[57] CLAIM

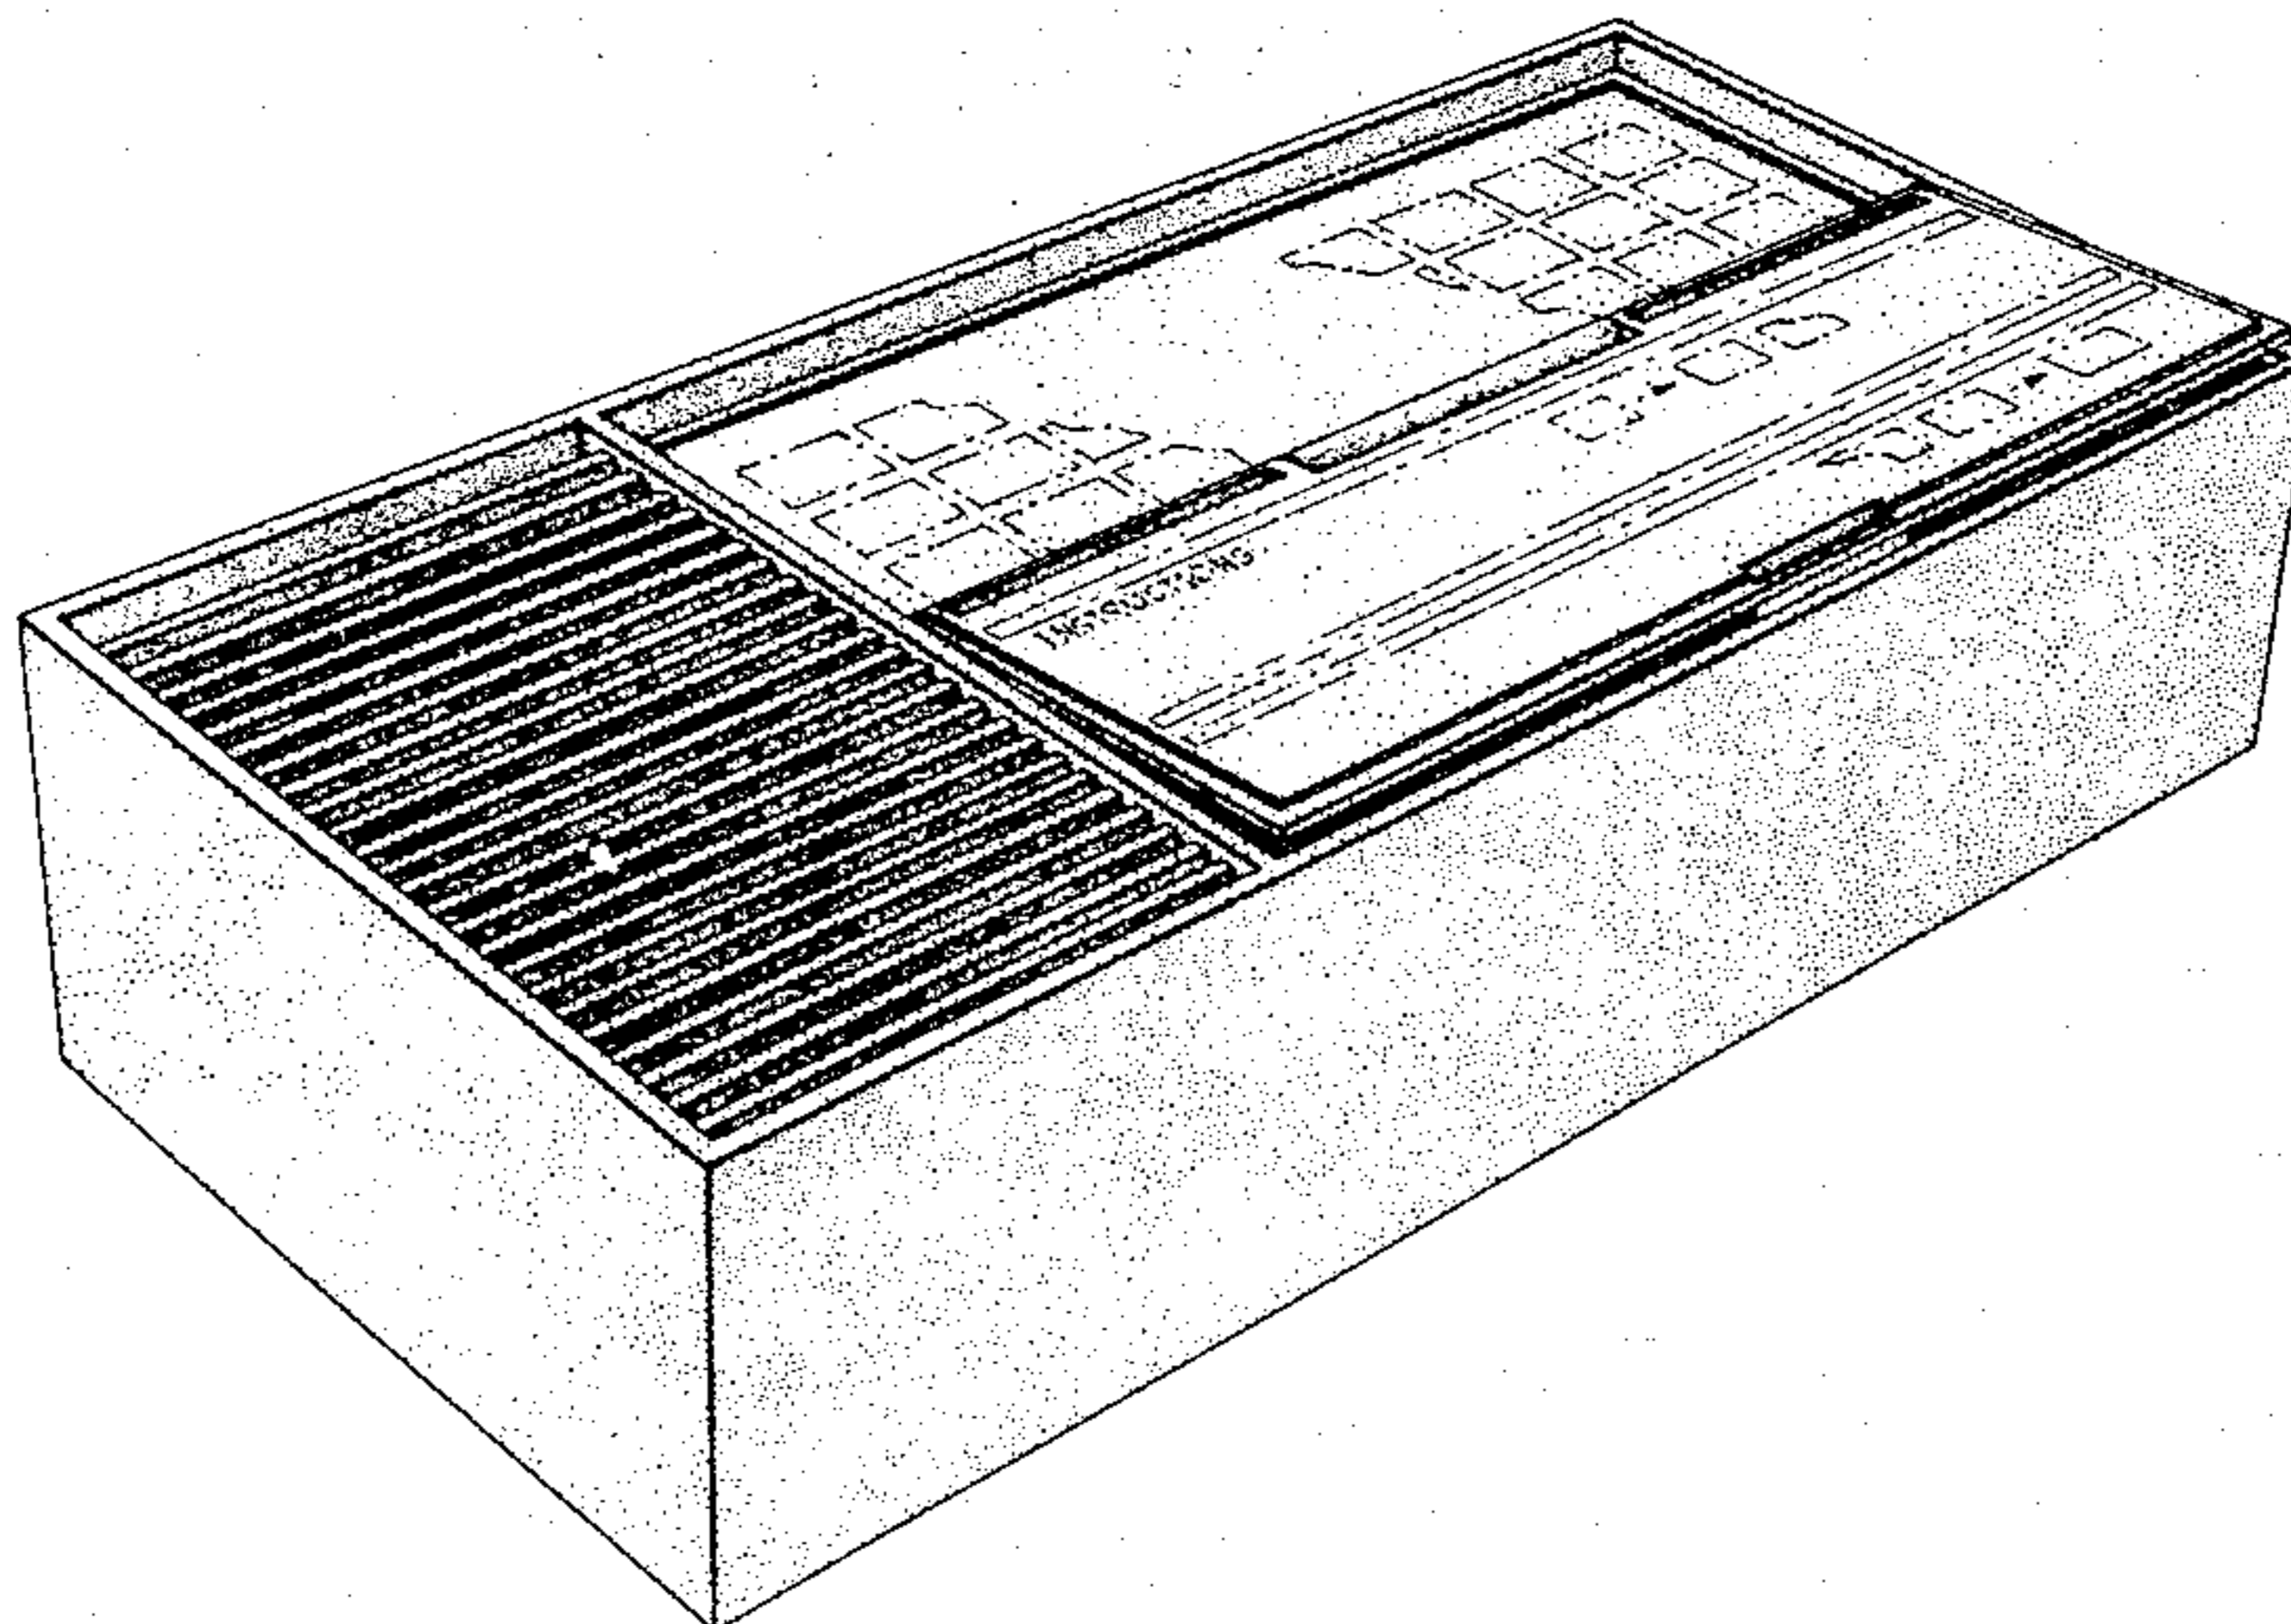

The ornamental design for a telecommunications sys-
tem console or similar article, substantially as shown
and described.

DESCRIPTION

FIG. 1 is a perspective view of a telecommunications
system console or similar article embodying our new
design, the console having a door that is shown in its
open position;

FIG. 2 is a top plan view with the door in its closed
position, the broken line showing here is for illustrative
purposes only and form no part of the claimed design;
FIG. 3 is a right side view, the left side being a mirror
image of the side shown; and

FIG. 4 is a front elevational view, the rear being a mir-
ror image of the front side shown.

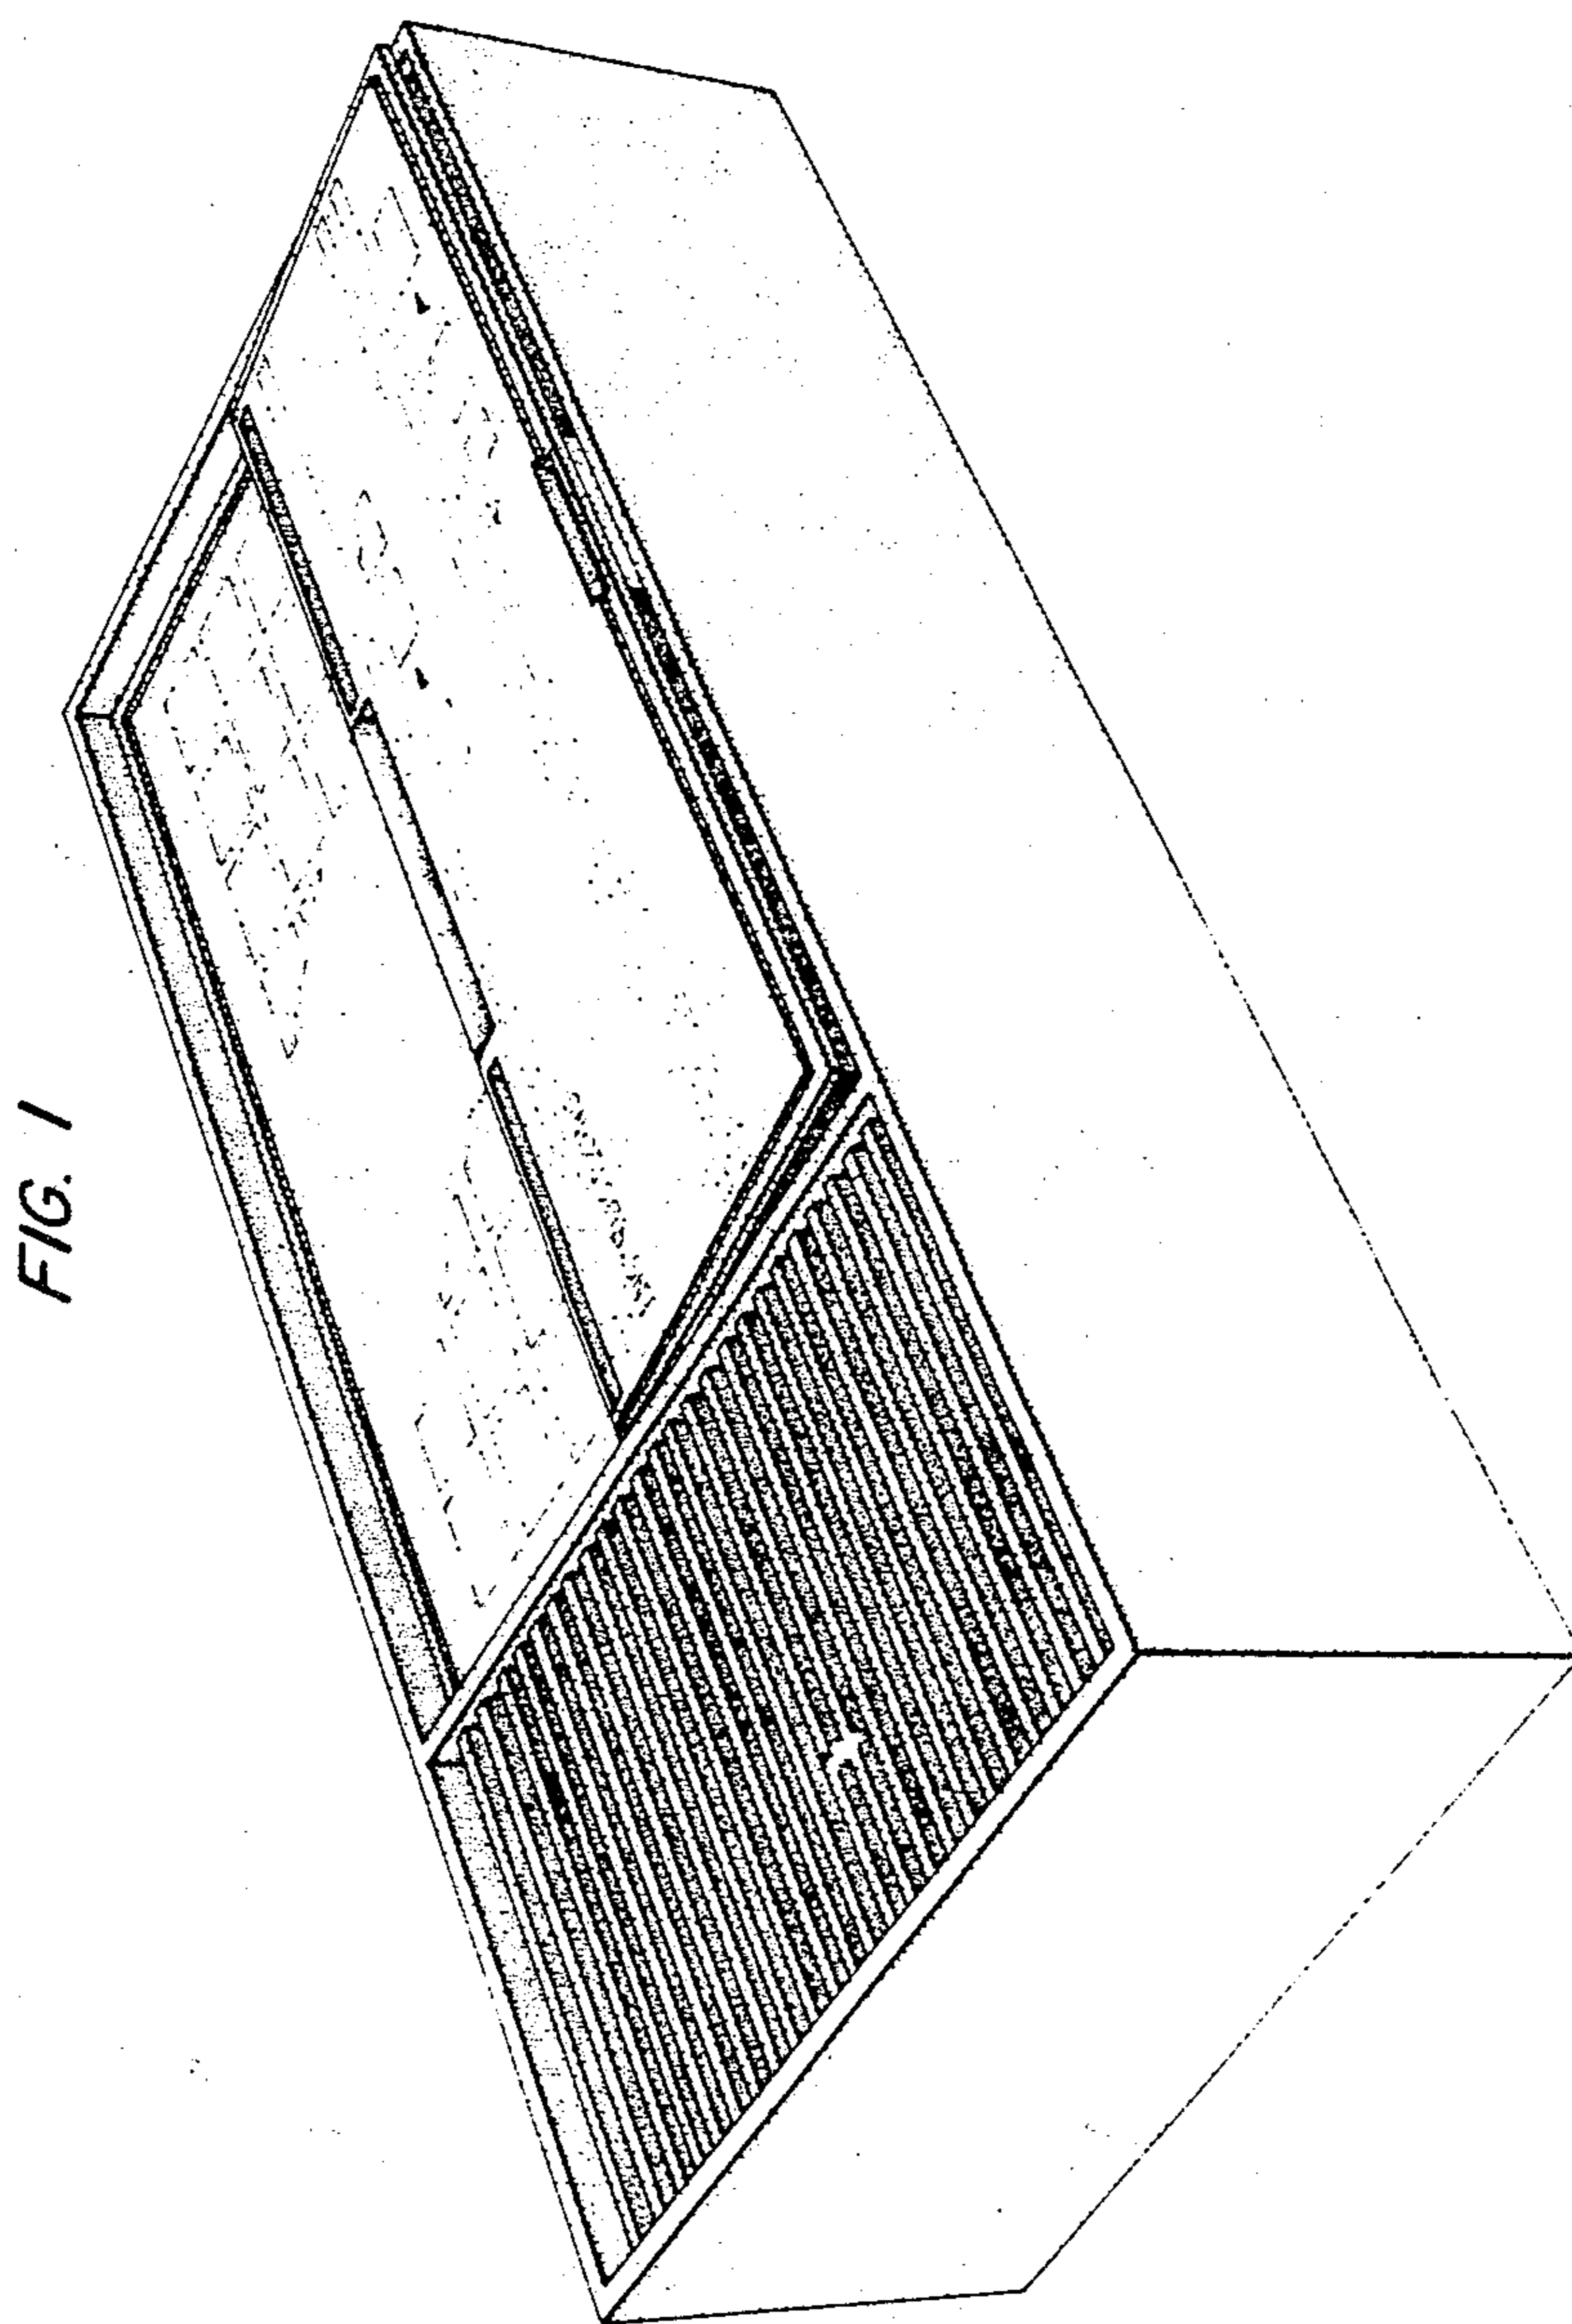

FIG. 1

FIG. 2

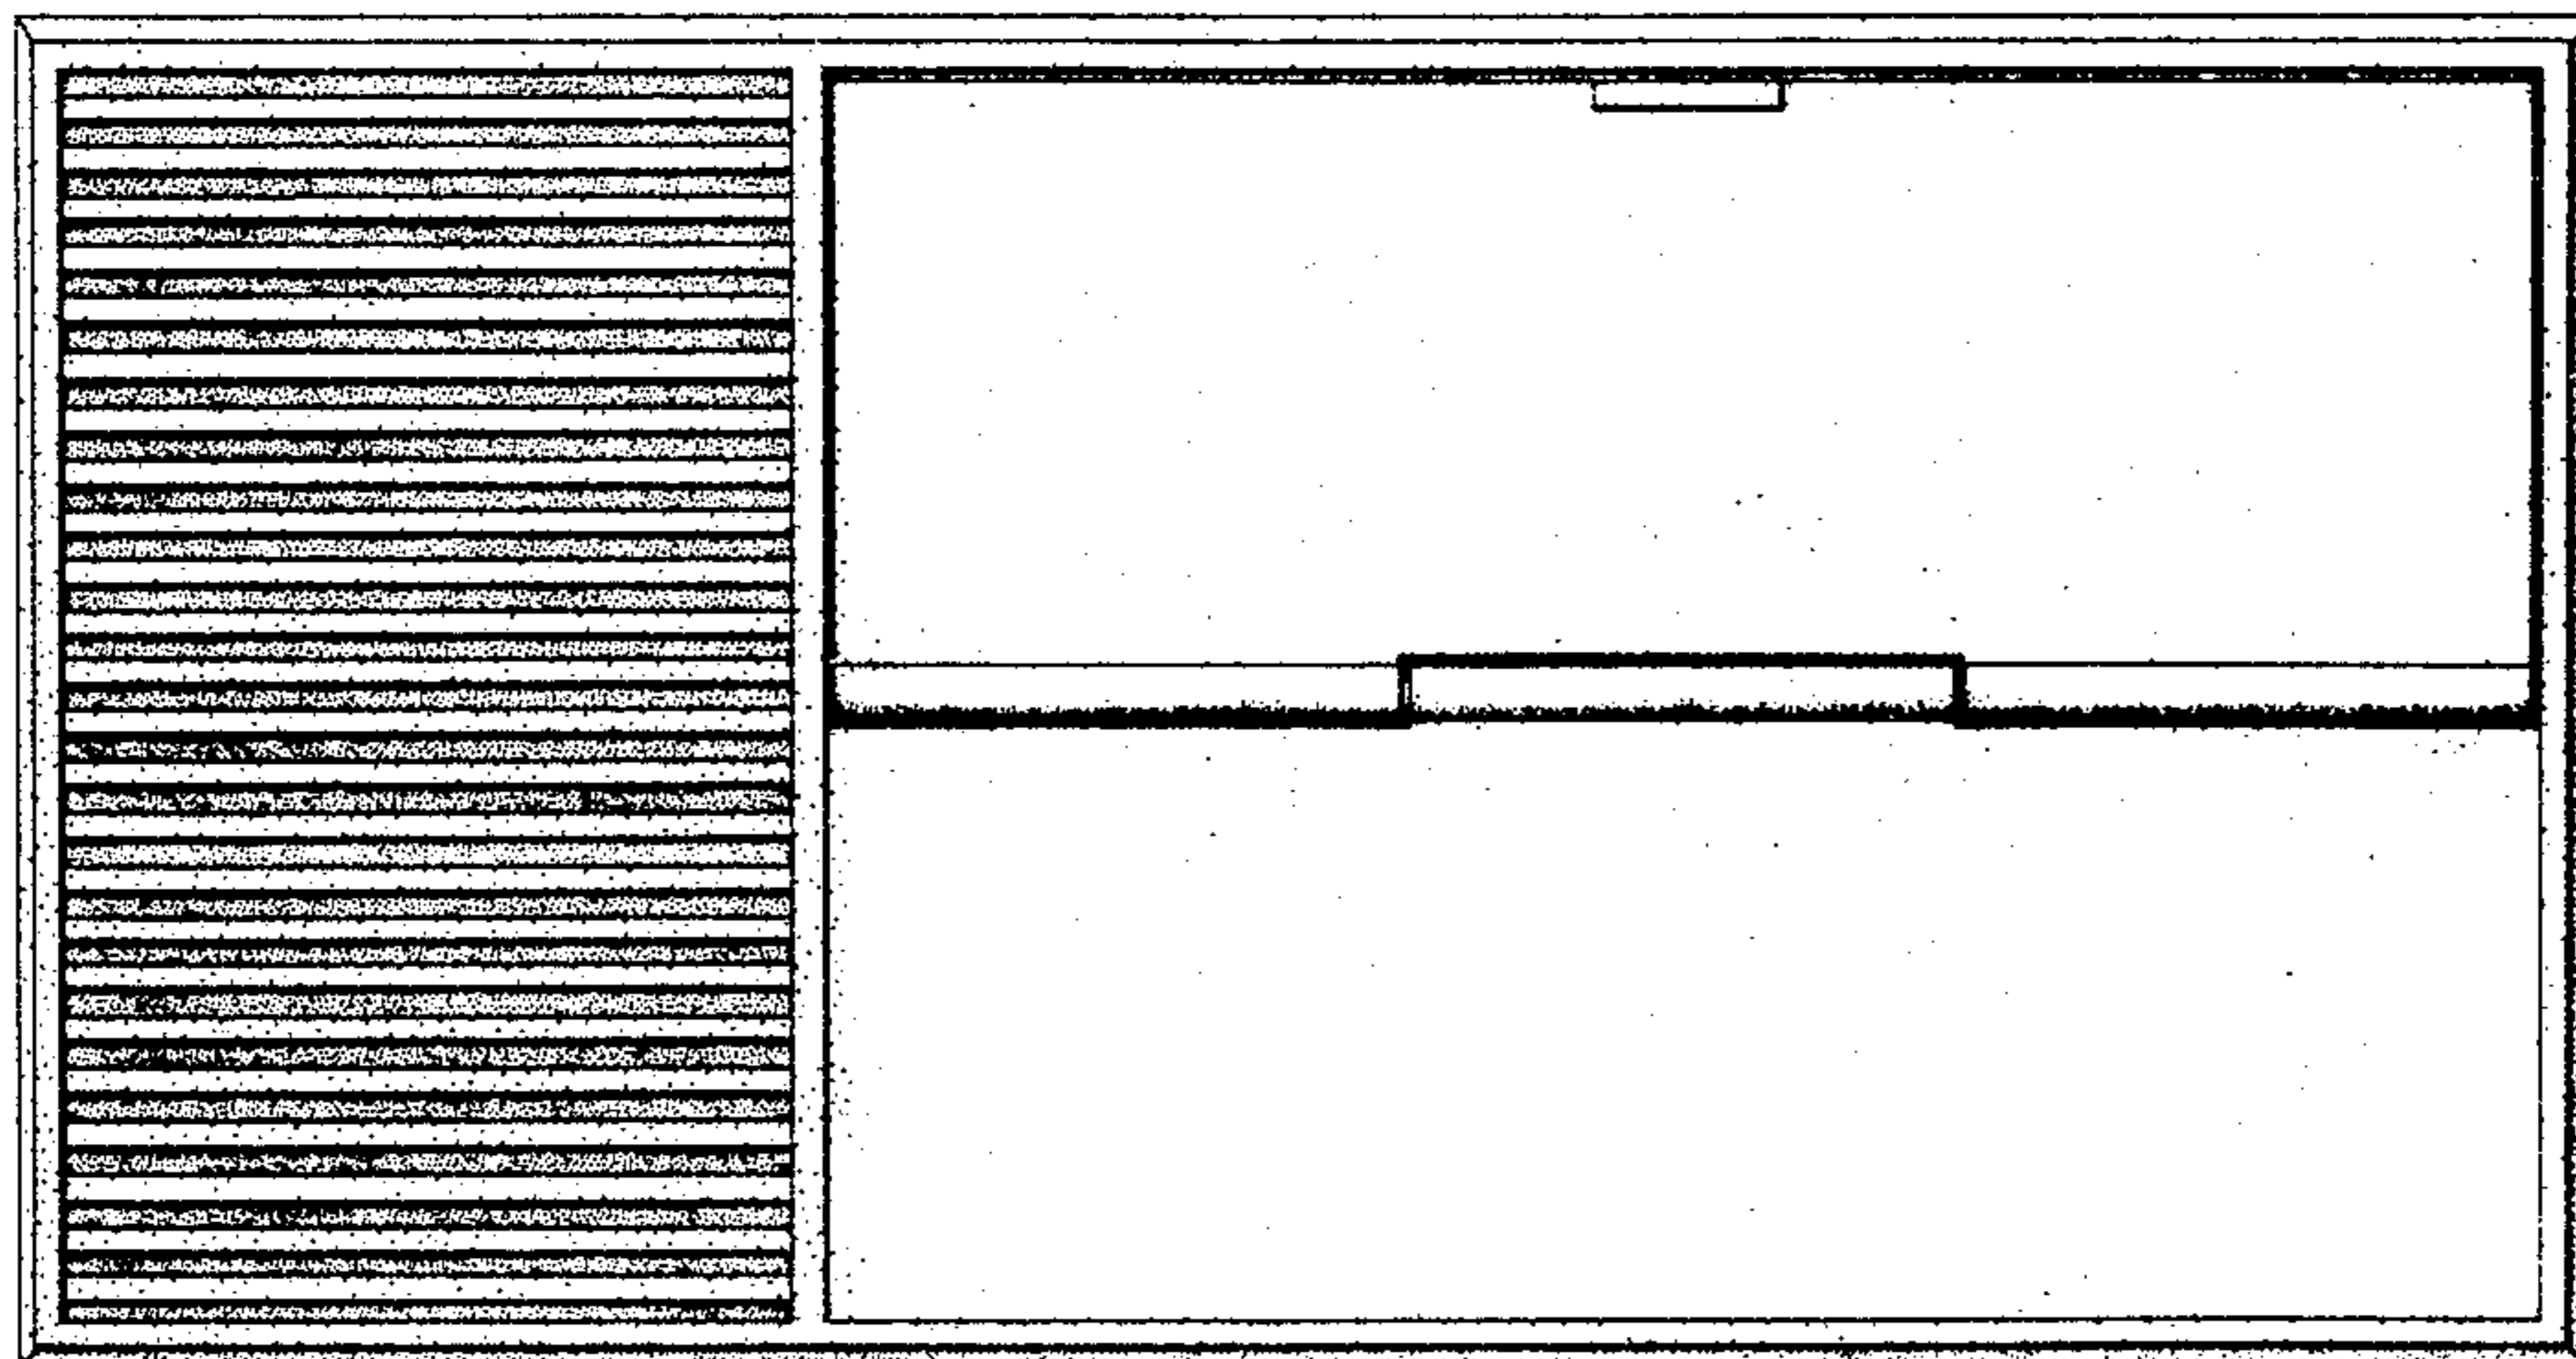

FIG. 3

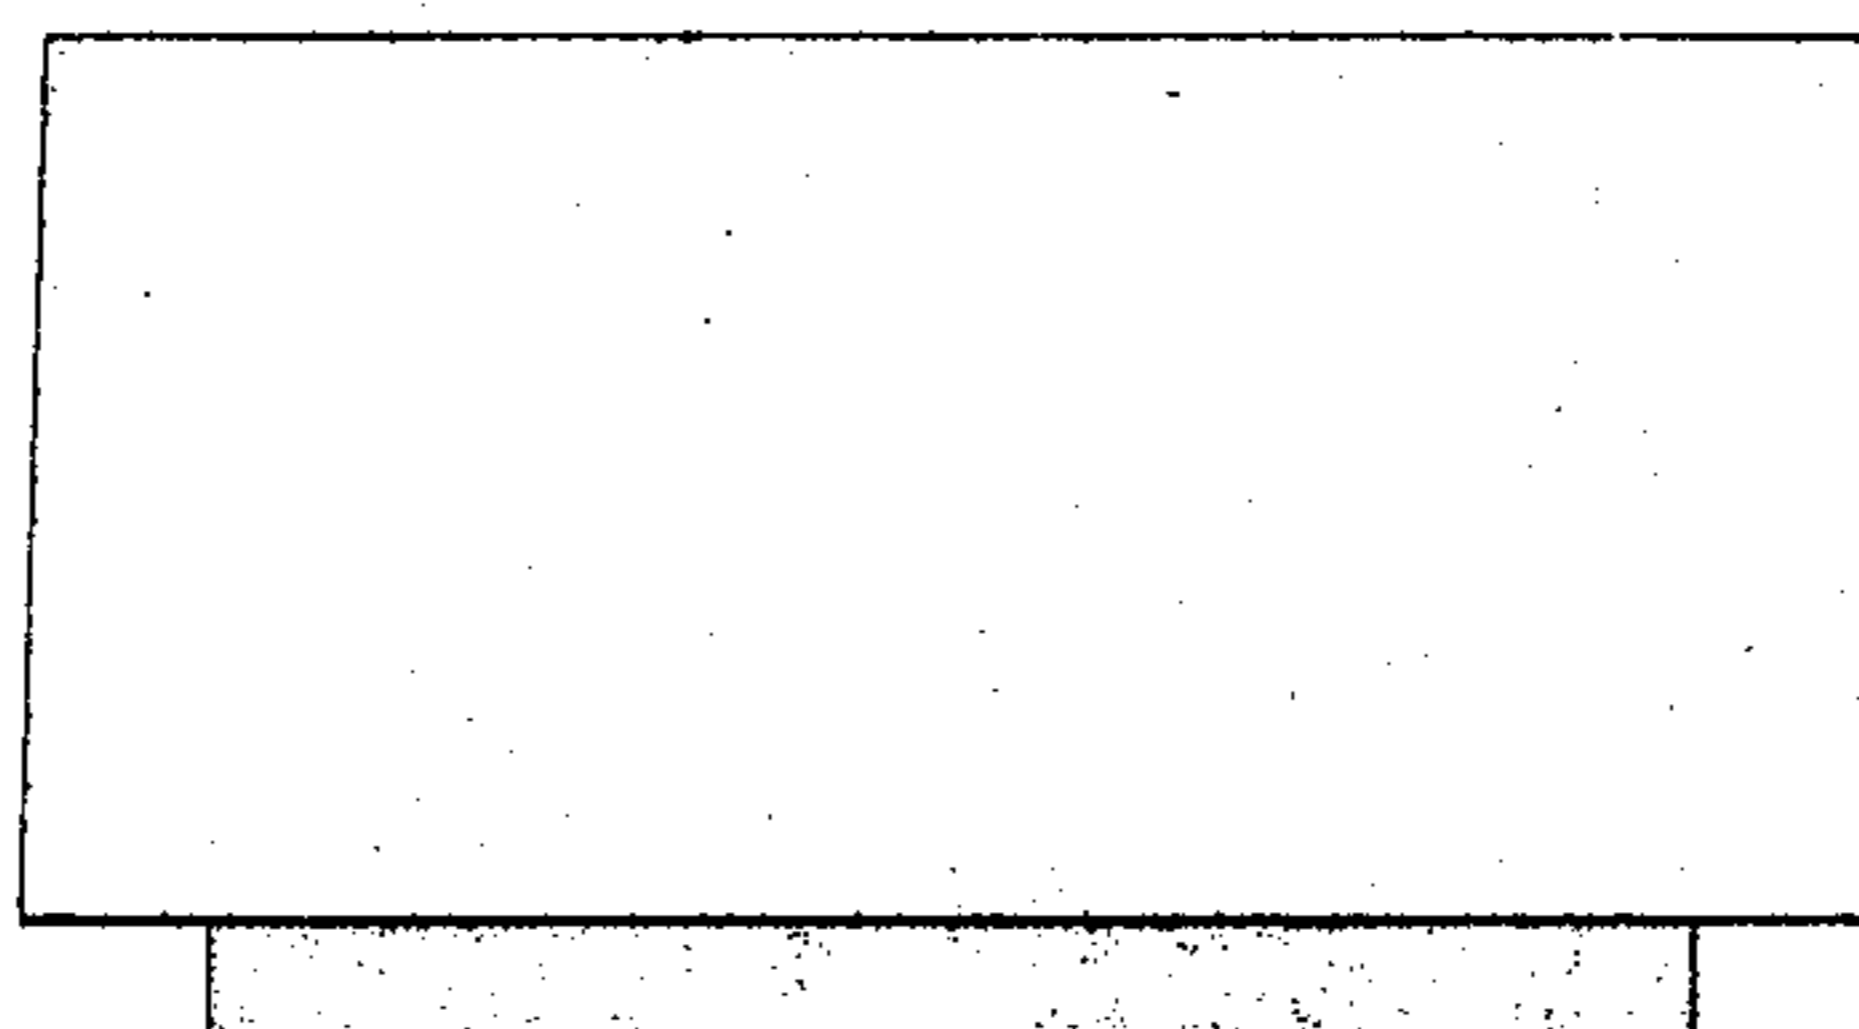

FIG. 4
