[57] CLAIM

The ornamental design for a video terminal or similar article, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a video terminal or similar article showing my new design;
 FIG. 2 is a right side elevational view thereof;
 FIG. 3 is a top plan view thereof;
 FIG. 4 is a bottom plan view thereof;
 FIG. 5 is a left side elevational view thereof, the screen being tilted forwardly relative to the base;
 FIG. 6 is a right side elevational view thereof, the screen being tilted rearwardly relative to the base;
 FIG. 7 is a front perspective view thereof on a reduced scale, the screen being turned to one side;
 FIG. 8 is a rear perspective view thereof on a reduced scale, a power switch, fuse and power cable being shown in broken lines for illustrative purposes only.
