not shown and opposite to the side shown in FIG. 2 is a substantial mirror image of the side shown in FIG. 2.

The broken lines which depict a word 1 and 2 are for illustrative purposes only.
