[57] CLAIM

The ornamental design for processor for a portable recirculatory hemodialysis unit, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a processor for a portable recirculatory hemodialysis unit, showing our new design;
 FIG. 2 is a left side elevational view thereof;
 FIG. 3 is a right side elevational view thereof;
 FIG. 4 is a top plan view thereof;
 FIG. 5 is a bottom plan view thereof;
 FIG. 6 is a rear elevational view thereof;
 FIG. 7 is a front elevational view of a second embodiment of a processor for a portable recirculatory hemodialysis unit;
 FIG. 8 is a left side elevational view thereof;
 FIG. 9 is a right side elevational view thereof;
 FIG. 10 is a top plan view thereof;
 FIG. 11 is a bottom plan view thereof;
 FIG. 12 is a rear elevational view thereof.
