[57] CLAIM

The ornamental design for a combined bin valve and conveyor duct section for pressurized delivery systems, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view, viewed from the front side and below, of a combined bin valve and conveyor duct section for pressurized delivery systems showing our new design;

FIG. 2 is a front side elevation view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is an end elevation view thereof viewed from the downstream end;

FIG. 5 is an end elevation view thereof viewed from the upstream end;

FIG. 6 is a bottom view thereof; and

FIG. 7 is an exploded perspective view viewed from the rear side and above, with the valve member and top cover plate exploded from the conveyor duct section.
