[57] CLAIM

The ornamental design for a lip portion of an upwardly open food container, as shown and described.

#### DESCRIPTION

FIG. 1 is a top perspective view of a lip portion of an upwardly open food container showing my new design, with the body of the container shown in broken lines for illustrative purposes only;

FIG. 2 is a bottom perspective view thereof;

FIG. 3 is a side elevational view thereof, the opposite side being a mirror image thereof;

FIG. 4 is an end elevational view thereof, the opposite end being a mirror image thereof;

FIG. 5 is a top perspective view of a second embodiment of that shown in FIG. 1, with the body of the container shown in broken lines for illustrative purposes only;

FIG. 6 is a bottom perspective view thereof;

FIG. 7 is a side elevational view thereof, the opposite side being a mirror image thereof;

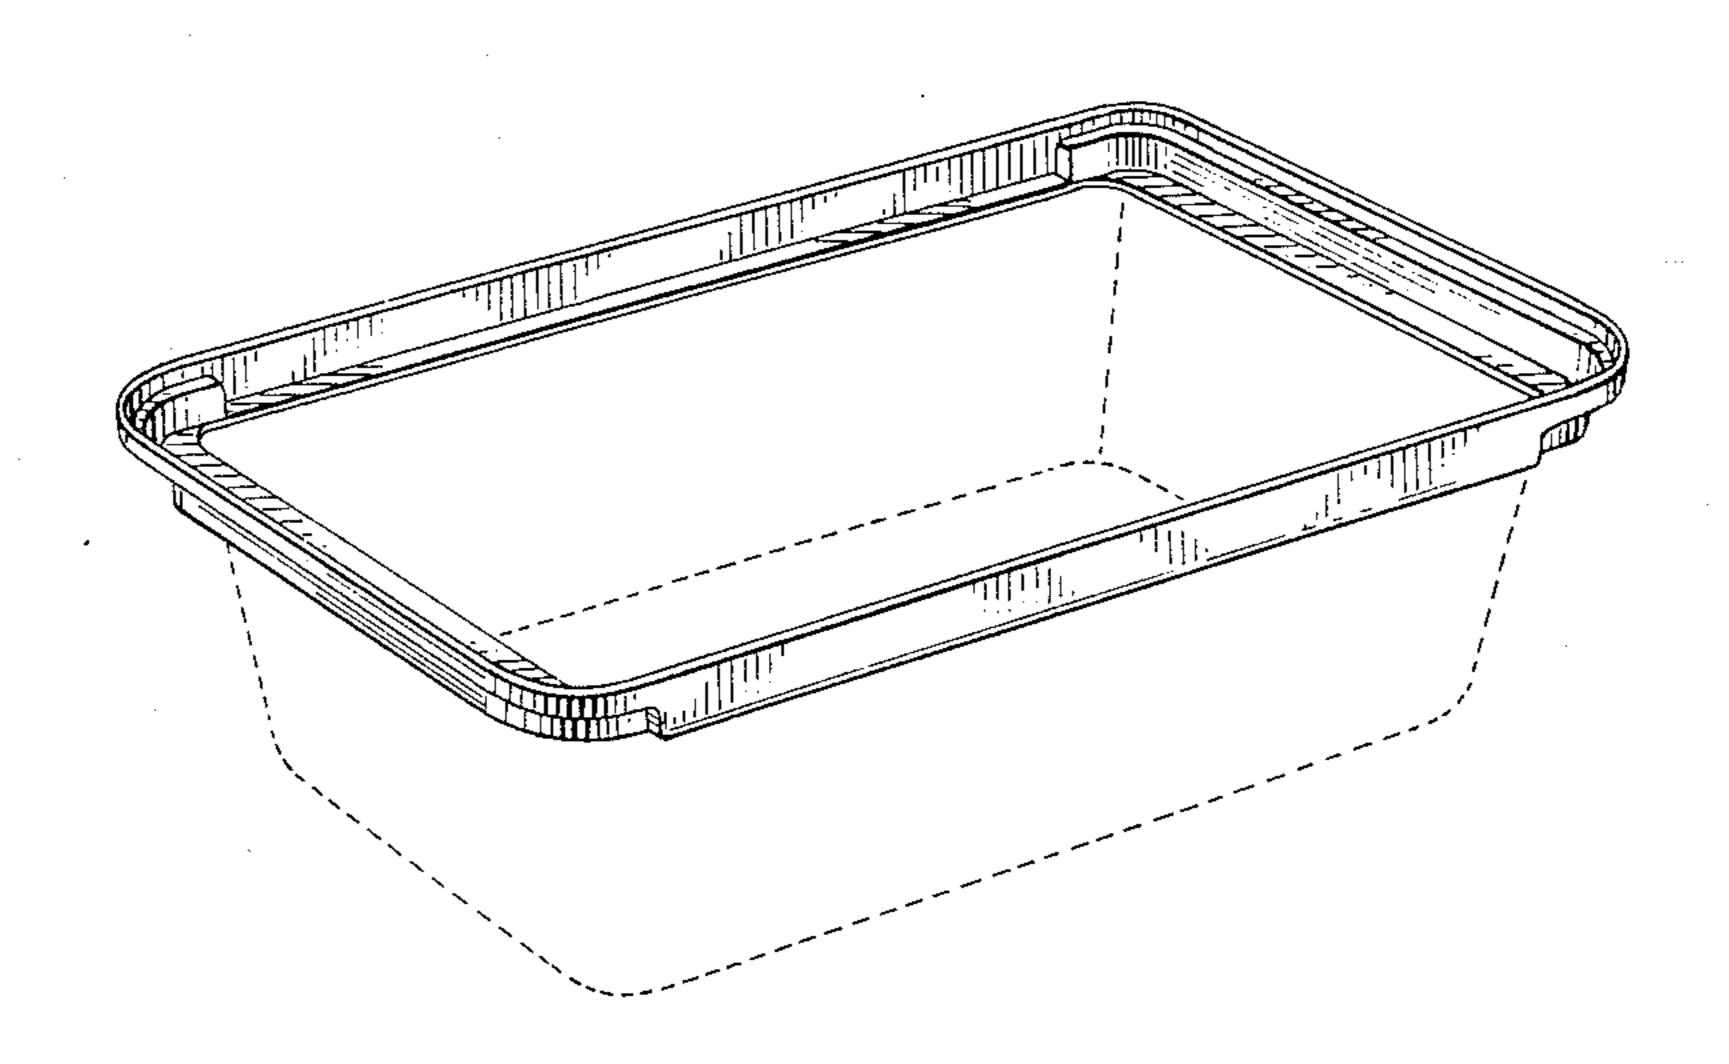

FIG. 8 is an end elevational view thereof, the opposite side being a mirror image thereof;

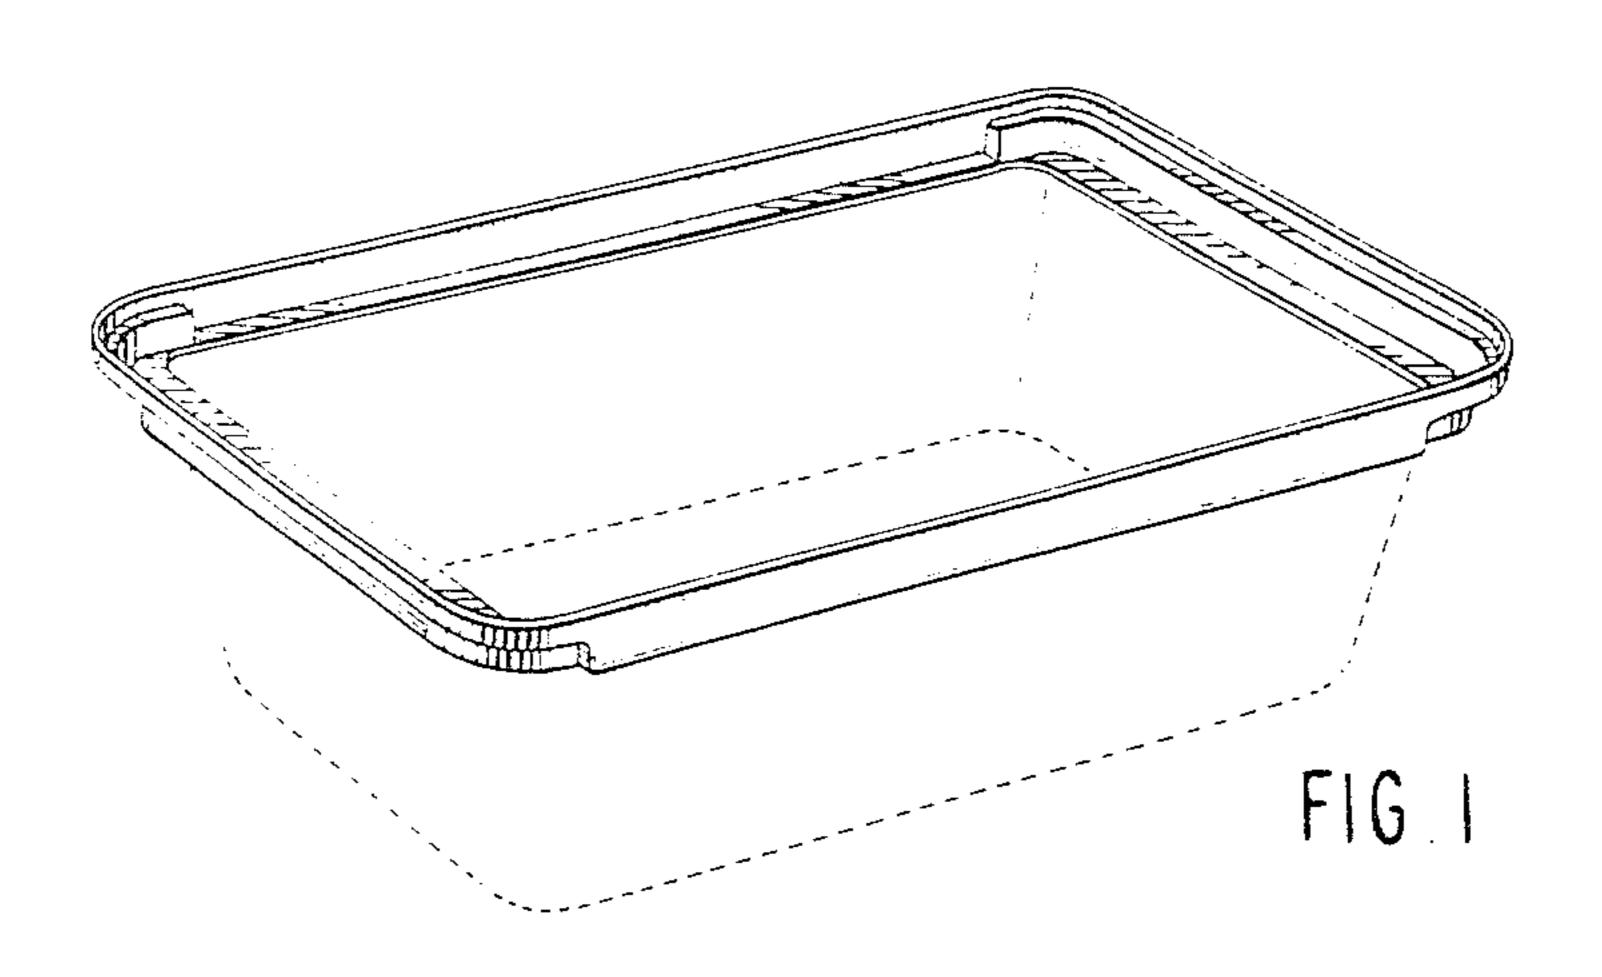

FIG. 9 is a top perspective view of a third embodiment of that shown in FIG. 1, with the body of the containers shown in broken lines for illustrative purposes only;

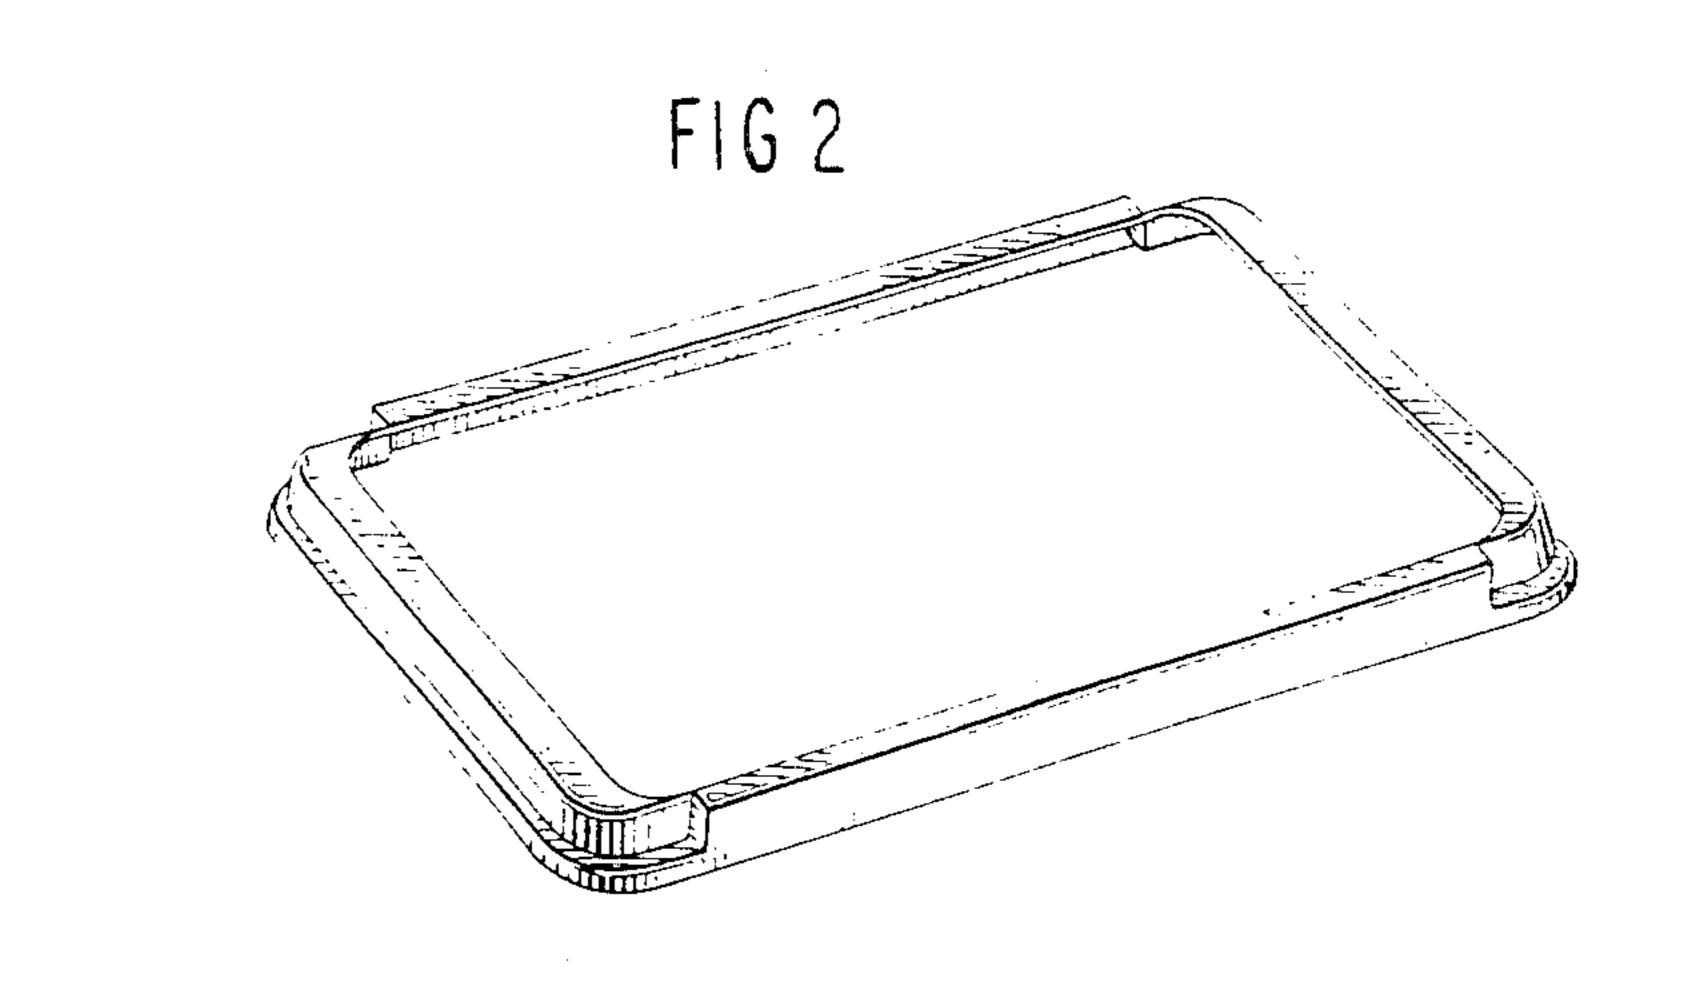

FIG. 10 is a bottom perspective view thereof;

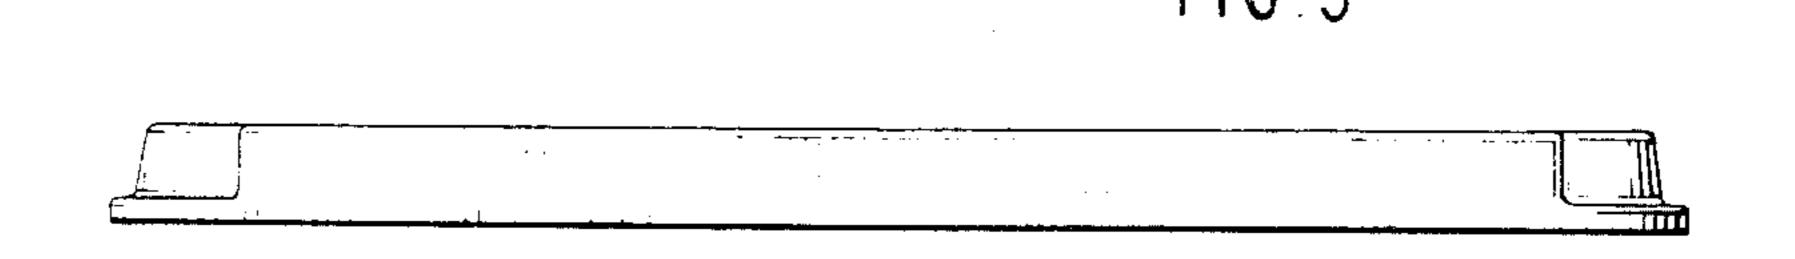

FIG. 11 is a side elevational view thereof, the opposite side being a mirror image thereof;

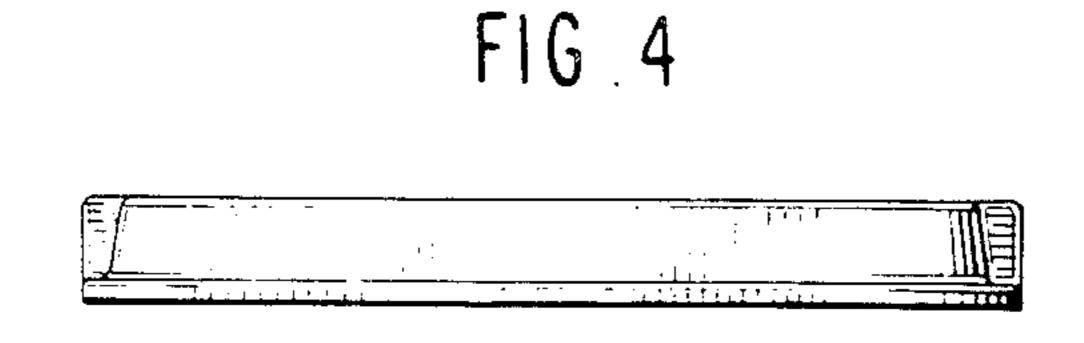

FIG. 12 is an end elevational view thereof, the opposite side being a mirror image thereof.

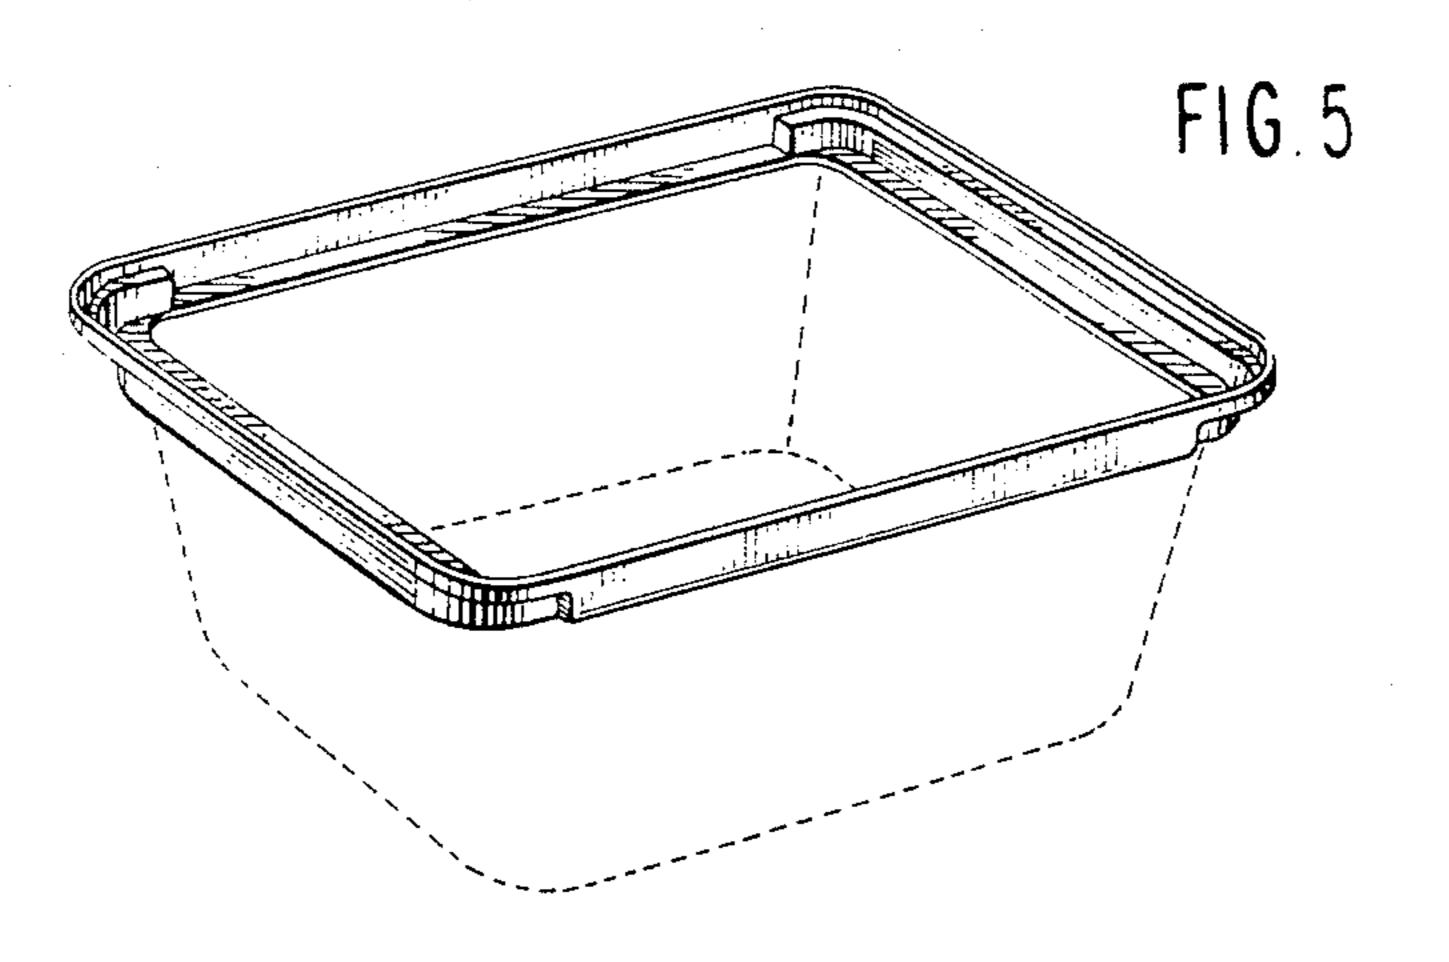

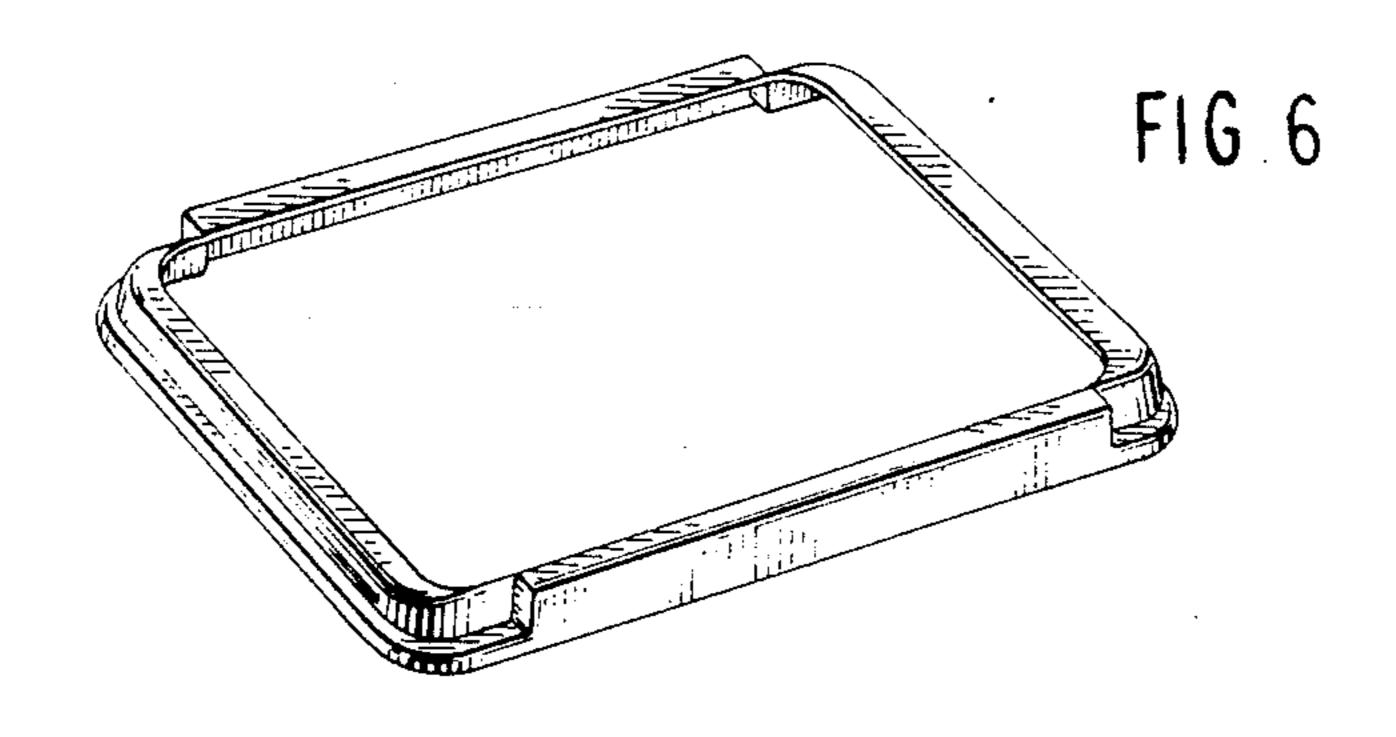

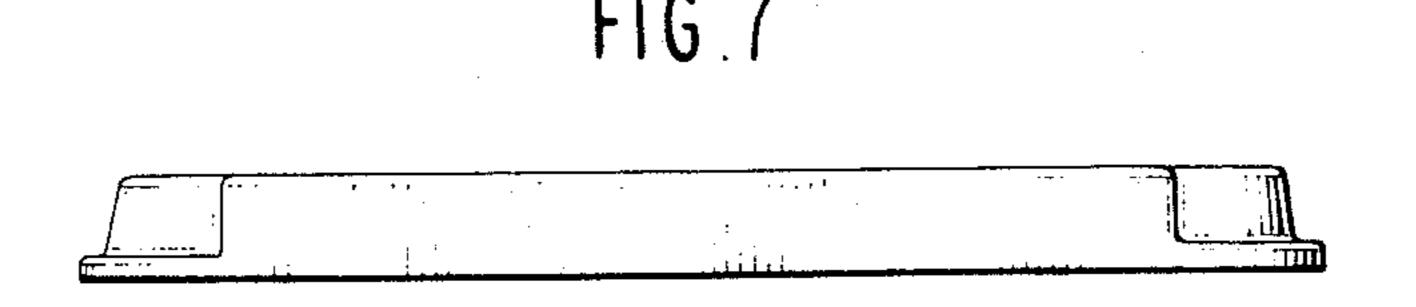

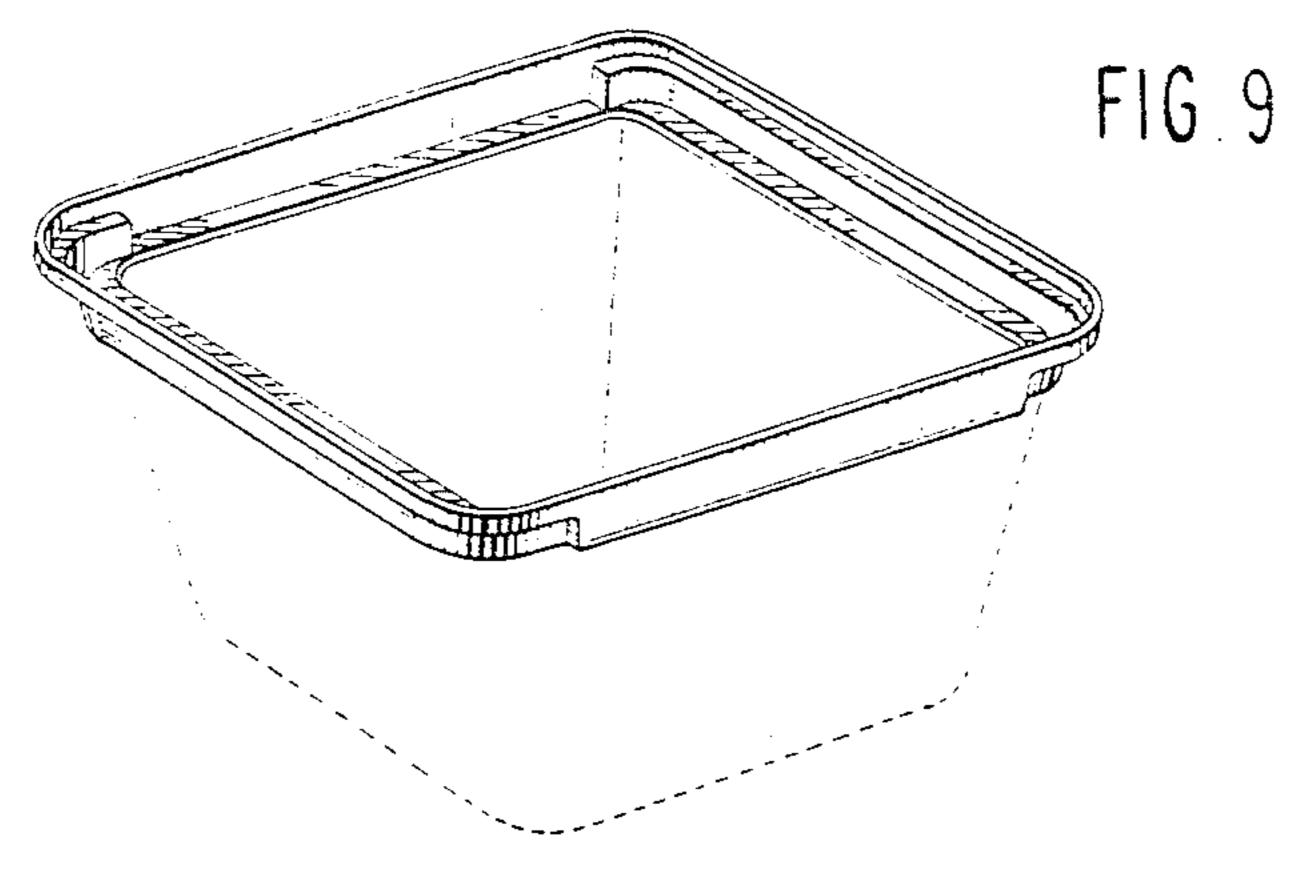

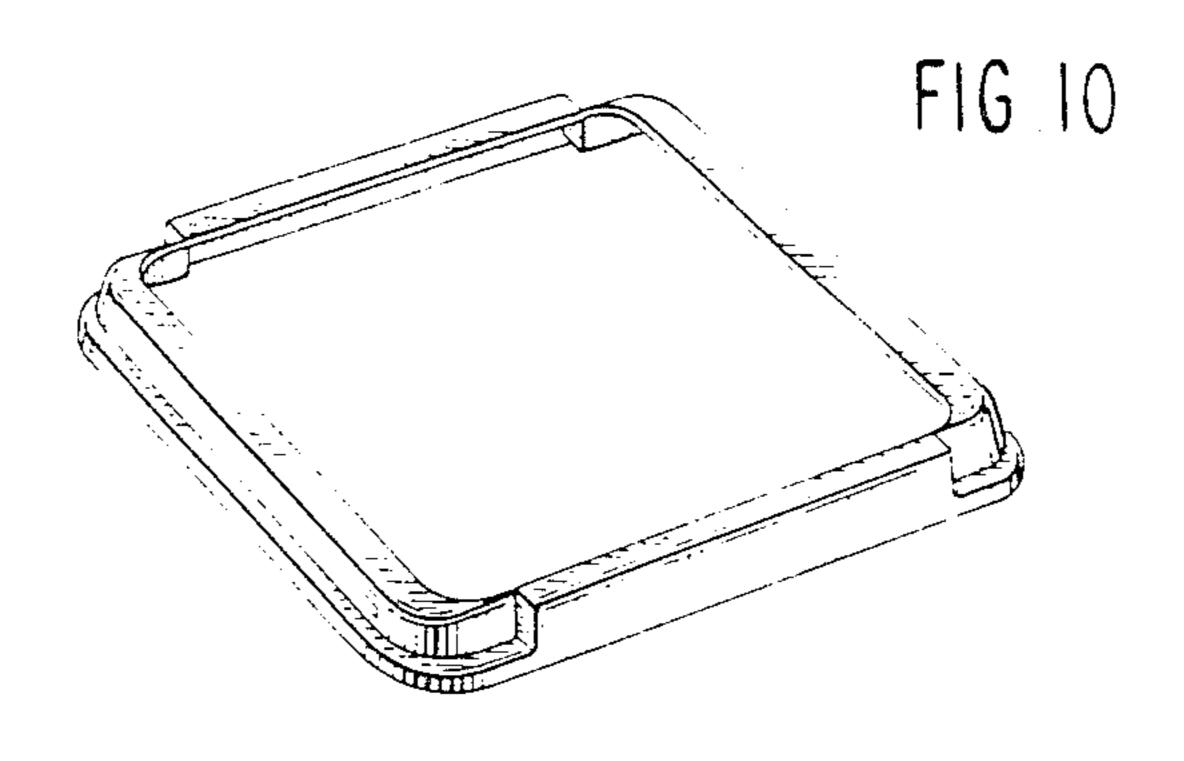

FIGIII

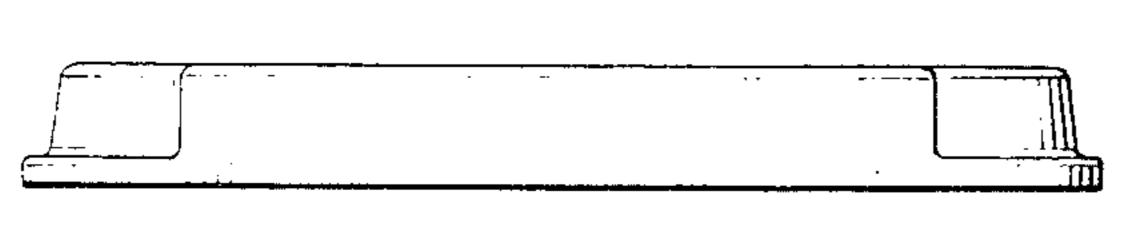

FIG. 12
