[57] CLAIM

The ornamental design for a tricycle for a child with a rider-simulating doll mounted thereon, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tricycle for a child with a rider-simulating doll mounted thereon taken from the front and right side showing our new design; FIG. 2 is a rear elevation view thereof; and FIG. 3 is a top plan view thereof. The left side of the tricycle is substantially a mirror image of the right side shown in FIG. 1.
