[57] **CLAIM**

The ornamental design for a writing instrument with faceted trim rings, substantially as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a writing instrument with faceted trim rings showing our new design, the instrument being circular in cross-section throughout; FIG. 2 is an enlarged sectional view taken along the line 2—2 of FIG. 1; FIG. 3 is an enlarged end view of the instrument shown in FIG. 1 taken from the left side thereof; FIG. 4 is an enlarged end view of the instrument shown in FIG. 1 taken from the right side thereof; FIG. 5 is an enlarged side view of the ring at the left hand end of FIG. 1, the ring at the right hand end being of the same shape; and FIG. 6 is an enlarged side view of the faceted ring located intermediate the ends of the instrument shown in FIG. 1.
