[57] CLAIM

The ornamental design for a videoconferencing console with multiple video transmitting and receiving devices, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a videoconferencing console with multiple video transmitting and receiving devices showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a right side elevational view thereof; and FIG. 4 is a left side elevational view thereof. The rear of the cabinet portion is substantially flat and unornamented.

FIG.2.

FIG.3.

FIG.4.
