[57] CLAIM

The ornamental design for a portable combined cassette player, tuner, amplifier and speakers, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a portable combined cassette player, tuner, amplifier and speakers showing my new design;

FIG. 2 is a view like FIG. 1 with the handle in stored position and the cassette player detached;

FIG. 3 is a top plan view with the handle in stored position and the cassette player inserted;

FIG. 4 is a view like FIG. 3 of the combined cassette player, tuner, amplifier and speakers in the condition of FIG. 2;

FIG. 5 is a rear elevational view of the combined cassette player, tuner, amplifier and speakers in the condition of FIG. 1;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a right side elevational view thereof with the handle omitted for convenience of illustration;

FIG. 8 is a left side elevational view thereof;

FIG. 9 is a front elevational view of the combined cassette player, tuner, amplifier and speakers with the handle in stored position and the speakers detached;

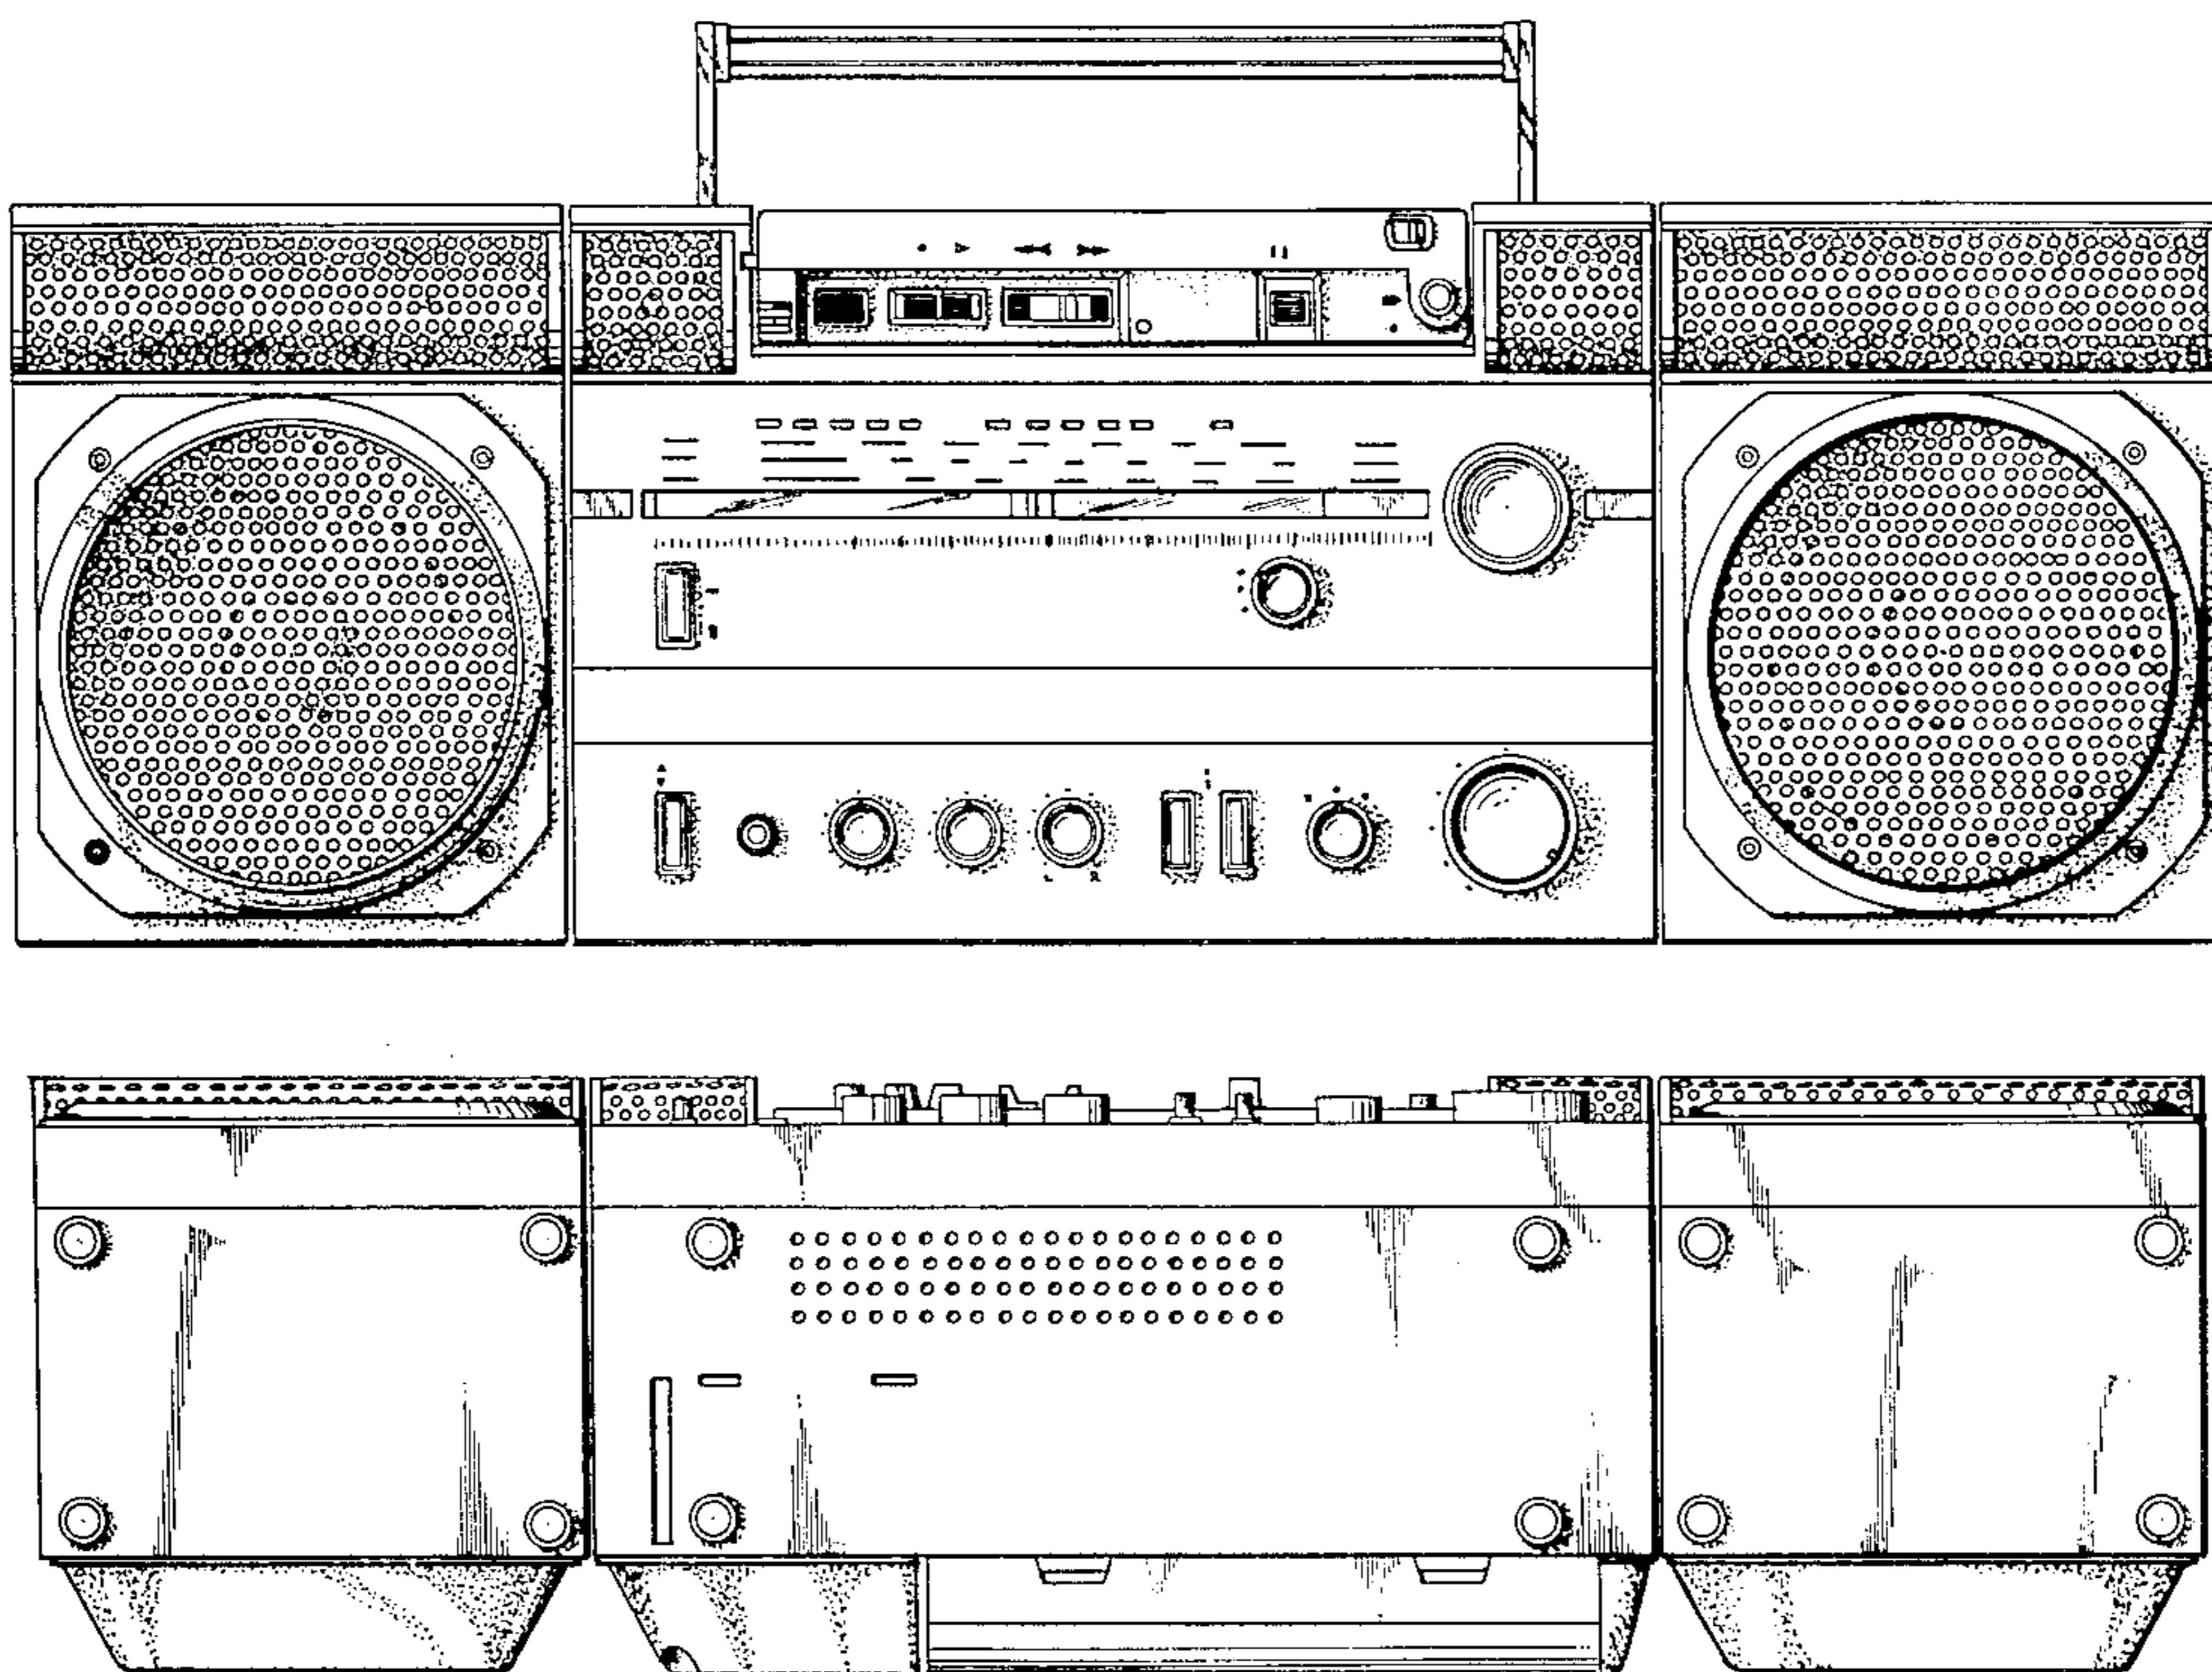

FIG. 10 is a front elevational view thereof with the right speaker detached;

FIG. 11 is a right side elevational view of the central unit in the condition of FIG. 9 with the handle omitted for convenience of illustration;

FIG. 12 is a left side elevational view thereof;

FIG. 13 is a right side elevational view of the left speaker in the condition of FIG. 9; and

FIG. 14 is a left side elevational view of the right speaker in the condition of FIG. 9.
